

MEMORANDUM

Date: October 28, 2014

To: Linda Mayro, Director
Conservation and Sustainability

From: C.H. Huckelberry
County Administrator 

Re: **Tucson-Apache 115-kV Transmission Line Access Road of the Western Area Power Administration through Tumamoc Hill**

You recently indicated this transmission line pole replacement was given a categorical exemption in the National Environmental Policy Act process.

Please obtain any information available regarding this categorical exemption and determine if, in the exemption, it was disclosed the amount of work contemplated in developing the access road; specifically, the extensive drainage crossing improvements proposed on Tumamoc Hill.
