

Have you lost your pet?

Here are some steps you can take to help your family member return home quickly...

Check local shelters daily

Check with both local shelters every day and try to visit in person at least once every other day. Be sure to ask if there are rooms not generally open to the public where your pet might be.

Alert your neighbors!

You should also hang signs with your pet's photo and a brief description in your neighborhood and any local convenience stores. Talking to your neighbors is also helpful.
