Re: **Roadway System Pavement Ratings**

Each member of the Board of Supervisors is receiving with this memorandum two copies of a booklet containing maps that display subdivisions and the pavement condition ratings of the subdivision/local roads within their District. We have also included spreadsheets summarizing the pavement ratings of these local roads. The information is presented alphabetically by street name and subdivision name. This information will facilitate your review of the conditions of local roads in your district and will be helpful to any advisory committee that would oversee pavement repair and rehabilitation programs.

Please contact me if you have any questions regarding this information.
