Date: July 3, 2013

To: The Honorable Chairman and Members  
Pima County Board of Supervisors

From: C.H. Huckelberry  
County Administrator 

Re: **Proposed Vail Incorporation**

Attached is a map indicating the Town of Vail would be obligated to maintain approximately 70 miles of streets and highways the County is currently maintaining if they are successful in their incorporation.

The Vail incorporation budget proposal indicates the County would bid against others for services; this is not the case. The County will not bid for services if the Town of Vail is successful in its incorporation and desires our services. The Town will pay actual cost, including appropriate overhead and administrative costs if they desire County services. However, they are free to contract with any other entity or agency for services.
