

**NOTICE
PUBLIC MEETING
OF THE
PIMA ANIMAL CARE CENTER ADVISORY COMMITTEE**

MARCH 20, 2014 - 5:30 P.M.

**Piina Animal Care Center
4000 N. Silverbell Road - Administration Building
(520) 243-5934**

www.pima.gov/animalcare

Should you require ADA accommodations, please contact the Pima Animal Care Center at 243-5934 five (5) days prior to the meeting.

Functions of the Committee

1. Serve in an advisory capacity to the Board, and to the Manager of the Pima Animal Care Center; and
2. Review and evaluate the operations of the Center to make recommendations in writing to the Board for the formulation of guidelines to assure that:
 - A. The Center's operations are conducted in the best interest of the public health and safety; and
 - B. The Center keeps pace with the most modern practices and procedures of animal care and welfare; and
3. Review complaints from the public concerning policies of the Center and make recommendations for resolution to the proper authority.

AGENDA

- I. Call to Order
 - Roll Call
 - Establishment of Quorum & Pledge of Allegiance
- II. Adoption of the Minutes of the February 20, 2014 Meeting
- III. Call to the Audience
- IV. Reports
 - Operations for the Month Of February – (continued discussion)
 - Mary George Resignation
- V. Old Business
 - PACC Review of Animal Care Services – Subcommittee Update
 - Outreach Curriculum (Derek Marshall)
 - Employee Survey (Derek Marshall-continued discussion)
 - Ideas to Reduce Number of Dogs Coming into PACC (Peggy Watson-continued discussion regarding identification and return of dogs by officers)
 - Providing Monthly Committee Meeting Minutes & New Report to the Board of Supervisors
 - Flea/Tick Treatment
- VI. New Business
 - Adoption Program
 - Schedule and Number of DOC Inmates
 - Redemption Fees
- VII. Animal Welfare and Dangerous Animal Cases for the Month of February

February 2014			
Welfare		Dangerous Dog

- VIII. In February, 1,234 donors donated \$16,705 along with food, treats and pet supplies to Pima Animal Care Center
- IX. Six (6) complaints and one (1) commendation were received by staff.
- X. Call to the Audience
- XI. Announcements & Schedules
- XII. Next Meeting – April 17, 2014
- XIII. Adjournment

Copies of this agenda are available upon request at the Pima Animal Care Center, 4000 N. Silverbell Rd, by calling 243-5934 or at www.pima.gov/animalcare

PIMA COUNTY ANIMAL CARE CENTER ADVISORY COMMITTEE MEETING MINUTES

February 20, 2014

PRESENT: Chair: Jack Neuman, PACC Volunteers
 Vice-Chair: Nancy Emptage, Animal Welfare Coalition
 Pat Hubbard, Humane Society of Southern Arizona
 Sophia Kaluzniacki DVM, ASPCA of AZ, Inc.
 Derek Marshall, Public Education
 Erin O'Donnell DVM, Southern AZ Veterinary Medical Association
 Gail Smith MD, Board of Health
 Margaret Watson, Tucson Kennel Club

ABSENT: Tamara Barrick, F.A.I.R.
 Mary George, Disabled Community
 Jane Schwerin, People for Animals in the Prevention of Cruelty and Neglect
 Angela Spencer, City of Tucson
 Kim Janes, Pima Animal Care Center

AGENDA ITEM	DISCUSSION	ACTION/FOLLOW-UP
I. CALL TO ORDER	The meeting was called to order at: 5:31	
II. PLEDGE OF ALLEGIANCE		
III. ADOPTION OF PAST MEETING MINUTES	Approval of Minutes for January 16, 2014.	After a motion duly made and seconded, the minutes of January 16, 2014 were approved.
IV. CALL TO THE AUDIENCE	<ul style="list-style-type: none"> • None 	
V. REPORTS	Operations-Manager's Report	
<ul style="list-style-type: none"> • Manager's Report 	Jose Ocano, the new Shelter Manager, was introduced to the committee and sat in for Mr. Janes who was absent. He relayed the total live release rate was 80% and the euthanasia rate was down to 36% for last month. Rescue and adoptions were up at 18% and 19% respectively. PACC needs to work on the return to owner rate.	
VI. OLD BUSINESS	<ul style="list-style-type: none"> • PACC Review of Animal Care Services 	Ongoing.

remarkable for PACC shelter staff and the volume of animals handled that are 2-3 times greater than the other communities. PACC reports the second lowest total annual budget and provides the widest array of services. On a per capita basis the PACC budget ranks third highest at \$6.34 per resident, Austin gets \$7.80 and Maricopa gets \$6.92. To increase the PACC budget to that of Maricopa County for the next fiscal budget requires an additional \$575 thousand. To match the City of Austin it would require an additional \$1.5 million added to the next fiscal budget. The survey highlights areas that might help PACC to improve budgeting like utilizing Arizona Game and Fish for wild animal calls which Maricopa and Clark Counties do. Initiate a GIS locating service and Twitter service like Maricopa County does for lost animals. To accelerate the live release rate Pima County could partner with store front models to improve adoptions like San Antonio and the Humane Society here.

The PACC Enforcement section ranks second in response times until the number of managers, dispatchers, and supervisors is factored in at which point PACC drops to second lowest. The other respondents do not factor this additional staff in. Basically PACC needs more money and staff to meet the demands for services and to bring Pima County more in line with the other compared cities and counties.

The study had limitations partly because there was no independent verification of the actual financial and statistical data provided by the respondents. The financial and staffing analysis were based on budgeted amounts and not actual data. There were no adjustments made for regional differences in wages, benefits, or other budgeted costs. All of the respondents provided enforcement/field services, shelter operation services, and communication/outreach services but the scope of some of these services differ from what is done in Pima County.

Dr. Smith provided table by table details of the comparison with the various other cities and counties and because it was a comparison there were variations between services provided or not provided. It was determined that PACC provides more services than most of the others. For example Maricopa County refers welfare investigations to other agencies and does not

routinely handle cats. PACC investigates animal waste and noise complaints and while with most of the other cities and towns other departments handled these complaints.

For shelter services PACC is the only city with one shelter site and as previously stated demand for shelter services for Pima County is 2-3 times greater. All of the cities and counties reported an increase in live release rates due to increased utilization of veterinary services and greater partnering with animal rescue groups, fosters, and interested parties within their communities. These issues have evolved out of the widespread adoption of the Assilomar Accords and therefore more animals are deemed adoptable and live release rates have increased.

All of the respondents complain of a lack of staff and actively seek grants and utilize volunteers. PACC and Maricopa county utilize Department of Corrections inmates to provide services. There was a brief discussion regarding the possibility of using female Pima County inmates and what is required.

Dr. Smith presented a detailed comparison of the budgeting and administrative costs and variations. PACC is under staffed/budgeted all the way around whether it's looked at per capita, or per animal. Dr. Smith encouraged all in attendance to attend the Bond Advisory Committee meeting tomorrow morning to support the PACC only bond proposal for the 2014 ballot.

There was a brief discussion of the PACC fee scheduled and whether PACC could take in more money. The discussion also included the waiving of fees to return animals to owners. Ms. Watson commented Clark county does not waive any fees and will set up a collections account to get fees owed.

Mr. Neuman commented with a comparative analysis you get variations like comparing apples and oranges.

Pima Paws for Life has started taking in sick animals. They have taken roughly 60 animals and PACC has about 15 in sick bay now. When they are returning or adopting out animals they are taking a comparable number out. Ms. Emptage asked if they are using PACC guidelines for the mandate to find suitable homes

Ongoing

- Status of Sick Bay Contract

for PACC animals. Per Mr. Ocano the animals are being outcomed as fosters and if they chose to keep the animal it is considered a transfer to a shelter. Discussion they have applied for non-profit status and they can screen potential adopters. The idea is the animals will be placed into a better situation for treatment and adoption. There is an application process according to Dr. O'Donnell for adoption.

- Outreach Curriculum and Employee Survey

Mr. Marshall presented a cover letter to the committee and he addressed two minor corrections to the letter. Ms. Emptage suggested looking into the possibility the County could set up a temporary email/gmail account with Mr. Neuman's, Mr. Marshall's and her email addresses for the survey. The surveys will go to them and they will forward results to the committee. The link will be sent to committee members for review. Microphone pulled off the table by Dozer. It was stressed that the results and email addresses of respondents be anonymous/not recorded.

- Medical Services and Euthanasia Protocols

Mr. Neuman commented this issue has been taken care of with Dr. Wilcox now on board. Ms. Emptage requested she be invited to the next meeting so the committee may meet her.

- Ideas to Reduce Number of Dogs Coming into PACC

Ms. Watson commented on Dr. Smith's report and that by reducing the number of dogs coming in it would also reduce the budget. She suggested the officers return dogs to owners in the field if possible. Market it so if the dog is wearing the license it will be returned without coming into PACC or maybe the first one is no charge. If the dog is chronically out loose them there are other alternatives. Discussion of utilizing a volunteer with a scanner to identify animals, licensing/vaccination clinics, etc. Ms. Emptage asked the SAVMA Rep., Dr. O'Donnell, if she can approach her members about partnering with PACC to do several clinics throughout town to vaccinated/license animals. Mr. Neuman suggested they come up with a plan to do this and present it to the committee. Ms. Watson asked how to propose this for the officers and then relayed a story of a person with a service dog that was picked up and the officer refused to return the dog. She was told she would have to come into PACC to redeem it. The owner had to come in pay the fees and pick her

Ongoing

Request by Ms. Emptage to invite Dr. Wilcox to the next meeting to meet the PACCAC members

Ongoing. Ms. Watson proposed that PACC officers check for a license and/or microchip and if the owner lives nearby return the dog without bring it into PACC on a first offense. Dr. O'Donnell seconded the motion and all members voted in favor of the proposal.

Ms. Watson requested information regarding the number of licensed dogs redeemed vs. number of unlicensed dogs redeemed for the next meeting.

- Providing monthly Committee Meeting Minutes to the Board of Supervisors and Another Report to the BOS

dog up when the dog could have been easily returned right then. Ms. Watson proposed that PACC officers check for a license and/or microchip and if the owner lives nearby return the dog without bring it into PACC on a first offense. Dr. O'Donnell seconded the motion and all members voted in favor of the proposal.

Mr. Neuman asked if the minutes were being provided directly to the Board of Supervisors. Page 10 of the packet is a memo from Mr. Janes to Dr. Garcia. The minutes are being forwarded to the BOS members via Mr. Janes's chain of command. Mr. Neuman wants something like a read receipt or confirmations from the BOS members the minutes are being received and for minutes to go to them directly and not via the chain of command.

The committee discussed the draft report to the BOS provided by Mr. Neuman and he indicated the yellow highlighted items were changes. Additional changes include the Past Chair title can be removed from Mary George's name and updating the volunteer numbers from 600 to over 700. Ms. Hubbard inquired if under Goals and Upcoming Projects is this for PACC or the Advisory Committee. Per Mr. Neuman these are discussion points for the committee for the future. Ms. Watson asked why support and assistance is being offered to Puppy Mill legislation and has that been discussed in at the last few meetings? This is going on right now. Dr. Kaluzniacki asked about the verbiage of "dogs" and "animals" and if "animals" meant dogs and cats. Per Mr. Neuman "animals" means dogs and cats. She directed them to page 3 of the draft 5 lines up from the bottom a paragraph ...before animals is released." It should be ...animals are released, or if animals refer to dogs and cats just say "dogs and cats."

Ms. Hubbard asked about an update for the tent and if it is expected to house dogs in the next four weeks. Mr. Ocano commented PACC is expecting a delivery of kennels

Ongoing.

tomorrow. About half are expected to come in. There is a target date for a tent warming of May 10th. There was a discussion of security for the tent. A perimeter fence with barbed wire and snake proofing has been installed. There was a discussion if the kennels were covered and possible issues if they are not and dogs getting out. Dr. Kaluzniacki suggested it would be a good idea to put tops on the kennels.

Mr. Neuman will make the discussed corrections to the draft, sign it, and get it scheduled to present to the Board of Supervisors.

Ms. Emptage as if there was any feedback from the last report. Every one of the BOS members expressed thanks to Mr. Neuman for the work put into and submission of the last report and they wanted it to continue.

- Special Needs Adoption (SNA) Criteria

Per Mr. Neuman the criteria for Special Needs Adoption has been change and for dogs chasing cats or birds they are no longer deemed special needs.

VII. NEW BUSINESS

- Redemption of Injured Animals and Public Education Campaign

Ms. Emptage relayed a story about a man who redeemed his dog which had been hit by a car and suffered a compound fracture. He was referred to a nearby vet who did not treat this type of injury and when he got to a vet who did was surprised by the cost for treatment. The dog was eventually euthanized. Ms. Emptage suggested the owners of these injured animals be informed the animal will need extensive vet care and that it may be expensive and the owner is responsible for the vet costs. Mr. Ocano explained a procedure the shelter uses if an animal in need of vet care is released. A welfare check is set up through enforcement and a recheck date is scheduled. Enforcement will follow-up to make sure care is obtained and/or take necessary enforcement action with the owner. Ms. Emptage suggested the owners of injured animals be informed/educated about their responsibilities and possible costs so they may make a more informed decision before taking the animal out and perhaps prolonging its suffering. Ms. Hubbard commented the law requires owners to provide care for sick or injured animals.

Ongoing.

- Review of Misdemeanor Penalties

Ms. Emptage commented there have been some bad cases recently and the law allows for an owner to be prohibited from owning an animal for up to three years. Ms. Emptage would like to see this raised from three to five years. Discussion that it is up to the judge in a case to impose any penalty based on what is defined by law. There was a question of how many times these types of penalties to prohibit ownership have been imposed by judges. Ms. Emptage mentioned a letter that was supposed to have been sent to judges in the past to inform them of this option and wondered if it had been sent. Dr. O'Donnell asked if there was any statistical evidence that could be cited that if an owner was prohibited from owning an animal for a period of time they would treat the next one better. If a letter was not sent Dr. O'Donnell suggested one might be sent now and to include the stats she was asking about.

Ongoing. Staff will determine if a letter was sent to judges regarding this option to prohibit ownership and get information regarding number of times this was imposed.

Dr. Smith asked if it was the person or the household that is prohibited. Discussion it is the person who would be prohibited from owning. A brief discussion followed regarding the link between animal abuse and child abuse.

- Licensing of Intact Animals

Ms. Emptage stated this subject could wait for Mr. Janes return. Something needs to be done about cats. This could be separated from the licensing requirements for dogs. If one had a cat that was not altered an intact animal fee could be charged. This fee could be charge for both cats and dogs. The unaltered dog license rate could be reduced and this fee used. This might encourage people to alter their cats.

Ongoing.

- Intake on Holidays

Mr. Ocano clarified if this was for holidays or deep cleaning days occurring on the last Sunday of every month. This is also a time for staff development and training. The first one was last month and the next will be this upcoming Sunday. All shelter staff is needed for the deep cleaning/training and options are being explored to do partial intake using enforcement and/or non-shelter staff. Generally if someone is at the back gate with an animal they will be helped. The disconnect comes when someone calls in and staff will work to get this resolved.

Ongoing

- Flea/Tick Treatment

Mr. Neuman spoke to Dr. Lilley regarding flea and tick treatment. Per Mr. Ocano, Dr. Wilcox is evaluating the shelter for a flea and

Ongoing.

- Give The Dog a Bone Rescue

tick problem and will make recommendations for the best method to treat the shelter areas and animals.

Mr. Ocano commented this is an ongoing investigation and some of the animals are still on hold. 17 animals, 15 dogs and 2 cats, were removed from a foster home for Give A Dog a Bone Rescue. Since then 4 have been adopted, 2 are up for adoption, 2 are available for Special Needs Adoption, and 1 that bit while up for adoption and is currently under quarantine. Additional one was euthanized and necropsy results indicated the dog had distemper. For the two cats, one tested positive for feline leukemia and additional blood work was sent out. One more dog has been released and is very dog aggressive and has Valley Fever, options are being explored for this dog. There are 4 more on vet hold pending forensic medical documentation. Give A Dog a Bone is no longer a rescue partner with PACC.

Ms. Watson asked if rescue partners are spot checked. Per Mr. Ocano, currently not unless problems have been identified. Staff is putting together a meeting with PACC and all our rescue partners tentatively scheduled for the end of March to discuss issues, develop guidelines, and improve communication.

- Transfer of Dogs to Other Facilities

Per Mr. Neuman this issue has been resolved. It came about because some little dogs were transferred to Ajo and there was concern about where they were going and that the dogs might end up on the reservation. The Ajo Officer had expressed an interest in taking some small dogs back for adoption because she had interested parties. Mr. Ocano and Mr. Gallick traveled to Ajo. Mr. Neuman was unable to make the trip. Ajo is set up with seven large indoor/outdoor kennels and take in an average of 300 dogs per year. They also have 7 cat cages available. Because it is a small community they are able to do community based adoptions and the Ajo Officer is able to check up on adopters and animals. PACC will be sending more dogs and cats to Ajo for adoption because there is a demand for them and they have been importing cats and dogs from Yuma.

- Welfare and Dangerous Animal Cases

No Welfare or Dangerous Dog Cases were discussed.

VIII. ANIMAL WELFARE AND DANGEROUS ANIMAL CASES FOR THE MONTH OF JANUARY

IX. DONATIONS	<ul style="list-style-type: none"> January 2014 	<p>1313 individuals donated \$21,116 along with food, treats and pet supplies to Pima Animal Care Center.</p>
X. COMPLAINTS / COMMENDATIONS RECEIVED	<ul style="list-style-type: none"> January 2014 	<p>Eleven (11) complaints and three (3) commendations were received by staff.</p>
XI. CALL TO THE AUDIENCE	<ul style="list-style-type: none"> None 	
XII. ANNOUNCEMENTS	<ul style="list-style-type: none"> Mr. Neuman announced the Bond Advisory Meeting is tomorrow and it is important for people to attend. The Volunteers have been notified via email. Pima Paws for Life will have a grand opening on February 22 from 11:00 a.m. - 5:00p.m. with refreshments and music on West Zinnia near Ruthraff and I-10. On Sunday the 22nd there will be a special event - Single Mingle. A dog walk, cat cuddle for singles to attend. PACC is participating in the Fosters to the Rescue Event being held March 8 from 6:00-8:00 p.m. at the YWCA on Bonita. Next meeting March 20, 2014 	
XIII. ADJOURNMENT		<p>The meeting was adjourned at: 19:06 P.M.</p>

Subject: PACCAC Resignation

Categories: Blue Category

I'm sorry I missed the meeting last night. This is the second meeting in a row that I have missed, so I think it's time to step down and let someone else represent the disabled community. It has been a privilege serving on the PACCAC Board and I really appreciate and admire all that the staff and volunteers do to help save and re-home all the amazing animals that come to PACC.

With A Grateful Heart,
Mary George

MEMORANDUM

TO: Chair and Members, Pima Animal Care Center Advisory Committee
FROM: Kim Janes, Manager *KJ*
DATE: February 7, 2014
RE: February 2014 Manager's Report

The following report is provided for your information.

During the February 20, 2014 Advisory Committee Meeting, the Committee requested information regarding the number of licensed dogs redeemed vs. number of unlicensed dogs redeemed. Additionally, the Committee inquired if a letter was previously sent to judges regarding judges' knowledge and use of the sentencing provision that prohibits ownership and get information regarding number of times this was imposed.

During Calendar Year 2013, staff redeemed 1,505 dogs to the owners of which 1,262 dogs had to be licensed at the time of redemption leaving only 243 redeemed pets that were licensed at the time of impound. In addition to the 1,505, officers also returned another 130 licensed dogs to their owners while still in the field.

Staff does not recall submitting a letter to the Courts reminding the judges of this provision. In enforcement staff experiences with the Courts, judges tend to make sentencing decisions based on the case before them and the sentence the prosecuting attorney champions. Therefore, I recommend a letter be sent to the town, city and county prosecutors reminding them of this provision and the more frequent use of it. Additionally, enforcement staff will continue to be encouraged to press for the use of this provision as adamantly as the specific case demands and level of protection the pets warrant.

MEMORANDUM

TO: Kim Janes, Manager

FROM: Kelli Saline 1918

DATE: 02.26.14

SUBJECT: Welfare Reports for February 2014

-
1. A14-140949 One animal impounded. Animal owner was cited at Pima Animal Care. Animal was not redeemed and was sent to rescue.
 2. A14-141324 One dog relinquished to Pima Animal Care at the scene. Animal owner was cited. The animal was adopted.
 3. A14-141404 One animal brought into Pima Animal Care for euthanasia. The animal owner was cited and the animal was euthanized.
 4. A14-141070 One animal relinquished at Pima Animal Care. The owner was cited. The animal is still under treatment at the clinic at Pima Animal Care.
 5. A13-130414 Animal owner was cited at the scene. No animals were impounded. There is a pending recheck in traffic.
 6. A14-140062 Two animals impounded. Animal owner cited at Pima Animal Care. Neither dog was redeemed and both have been adopted.
 7. A14-140846 Owner cited at the scene. No animals impounded. A recheck was completed and approved, the case is closed.
 8. A14-141980 Owner surrendered one animal on scene. Animal owner was cited. The animal was impounded and euthanized at Pima Animal Care. There is a pending recheck date for the remaining two animals.
 9. A14-139061 Three live animals impounded and bonded. The remains of five deceased animals were also confiscated. The animal owner was issued citations at the scene and the call is pending further investigation with the Pima County Sheriff's department. No bond has been paid on any animals as of 02.26.14
 10. A14-141858 One dog impounded. Owner cited at Pima Animal Care Center. The dog was redeemed by the owner. The animal owner was educated and this case is closed.

INVESTIGATION REPORT

Activity Number: A14-140949

ACO name & Badge: M. Fish #1995

On February 6th, 2014 at approximately 10:00 hours Officer Kathy Walton #1925 responded to a request for assistance from the Tucson Police department regarding a dog locked in the back of a Budget rental truck that had been abandoned on the side of the road. When Officer Walton arrived she met with Tucson Police Department Officer Fedelle (Badge #39118) who stated that the Budget truck had broken down on the side of the road and was waiting for a tow. When Officer Fedelle lifted the back door he noticed a dog in the back and called for assistance from Pima Animal Care Center. Officer Fedelle provided Officer Walton with the name of the individual who rented the Budget truck, Amanda _____ as well as a phone number for her. Officer Walton tried to make contact with Mrs. _____ by calling the phone number but was unsuccessful. Office Walton impounded the dog and found it had been left without food or water in the back of the truck. Officer Walton requested that if the owner came in to Pima animal Care Center to claim the dog that they be cited for Abandonment and Neglect-No water.

On February 13th, 2013 the dog owner, Joshua _____ came in to Pima Animal Care Center to claim the dog. According to Mr. _____ he had been out of town for several weeks and had left his dog in the care of his friends. When he came back in town he found out that the dog had been impounded and came down to claim his dog as soon as he could. Mr. _____ had nothing with him that could prove that he had been out of town so I issued him the citations for Abandonment and Neglect- No Water.

INVESTIGATION REPORT

Activity Number: A14-141324

ACO name & Badge: Webster #2016

On 02/11/2014 at 1530 hours, I Officer Webster #2016, arrived at Ave., in response to a dog left in the back of a pickup truck. Upon my arrival I met with South Tucson Police Officer Nunez #0291, case #S1402110010. Officer Nunez showed me onto the property to unit # Officer Nunez stated he had knocked on the door several times, and that there was no answer to his knocks. Officer Nunez also informed me that the license plate on the truck came back registered to this address. As I approached the residence I observed a maroon colored Ford pickup truck, AZ plate # parked in front of # with a medium size black dog in the back. The dog was barking, but was not aggressive. There was a small gray plastic dog bowl with a small amount of water in one side of the bowl. The water appeared fresh, but would not have been enough for an extended period of time. The dog had only a very limited amount of space to move around in, as the bed of the truck was full of scrap wood, hoses, several piles of dog feces, and other types of debris. I took several pictures of the dog in the back of the truck, and then impounded the dog without incident. As I was placing the dog in to my vehicle, Officer Nunez informed me that the dog owner had just arrived home.

I met with the dog owner Jose and explained why I was there. He stated that he only left the dog in the back of the truck for short periods of time when he was not home, because the apartment had no yard and he had no where else to keep the dog. I explained to him that the dog could not be left in the back of the truck without shade or shelter, and that at the time of impound the truck was in full sun. After a brief discussion Mr. agreed to relinquish ownership of the dog "Oso" to Pima Animal Care Center, since he was not able to properly care for the dog.

I issued citations to Mr. for neglect-no shelter, neglect-exercise space, no license and no rabies vaccine. Mr. accepted and signed his citations and was given his court date, time and location. He also signed the release of ownership form. #2016

INVESTIGATION REPORT

Activity Number: A14-141404

ACO name & Badge: Officer Webster #2016

On 02/12/14 at 1415, I Officer Webster #2016 while on duty at Pima Animal Care Center, was approached by Shelter Supervisor Danny Miranda and requested to go to the animal intake area at Pima Animal Care Center. He explained that shelter staff member Kino Davis #2053 was booking in a dog that had a very large ruptured tumor on his abdomen and that the owner stated that the dog had received no veterinary care. I went immediately to the animal intake area and spoke with Kino Davis who reiterated what Supervisor Miranda had told me and pointed out the dog's owner to me. The dog, a 9 year old Pitbull mix named "Chino" was in a rolling dog kennel and I was able to see very clearly into the kennel. I observed that the dog had a large ruptured tumor on the right side of his lower abdomen along his penis, and I noticed a smell consistent with infection. The tumor was coated with a purple solution.

I then spoke with the dog's owner Mr. Ramon [redacted] who told me that the injuries to his dog had just happened within the past few days. I took Mr. [redacted] outside so we could speak in private. I told Mr. [redacted] that I believed the tumor had been there much longer, due to the advanced stage of development and the size of the tumor. Mr. [redacted] then admitted that it had been like that since before Thanksgiving. I asked him if he had sought medical care for the dog, and he said that he had not because he couldn't afford it. He said that he had been giving the dog injections of penicillin that he had acquired for his horses, and that he was cleaning the tumor with rubbing alcohol, hydrogen peroxide and then showed me a bottle of a solution called "Blue Coat", which I identified as a topical antiseptic used to treat minor cuts and scrapes.

I issued citations to Mr. [redacted] for neglect-no vet care, and for cruelty, as he clearly knew this dog had been ill for an extended period of time and had failed to do anything to ease the dog's suffering. Mr. [redacted] signed the euthanasia release form, acknowledging ownership and giving Pima Animal Care Staff permission to euthanize the dog. Mr. [redacted] accepted and signed his citations and was given his court date, time and location.

I then transferred the dog to the clinic at Pima Animal Care Center for further examination and euthanasia. The county veterinarian will be examining the dog, and will be adding additional notes to this report. #2016

INVESTIGATION REPORT

Activity Number: A14-141070

ACO name & Badge: Officer Webster #2016

02/07/2014 at 1715 hours. I Officer Webster #2016, was requested by Pima Animal Care Center shelter staff member Laurie Flynn #2049 to check on the condition of a dog being brought into the intake area by the dog owner. She stated that the dog appeared to have suffered a major injury to his right eye, and she was concerned because the owner stated he had not provided veterinary care for the dog. Upon entering the intake area I met with the dog owner Omar and observed his dog "Rocky" a 2 year old black and tan Miniature Pinscher. I observed that Rocky's right eye was bulging completely out of the eye socket and that the eye was covered in a grayish brown scab like film. I also noted that the dog had multiple scars and healing lacerations all over his face. I asked Mr. to step outside and speak with me in private. While outside he stated that he and his wife, who was waiting in the car at this time, had just noticed the injury this morning. He said that they thought it had happened either this morning or late last night. I told him that based on the scab like covering over the eye it appeared the injury was much older than that. He stated that he had no money for veterinary care and therefore had not sought any care for the dog.

Shelter staff member Laurie Flynn was in the process of booking the dog in to Pima Animal Care Center, she held the dog for me while I took multiple photographs of the dog's injuries. Mr. had given her his identification, which she handed to me. I instructed her to book the dog in for Mr. and to have him sign the release of ownership form for the dog. I spoke with the County Veterinarian who was on duty at this time, and I informed her of the dog's condition. I told her that I intended to issue citations to Mr. for neglect-no veterinary care for the dog "Rocky". She requested that after doing so I bring the dog over to the clinic at Pima Animal Care Center for further evaluation.

I then met again with Mr. in the shelter supervisor's office. I issued a citation to Mr. for neglect-veterinary care. Since there was some question as to whether the dog lived with Mr. or with his wife Berenice who lives at a different address, I issued a citation to Berenice as well for neglect-no veterinary care. Both Mr. and Mrs. accepted and signed their citations and were given their court date, time and location.

I requested that Pima Animal Care Center shelter staff member Laurie Flynn #2049 submit a written statement in reagrds to what she witness. Her statement is attached to the end of this report. #2016

To Whom It May Concern:

On February 7, 2014 P333100 came into the intake lobby around 1720 hundred hours and wanted to surrender his dog Rocky a 1/5 min pincher x to Pima animal care center. When I Laurie Flynn (2049) looked at A469721 I seen that he had a big healing wound on his head and his right eye was not in the socket and had a gray coat over it and when I turned the dog to the side I seen there were fibers in the gray coat. I asked P333100 if he seen the dogs eye and he stated that his wife told him about it this morning and he had to go to work and after work he brought the dog to PACC. I then asked P333100 if he got any vet care for the dog and he stated he had no time and no money to take the dog to a vet and that is why he brought the dog to PACC. I felt that I needed to get and officer involved so I went to see if there was and enforcement officer to look at A469721.

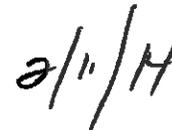

I came back to the intake department I asked for P333100 ID and went back to enforcement. That is when office 2016 drove back and I advised her I needed her to look at dog's eye and handed her the ID of P333100. When officer 2016 came into intake she asked P333100 to step out side so they could talk. When 2016 and P333100 came back into intake she took A469721 into the rescue room and showed Justin and Michael the dog and then took the owner into the supervisors room and told him what was going on. When 2016 and P333100 came out he was upset and said that it was not fare for him to get a citation when his wife and him co own the dog so 2016 wrote both parties a citation.

Laurie Flynn

INVESTIGATION REPORT

Activity Number: A13-130413

ACO name & Badge: J RADEMAKER 2019

On September 4, 2013 Pima Animal Care Center (PACC) dispatch received a complaint from Mitzi Beal about a pup tied up on balcony with excessive animal waste and that the dog is very thin.

On September 10, 2013 at 12:03AM PACC received fax from its answering service that said the puppy is tied out on the balcony in the rain. It is a young, possibly Bloodhound. Noticeably underweight and does not appear to be fed regularly. Also balcony is not cleaned of urine and feces and smells horrible. Reported that the dog owner left the dog with the complainant once for what was supposed to be "a couple of hours" and did not return for the dog until the following day.

On September 12, 2013 at 5:22PM the caller reported to PACC that the puppy was currently tied-out on the balcony.

On September 12, 2013 at 5:50PM Officer Meek 2015 responded to Saint Mary's apartment number [redacted] in reference to a neglect tie out complaint. He arrived at the address and observed a small hound mix puppy tied outside on a nylon red leash. He was able to photograph the dog on the tie out. He also was able to see that the dog did have access to water in a plastic container which he photographed. He was unable to impound the dog due to it being on a second story balcony and he had no way to access the balcony. The complex was closed for the day and he could not locate an after hours maintenance staff telephone number. The dog was not in dire straights while he was at the property so the fire department was not called. He did post a notice on the front door and requested contact from the dog owner.

Officer Meek then proceeded to the complainant's residence located at apartment [redacted]. He asked if there was a good telephone number for the dog owner and was provided the first name of Jonte and the telephone number of [redacted]. He was also advised that Jonte keeps irregular hours due to being employed by the [redacted] as a police officer. 2015

Officer Meek requested that if contact with the owner is made by another Officer citation for neglect: tie out on 09/12/13 at 1750 hours be issued on his behalf.

On February 7, 2014 at 5:31PM I, Officer Rademaker 2019, went to Saint Marys # and met with resident Jon-Te I explained the complaint and he said that he had tried to call PACC when he arrived home shortly after Officer Meek 2015 had left a notice on his door on 09/12/13 but had received no answer. He said the dog that was tied out on his porch was a stray that he had found while walking his dog on a river pathway and that he had taken the stray dog to Phoenix where he had given it away to strangers at the roadside. He further stated that his own dog had died of injuries sustained while playing at the apartment complex.

I spoke with the original complainant Mitzi who came to my vehicle and looked at the photograph Officer Meek had taken on 09/12/13 at 1750hrs of a dog on a tie-out on the patio of # Ms. positively identified the dog as Hunter, the dog belonging to Mr that she had complained about being tied out on the balcony in unsanitary conditions on 09/04/13 and again on 09/10/13 and 09/12/13.

I showed the photograph of the dog on the tie-out on his patio to Mr and he acknowledged that that was his own dog, Hunter. I issued a citation to Mr t on behalf of Officer Meek 2015 for the neglect tie-out violation on 09/12/13 that he had witnessed and photographed. I explained the citation and court to Mr and he said that as a police officer for the he was familiar with court. I gave him a law brochure.

INVESTIGATION REPORT

Activity Number: A14-140062

ACO name & Badge: C. Meek 2015

On 01/24/14 at 1440 I Officer Meek badge number [redacted] and Officer Harrington badge number 1959 responded to [redacted] to meet with Pima County Sheriff Office in reference to an abandonment complaint. We arrived at the address and met with Officer Borquez badge number 5835 who provided the case number 140124108.

Officer Borquez advised us that they responded to the address of [redacted] in reference to a burglary complaint as well as someone stealing electricity from the address. Officer Borquez stated that he was able to follow an extension cord to [redacted] where he found the property un-secure and two dogs that appeared to be abandoned. Officer Borquez stated he made entry into the residence and found the interior in complete disarray.

We made entry into the residence and found the living conditions to be in a sad state for the possible human occupants. The floor was covered with dog feces as well as human debris.

We walked through the entire residence and photographed the conditions the dogs were living in. While walking through the residence we did not observe any water available to the dogs. There was a toilet but there was no way for the dogs to gain access to the bowl as they were too small to reach.

On 02/01/14 at 1615 hours Officer Webster badge number 2016 met with a Ms. Ashley [redacted] at Pima Animal Care Center. Ms. [redacted] identified herself to Officer Webster as the owner of the two dogs impounded for [redacted]. Officer Webster advised Mr. [redacted] that Officer Meek who impounded the dog requested citations to be issued.

Ms. [redacted] then provided Officer Webster with her Arizona Driver's license. Officer Webster then issued Ms. [redacted] a total of four citations which included neglect no water and neglect unsanitary shelter for each of the two dogs. Officer Webster then advised Ms. [redacted] that with the citations she would need to appear in court and provided her with the date. Ms. [redacted] stated she understood her need to appear and signed her copy of the citations.

It was understood that Ms. [redacted] then proceeded to the licensing lobby to redeem the dogs. A check within the database revealed that the dogs were still in Pima Animal Care Centers possession and had not been redeemed.

INVESTIGATION REPORT

Activity Number: A14-140846

ACO name & Badge: Harrington 1959

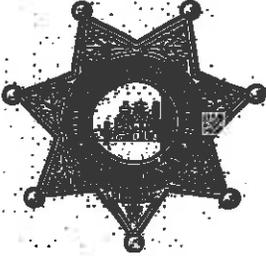

Officer Walton #1925 and I, Officer Harrington #1959 arrived at [redacted] in reference to a neglect complaint. Upon arrival we noticed a white and tan pit bull confined to a pen located in front of the house. The dog had a crate inside the pen. It did not have any other shelter or shaded area. We also noticed that there was a small plastic bowl that did not contain any water. There was no other water source located in the pen. We took a photograph of the empty bowl. There was a small gap on the side of the pen where the dog could potentially escape. There was some accumulation of animal waste. As we were looking around, the dog owner Gloria [redacted] came out and greeted us. We explained to Ms. [redacted] why we were there and the violations that we noticed regarding no water, no shade and animal waste. Ms. Espinoza stated that the dog, Gorda, is usually brought into the house. We explained the laws again and that they need to be followed at all times when the dog is outside. Ms. [redacted] daughter came out and immediately cleaned up the animal waste while we were on scene. We issued citations to Ms. [redacted] for neglect no water, no license and no rabies vaccination. We also issued a premise inspection to correct the no water, shade and confinement issues. Ms. [redacted] signed and received her copy of the citation and premise inspection and was notified of her court date. 1959/1925

INVESTIGATION REPORT

Activity Number: A14-141980

ACO name & Badge: Robert Tovar #2021

On February 21, 2013 at 0948 hours the Pima County Animal Care Center received a call from a person who wished to remain anonymous reporting that there was a dead dog and two emaciated dogs in the yard at Street.

02/21/14 at 10:27 hours I, Officer Tovar #2021, arrived at St. I met with Mr. Martin and explained the reason for my visit. Mr. told me that he is the owner of the three dogs in his yard. I observed a brown brindle and white female pit mix that was of good weight and appeared healthy. I also observed a brown and white male pit mix that was of good weight. I observed genital sores on the male pit mix. Mr. said that he did not know what caused them.

I asked if he had a third dog in the yard and Mr. said that he did. We walked to the middle of the backyard where I observed a gold and white female pit mix that was emaciated. I could see the dog's entire skeletal structure. I asked Mr. how long has the dog been losing weight. Mr. said that the dog's name is Angel and that she began losing weight a month ago and really lost a lot of weight in the last three weeks after she went blind. I photographed all three of Mr. dogs. I asked Mr. if he planned on taking the dog to the veterinarian for treatment due to the dog's emaciated condition. Mr. said that he has had the dog since 2002 and was just going to let her die and then bury her in the yard. I asked why he did not take her to the veterinarian again and he told me that he had thought about it. He also said that he had thought about having Angel put to sleep but thought it would cost \$500.00. Mr. stated that Angel has been eating well but continued losing weight.

Mr. _____ asked me if I could take the dog. I told him that he could surrender the dog to the Pima Animal Care Center and that I would have to charge him the \$75.00 fee for impounding his dog as well as \$15.00 for euthanasia. I cited Mr. _____ for Neglect-No Vet Care and No License and No Rabies Vaccination on Angel. I also cited him for No Rabies Vaccination and No License on his other two dogs Chiquita and King. Mr. _____ signed and received his copy of said citations. I impounded Angel and placed her on the treatment list to be seen by the veterinarian at the Pima Animal Care Center.

I gave Mr. _____ a Premise Inspection for Veterinarian Care for King and for Animal Waste as there was excessive waste in the yard. I advised Mr. _____ that the animal waste needs to be picked up every 24 hours in the City of Tucson. Mr. _____ signed and received his copy of the Premise Inspection with a recheck date of 02/28/14. It should be noted that the dogs did have water and shelter which I photographed. I gave Mr. _____ a copy of the Tucson and Pima County Animal Laws as well information for spaying and neutering his two remaining dogs.

INVESTIGATION REPORT

Activity Number: A14-139061

ACO Name & Badge: Bowdon #2013

On 01/09/14 at approximately 16:12 hours Pima Animal Care Center (PACC) received a report of an emaciated dog in a cage located at Street in Pima County.

On 02/24/14 at approximately 08:27 hours I, PACC Officer Bowdon #2013, arrived at Street. I observed a young female Pit Bull mix confined to a small metal fenced area. I observed that the pup was thin. Inside this area I observed that there was a plastic crate for shelter and a soup pot containing filthy water with debris settled on the bottom.

I then observed that there was a male Boxer mix on a chain tie-out. I observed that this dog appeared to be very thin and he had ulcerations on his hind end. I observed that this dog also had access to shelter and there were two buckets containing very filthy water with algae growth inside the buckets. The ground was worn in a circular pattern which appeared to extend to the perimeter of the dogs reach while chained.

I knocked on the residence door repeatedly and did not receive a response. I returned to the dogs and offered them dog biscuits. Both dogs voraciously ate the biscuits. I noted that the young female dog aggressively tore at the sides of her confinement when one of the biscuits landed outside her confinement.

As I was preparing to impound the dogs due to the lack of access to potable water and the male dogs tie-out, a woman emerged from the house. I asked her if she was the dog owner. The woman stated that her parents owned the dogs, but that her parents were at work. I asked her if there was food for the dogs and she retrieved a bag of dog food from inside the residence. A man then emerged from the residence. The man identified himself as Charles Mr. stated that he was the property owner and that he has resided at this location for 20 years.

(A14-139061 continued)

Mr. [redacted] stated that he had found the Boxer mix about a month ago and that the dog was in horrible condition when he found it. He stated he was "nursing the dog back to health and that he had chained the dog to prevent the dog from leaving his property. He stated that he was aware of the laws prohibiting the use of tie-outs, but that he was trying to help the dog. He stated that he had not sought any veterinary care for the dog because he could not afford to do so.

I observed some dog kennels on the west side of the property and asked Mr. [redacted] why he did not utilize them to confine the dogs. Mr. [redacted] stated that he had been using those kennels for chickens.

Upon closer inspection of the dog kennels I noticed what appeared to be skeletal remains on the kennel floor. Mr. [redacted] stated that the remains were from chickens, however, I observed that there was a small dog collar around the area just below the skull. There was some fur remaining and it appeared that the remains were those of two tan small breed dogs, possibly Chihuahuas. I asked Mr. [redacted] how the dogs had gotten into the kennel and Mr. [redacted] stated that he did not know. Mr. [redacted] stated that his son and daughter each owned a tan Chihuahua, but that they had moved away over a year ago and had taken their dogs with them.

I then contacted the Pima County Sheriff's Office for assistance and additional documentation. Deputies Borquez #5835 and Korza #1393 arrived shortly thereafter.

I then noticed that there appeared to be a dog crate inside of a shed where some motorcycles were stored. There was a locked metal gate restricting access to the shed and Mr. [redacted] unlocked it upon my request. I then observed that inside the crate was a mummified small breed dog, possibly another Chihuahua. Mr. [redacted] stated he did not know where the dog came from. I returned to the dog kennel area for closer inspection and located a small dog skull partially buried in the ground beneath the kennel. Next to this kennel was another kennel with a plastic dog house and a blanket inside. I discovered a medium sized decomposing dog under the blanket. This dog had a microchip (0A131F141B) that was later identified as belonging to Brandon [redacted] according to the PACC database. Mr. [redacted] stated that he did not know how this dog had gotten into the kennel and that he did not know Brandon [redacted]

I located another plastic dog house outside of the kennels that had been deconstructed into two parts. The base of this dog house had a stain and fur embedded in the dirt that filled it.

I asked Mr. [redacted] if he had any other animals inside his residence. He stated that he did and he retrieved a tan female Chihuahua pup from inside the house. He stated that this dog was purchased by his wife from a "Craigslist" ad recently. The pup appeared in good weight.

(A14-139061 continued)

I advised Mr. [redacted] that I would be impounding all of the animals from his property due to the concern for their safety. Mr. [redacted] stated he understood and voluntarily placed them into my vehicle. I seized the remains of all of the dead animals discovered on the property for further examination.

I then issued citations to Mr. [redacted] for No License, No Rabies Vaccination, Neglect / Food, and Neglect / Water for the Boxer mix and Pit Bull mix. In addition, I issued citations for Neglect / Vet Care and Neglect / Tie-Out for the Boxer mix.

I issued a bond notice for all three live dogs and explained the bond process to Mr. [redacted].

I returned to PACC with all of the animals and transferred them to the PACC veterinary staff for evaluation.

INVESTIGATION REPORT

Activity Number: A14-141858

ACO name & Badge: M. Fish #1995

On February 19th, 2014 at approximately 12:00 hours Officer T. Haynes #2032 arrived at _____ Rd. and received no response after knocking on the front door several times. Officer Haynes then went to the east side of the house and was able to clearly see in the backyard. She observed a medium red and white Pit Bull mix chained to a trampoline in the back yard. The chain was completely tangled up on itself. The dog could move no more than a couple of feet in any direction. Photos were taken from outside of the fence. Officer Haynes then went to the west side of the property and entered the backyard through an unlocked gate. She attempted to make contact with the residents again by knocking on the back sliding glass door but still received no response. As Officer Haynes approached the dog she observed a food dish and a large water dish with potable water but the dog could not reach either because of the tangled chain. She was able to get the dog on her catch pole and remove him from the chain tie out. The dog was impounded without incident. Officer Haynes provided the dog with water and scanned for a microchip but could not find one. A notice was posted on the front door informing the owners that the dog was impounded. Officer Haynes requested that the owners be cited for Neglect-Tie Out and Neglect-No Water when they come in to redeem their dog.

On February 20th, 2014 the do's owner, Jessica _____ came into Pima County Animal Care Center to redeem her dog. I, Officer M. Fish #1995, met with the owner and issued her citations for Neglect-Tie Out and Neglect-No Water based on Officer Hayne's investigation.

MEMORANDUM

TO: Kim Janes, Animal Care Manager
FROM: Debra Tenkate, Animal Care Field Supervisor (DT)
DATE: March 9, 2014
RE: Dangerous Dog Cases for February 2014

City of Tucson:

1. A13-127181---Doreen Johnson, dog named Affinity was declared vicious, banished from the county by the court Investigator Eckelbarger served the orders. The dog must be tattooed and microchipped by 3/27/14 before leaving the county. Investigator Eckelbarger is monitoring compliance.
2. A13-127573---Arisela Espinoza, dog named Nina was declared vicious by the court Investigator Klein served the order. The owner brought the dog to PACC where she was euthanized.
3. A14-141067---David Janey, dog named NoNo was declared vicious by the court and impounded. Investigator Klein also conducted a dangerous dog evaluation and declared the dog dangerous. The dog was tattooed, microchipped and banned from the county.
4. A14-141067---Danyelle Martinez, dog named Tank was declared vicious by the court, impounded and held for bond. The bond was not paid and the dog was forfeited to PACC and euthanized.
5. A14-141346---Maria Alvarez, dog named Vaca was declared dangerous by Investigator Carver. The dog owner brought the dog to PACC for quarantine and signed the dog over for euthanasia.
6. A14-142014---Patricia Quintero, dog named Bayo was impounded and declared dangerous by Investigator Eckelbarger. The dog is at PACC awaiting the compliance date of 4/5/14.
7. A14-141109---Martin Hernandez, dogs named Smokey and Guerro were declared dangerous by Investigator Klein. The dog owner has complied with all of the dangerous dog requirements.

County:

8. A14-139635---Sara Valencia, dog named Raider was declared dangerous by Investigator Eckelbarger. The dog owner has complied with all of the dangerous dog requirements.

INVESTIGATION REPORT

Activity Number: A13-127181

ACO name & Badge: Windauer #1984

On July 17, 2013 at approximately 1740 hours I responded to reference a dog bite. At apartment I met with victim, William Carroll and a roommate. I was told that on July 15, at approximately 0630 hours he had come walking downstairs with his dog on a leash. He said when he got to the bottom of the stairs his neighbors dog, in apartment, hit their storm door and it popped open and the dog came out and running up to him barking. He said the dog got real close and bit at his ankles. He later noticed that there had been a break in the skin on his left ankle. I took a picture of the wound and asked if Mr. Carroll wished to pursue prosecution. Mr. Carroll said he did. He felt the dog was an ongoing problem at the apartments and very aggressive. I also took a brief statement from witness which collaborated victims statement.

At the dog owners apartment I found an eviction notice taped to the window dated 7/16/13. I got no response at the apartment door, and heard no dog inside. I was advised by the neighbor in that the occupant was not there and they didn't know about the dog. I took a picture and posted a doorknocker. I attempted contact with Constable Philip, who had posted notice but was unable to get any further information on owners whereabouts.

On July 19 at approximately 1505 hours I met with dog owner, Doreen Johnson at the apartment. They had received permission to remove their belongings. I explained about the complaint. She had not been aware of the dog biting anyone but had been aware that her dog-Affinity had gotten loose and had gone after the neighbor. She said someone at her residence had not latched the door properly. Ms. Johnson accepted citations for the incident. She also advised me that she had had to call out Tucson Police reference the same neighbor waving a gun at her juvenile son. I arranged to meet back with owner at her new address, after they had finished moving, to get biter quarantined.

At 1725 hours I met with Ms. Johnson at the new apartment. Ms. Johnson requested she be allowed to bring dog in, since dog gets very agitated around new people. I agreed and followed her into the Pima Animal Care Center where the dog Affinity was put into quarantine.

DECLARATION OF DANGEROUS / VICIOUS ANIMAL

YOUR ANIMAL HAS BEEN DECLARED TO BE A DANGEROUS ANIMAL FOR THE FOLLOWING REASON(S):

- An animal can be declared a dangerous animal if it, without provocation, bites or otherwise causes injury to a person which results in significant medical intervention/treatment.
- An animal can be deemed dangerous if it, without provocation, kills or severely injures a domestic animal.
- An animal declared vicious by a magistrate shall be automatically deemed dangerous.

OFFICER COMMENTS:

The dog "Affinity" was declared vicious + order
banned from Pima County to the Pima Reservation in Chandler
Arizona on 1-28-14. It was also ordered that
Affinity be tattoo'd (PAC 14-05). Compliance period
ends 3-27-14 per the court order.

OWNER: Doreen Johnson
ADDRESS: _____
PHONE: _____

ANIMAL NAME: Affinity
ANIMAL ID#: A439862

INVESTIGATION REPORT

Activity Number: A13-127573

ACO name & Badge: R. VELEZ #1993

07/21/13 1402 hrs. Complainant Margaret "Peggy" Ford called Plma Animal Care Center (PACC) dispatch to report a dog on dog attack. Ms. Ford would like to meet with an officer and asked we call before coming over. Ms. Ford is requesting citations and restitution for any veterinary bills.

08/14/13 1018 hrs. Complainant Margaret "Peggy" Ford called PACC dispatch to find out how much longer before PACC responds to her house. Per Ms. Ford she has accrued over \$900.00 in vet bills and there are more visits scheduled. Ms. Ford again requests a call when an officer is enroute.

08/25/13 1441 hrs. I, Officer Velez, #1993 met with Margaret Ford and Kenneth Ford. Mrs. Ford stated that on 07/20/13 at approximately 1730 hrs she and her husband Kenneth Ford were walking their five dogs on leashes. The dogs were a black lab mix named "Liza", a chocolate Dachshund named "Liebchen", a black and white Japanese Chin named Buster, a brown and white Chihuahua named "Corre", and the victim, a liver/white female Chihuahua/Dachshund mix named "Mocha". All of Mrs. Ford's dogs were current on Rabies Vaccinations and Licenses. Mrs. Ford stated that when they walked by westbound in the street, a tan/white looking female Pit Bull was in her yard. Mrs. Ford said as they were returning home the Pit Bull was now in the driveway outside the fenced yard with its owner a male subject. Mrs. Ford stated the female Pit Bull charged her dogs in the street. The Pit Bull grabbed her dog "Mocha" by the front left leg. Mrs. Ford said the Pit Bull's owner grabbed the dog by its legs and got the dog off of "Mocha". Mrs. Ford said she grabbed "Mocha" as soon as the Pit Bull was off of her. The Ford's and the owner asked if the other was alright and after saying yes the Ford's walked home. Mrs. Ford said that as they walked home they noticed that "Mocha" was limping and not putting weight on her front left leg.

Mr. Kenneth Ford went back to the attacking dog owner's residence of t. and advised the male dog owner that his dog was limping and would probably go to a veterinarian. Mr. Ford said the dog owner told him that they were walking on the dog's territory. The dog owner further told Mr. Ford that one of his dogs had injured his Pit Bull but Mr. Ford said he saw no injuries. Mr. Ford then went back home.

DD#2

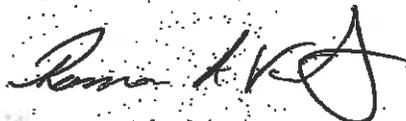

Mrs. Ford said that they took the injured dog "Mocha" to Valley Animal Hospital the following day. The veterinarian apparently found "Mocha" had a broken ulna of the front left leg. The Ford's have taken "Mocha" to the veterinarian twice so far and have at least two more appointments. Mr. and Mrs. Ford would like citations issued for Biting Animal - Dog on dog attack and Leash Law as well as Restitution for veterinary costs which currently stand at about \$900.00. I left a notice with case information with Mrs. Ford and explained the court process. I photographed "Mocha" and her injured leg which is still wrapped. Mrs. Ford understood everything and had no questions.

I then went to dog owner's residence and met with Michael Sanchez and Arisela A. Espinoza. Mr. Sanchez stated that on 07/20/13 he saw from inside his yard two people walking their five dogs in the street near his residence. Mr. Sanchez said as the couple and the dogs approached, his dog, "Nina", a blue and white 10 month old female Pit Bull that had just had puppies became alarmed and walked towards the approaching dogs. Mr. Sanchez said his dog became defensive and approached the five dogs. Mr. Sanchez said one of the five dogs, a black lab mix, jumped on his dog and put it on its back. I asked Mr. Sanchez to show me exactly where the black lab and "Nina" were and he pointed to a spot out in the street about a foot or two from his driveway. Mr. Sanchez said he grabbed his dog and took it back inside the yard. Mr. Sanchez said his dog was bitten on one of its teats but was not taken to a veterinarian. Mr. Sanchez asked the couple if they were alright, they said yes and walked away.

Mr. Sanchez said the gentleman came back the next day and told him one of his dogs was injured, that he would probably take it to a veterinarian and that he would want Mr. Sanchez to pay the bills. Mr. Sanchez said neither the man or the woman ever came back with any bills.

I photographed "Nina" and some of her pups. I advised Mr. Sanchez that citations would be forthcoming and asked for identification. Ms. Arisela A. Espinoza said she would take the citations and asked for a repeat of the story first. I retold her the events that had transpired and she presented an Arizona Driver's License. I asked if "Nina" was current on Rabies Vaccination and License but I was told she was not. I cited Ms. Espinoza in the City of Tucson on citation #69491 A-D on the Pit Bull named "Nina". I cited for Biting Animal - Dog on Dog attack, Leash Law, No License and No Rabies Vaccination. I explained the citation to Ms. Espinoza and the court process. Ms. Espinoza signed the citation and I gave her the defendant's copy. I returned her driver's license. I also gave Ms. Espinoza a "Your Dog and the Law" pamphlet. I advised her to try and get the dog current or at least proof that she tried as the dog is currently lactating.

INVESTIGATION REPORT

Activity Number: A14-141067

ACO name & Badge: M. Eckelbarger #1942

On 2/8/14 The City of Tucson Prosecutor Jean Paschen sent an e-mail verifying that the City of Tucson Police case #1402010315 had 2 independent witnesses besides the complainant that will testify that the 2 Pit Bulls were loose on 2/1/14. The leash law violations on the 2 Pit Bulls owned by David Janey (No No A456241) and Danyelle Martinez/Robert Pryor (Tank A456243) were in violation of the Tucson Court order dated 1/21/14.

The court order stated that "if dogs belonging to the above persons are seen outside of their home or fence at any time, they will be declared dangerous immediately by the Pima County Animal Control and bond must be posted for an Order to Show Cause Petition."

On 2/7/14 Investigator Eckelbarger responded to _____ and met with David Janey. Mr Janey was served with the Declaration of Dangerous and the Bond Notice for his dog named NO NO. The dog was then impounded for public safety. The bond amount is \$875.00 for NoNo.

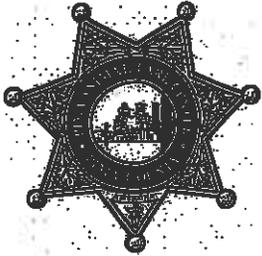

He then met with Robert Pryor and Danyelle Martinez who were served with the Declaration of Dangerous and the Bond Notice for their dog named Tank. The dog was then impounded for public safety. The bond amount is \$1325.00 for Tank.

Both parties are aware that the Bond must be posted by 2/18/14 by 7pm or the dogs will be forfeited to the Pima Animal Care Center.

INVESTIGATION REPORT

Activity Number: A14-141067 / A14-141780- Supplemental Report

ACO name & Badge: Klein 1926

On February 18, 2014 City of Tucson Prosecutor Jean Paschen requested a dangerous dog assessment be done on a dog named NoNo Janey belonging to Mr. David Janey. NoNo had already been declared vicious under activity A14-141067 as ordered by Judge Hale under Tucson City Court Docket CO001443.

While conducting the investigation I found that there have been several complaints made regarding the Janey residence, . Further investigation confirmed that three of the complaints involved NoNo. Mr Janey was issued citations for leash law, attempt to bite and no current license for NoNo.

A kennel run was placed inside of the 5 foot wall that confines the back yard of . Despite these efforts NoNo has still been reported as being at large.

I interviewed neighbors and learned that NoNo has been seen running at large on several occasions. During those incidents she has been aggressive toward other animals. It was also reported that NoNo was involved in chasing a neighborhood child on two separate occasions. One of those incidents resulted in citations being issued for an attempt to bite.

I have completed the evaluation criteria score sheet and NoNo scored +13 points resulting in NoNo being declared a dangerous animal. All information has been sent to the City of Tucson Prosecutor's office.

INVESTIGATION REPORT

Activity Number: A14-141067

ACO name & Badge: M. Eckelbarger #1942

On 2/6/14 The City of Tucson Prosecutor Jean Paschen sent an e-mail verifying that the City of Tucson Police case #1402010315 had 2 independent witnesses besides the complainant that will testify that the 2 Pit Bulls from [redacted] were loose on 2/1/14. The leash law violations on the 2 Pit Bulls owned by David Janey (No No A456241) and Danyelle Martinez/Robert Pryor (Tank A456243) were in violation of the Tucson Court order dated 1/21/14.

The court order stated that "if dogs belonging to the above persons are seen outside of their home or fence at any time, they will be declared dangerous immediately by the Pima County Animal Control and bond must be posted for an Order to Show Cause Petition."

On 2/7/14 Investigator Eckelbarger responded to [redacted], and met with David Janey. Mr Janey was served with the Declaration of Dangerous and the Bond Notice for his dog named NO NO. The dog was then impounded for public safety. The bond amount is \$875.00 for NoNo.

He then met with Robert Pryor and Danyelle Martinez who were served with the Declaration of Dangerous and the Bond Notice for their dog named Tank. The dog was then impounded for public safety. The bond amount is \$1325.00 for Tank.

Both parties are aware that the Bond must be posted by 2/18/14 by 7pm or the dogs will be forfeited to the Pima Animal Care Center.

Officer's Signature: *D. Yemkate*

COMPLAINT # A14-141067
OFFICER # 1912 Eckelbarger
DATE: 2.7.14.

DECLARATION OF DANGEROUS / VICIOUS ANIMAL

YOUR ANIMAL HAS BEEN DECLARED TO BE A DANGEROUS ANIMAL FOR THE FOLLOWING REASON(S):

An animal can be declared a dangerous animal if it, without provocation, bites or otherwise causes injury to a person which results in significant medical intervention/treatment.

An animal can be deemed dangerous if it, without provocation, kills or severely injures a domestic animal.

An animal declared vicious by a magistrate shall be automatically deemed dangerous.

OFFICER COMMENTS:

The dog "Tank" is automatically declared dangerous
per violation of court order (Docket # 0001443)

OWNER: Robert Pryor + Danyel
David Jensen magistrate ANIMAL NAME: Tank
ADDRESS: _____ ANIMAL ID#: A 456243
PHONE: _____ ? _____ SEX: M COLOR: blk BREED: Pitx

NOTICE

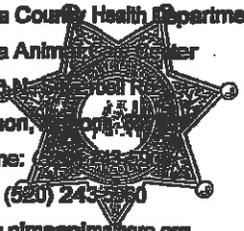

YOUR ANIMAL HAS BEEN DECLARED TO BE DANGEROUS PURSUANT TO LOCAL JURISDICTION'S ORDINANCE / CODE .

If the dog has not been declared vicious by a court, you may appeal the declaration of dangerous. You have (5) days if cited in Pima County, Marana, Sahuarita or South Tucson; OR 10 days, if cited in Tucson; to appeal the declaration of dangerous by filling a request for a dangerous dog hearing. You may obtain the request form at PACC IN PERSON.

INVESTIGATION REPORT

Activity Number: A14-141346

ACO name & Badge: T. Haynes #2032

On February 11, 2014 at approximately 1915 hours Officer Fish #1995 arrived at [redacted] and met with the bite victim, Marilyn Bland, who stated that at approximately 1820 hours this evening she was at her front door when the Black/White Pit Bull from [redacted] approached her and bit her on her upper right leg. According to the victim and her son, Cody Bland, who witnessed the dog running loose after it bit his mother, the dog is always running loose and has charged them before. The victim stated that the owners are aware of the bite and when they heard her state that she was calling Pima Animal Care Center (PACC) they got in their car and left with the dog.

As Officer Fish was speaking with the victim and her son several neighbors approached them and confirmed that the dog is left unconfined, running loose and acts aggressively towards people and other animals.

Officer Fish then tried making contact with the owners at [redacted] there was no answer and he did not see or hear a dog inside. He posted a notice on the dog owner's front door advising them that they need to call PACC and arrange to meet with an officer.

The victim is requesting citations be issued for Biting Animal and Leash Law as well as restitution for any medical bills she may incur as a result of the bite.

On February 12, 2014 at approximately 1344 hours I, Officer T. Haynes #2032, arrived at [redacted] and met with a female individual that verbally identified herself as Maria Garcia. I explained, through a neighbor interpreter, why I was there. I asked if she owned the black/white Pit Bull that bit the neighbor and she stated that she did not. She said that the dog just roams around and she did not know who it belonged to. She said that she thinks the dog just comes around for the trash and pointed to an overflowing trash can. The neighbor interpreter also stated that he did not know who the dog belonged to either. I saw no evidence that the dog resided at this address. I thanked her for her time and returned to my truck.

DD#5

I reread the investigating officer's notes and found that the victim and a witness said that the residents of _____ placed the dog in the car and drove away immediately after the biting incident occurred. I went and met with the witness and bite victim's son, _____. I explained that the neighbors were denying owning the dog and that I saw no evidence of the dog residing at the house. He advised me that although he and his mother had only been living in the house for about a week he had seen the black/white Pit Bull in the neighbor's back yard on multiple occasions and that he had seen the dog come and go from the house. He also said that there were other neighbors that had dealt with the dog and they could identify that the dog lived at _____. I explained that I was going to do some neighbor interviews and then issue the citations if I could prove that the dog lived next door. I apologized for the inconvenience and thanked him for his time.

I then went to _____ and met with Jessica Carnes and Annette Grobe. I explained that I was there in regards to the neighbor getting bitten yesterday and that the residents of _____ are denying that the dog resides there.

Mrs. Carnes stated that she has lived at the complex for six months and the dog has been there the entire time. She said that the dog used to be friendly and play with the kids but lately the dog has grown more aggressive and now everyone is afraid of it. She said that she has seen the dog come and go from the house and that the residents just let it run around the complex all the time.

Mrs. Carnes then stated that on February 11, 2014 at approximately 1830 hours she was walking up the driveway, pushing her 2 year old son, _____, on a tricycle, when she observed the black/white Pit Bull coming at them. She said that the dog lunged at her son and tried to attack him but she was able to scoop the child up and prevent him from getting bitten by the dog. She said that the dog continued to lunge at them even as she swung the tricycle at the dog. She said that they were able to make it inside without getting bitten. Mrs. Carnes said that this occurred right after the neighbor had gotten bitten. Mrs. Carnes is not requesting citations for the attempt to bite on her and her son. She also said that she had heard that the dog was taken away in the vehicle parked in front of _____ shortly thereafter but did not witness this event.

I then spoke to Annette Grobe, mother-in-law to Mrs. Carnes. She said that she had lived in her apartment for two years and that the dog definitely lives at _____. She stated that the dog has been there for at least a year or a year and a half, ever since it was a puppy. She said that the dog has always been allowed to run around the complex and that it used to be a very friendly dog and all the kids used to play with it. She said that it has been just recently that the dog has started to become aggressive and that everyone is terrified of the dog. Mrs. Grobe then confirmed the story of Mrs. Carnes attempting to keep the dog at bay with the tricycle. Mrs. Grobe said that there have been numerous other encounters with this dog by other friends and neighbors. Both women agreed to testify in court if necessary. I thanked them for their time and I returned to _____.

DD#5 0

This time I met with Osmar Borquez, Mrs. Garcia's brother. I explained to Mr. Borquez why I was there. He was very cooperative and provided me with the dog's name, Vaca. I then requested to speak to Mrs. Garcia. Mr. Borquez translated for me. I advised her that I had spoken to several people and that the dog DID live at this address. She continued to deny that she owned the dog and then stated that the dog belonged to her estranged husband.

I inquired about the location of the dog and she denied knowing where it was at. I explained that it was observed that the dog was loaded into a vehicle and removed from the premises. I requested her identification and after several minutes she finally produced her identification Card. I explained to Mrs. Garcia that after any bite the dog must be quarantined and that failing to produce the dog for quarantine will result in citations which could result in jail time. Mrs. Garcia then attempted to contact her husband, Rodrigo Garcia. She called him repeatedly and did not receive an answer. I asked where he lived and she stated that she did not know his address only the general area that he resided. Mrs. Garcia was adamant that she did not own the dog and that it was just there for the kids.

I had dispatch attempt to call Mr. Garcia and was advised that the call went straight to voicemail. Due to Mrs. Garcia's lack of cooperation, I then contacted Supervisor Montano and he said to issue Mrs. Garcia the citations for biting animal and leash law as she was in custody and control of the dog at the time of the bite. He also advised to issue her a written Notice of Violation giving her 24 hours to produce the dog at PACC for quarantine.

I advised Mrs. Garcia that she was going to receive the citations and returned to my truck to write them. I completed writing the citations and returned to meet with Mrs. Garcia. I inquired about her last name because her identification read Alvarez. She stated that her name was Alvarez.

Mrs. Alvarez was issued citation #71731 for leash law and biting animal. She was also issued a Notice of Violation which gave her 24 hours to produce the biting dog for quarantine. Citation, court date, time and location were explained to Mrs. Alvarez with the translation help of her brother, Osmar Borquez. She acknowledged, signed and received copies of the citation and Notice of Violation. Her identification Card was then returned to her.

INVESTIGATION REPORT

Activity Number: A14-142014

ACO name & Badge: 1942 Eckelbarger

On 2-21-14 at 1640 hours, I Investigator Eckelbarger (1942) responded to [redacted] where I met with juvenile bite victim, [redacted] vrtillo and his mother, Norma Salazar (DOB 3-5-75). Ms. Salazar stated that her son [redacted] was in their family member's front yard at [redacted] on 2-21-14 at approximately 1640 hours with her other small children when the next door neighbors brown chow mix got out of its yard and ran into their front yard charging at the children. [redacted] then was gathering the small children and helping them on top of their car to keep the dog away and the dog ran up and bit [redacted] on the right lower leg causing a bite wound. They then were yelling and screaming at the dog and trying to scare it away when the attacking dog owner came outside got the dog, took back into her yard at [redacted] closed all gates, and went back inside her house.

The fire department responded on scene and bandaged [redacted] leg (which I took a photograph of) and cleared the scene before I responded. Ms. Salazar is requesting citations, restitution, and a dangerous dog evaluation on the attacking dog.

The victim and the victim's mother then left to go to the hospital as the wound needed stitches. I then responded next door at [redacted] where I observed the attacking dog; a brown chow mix that was extremely aggressive in the front yard. There was also a Chihuahua in the yard. I took photographs of the biter dog and attached to activity. The front gates were locked so I attempted to contact owner who the victim's mother stated was still in the house, but would not come outside. I received no response. The dog was trying to bite me through the rod iron whenever I got too close to the gates though. I then posted a notice on the front gate and dangerous dog notice advising to call.

On 2-25-14 at 1700 hours, I responded to the dog owner's address at [redacted] / where I met with Patricia Quintero ([redacted]) who spoke primarily Spanish. I contacted Supervisor Montano (1994) who translated over the phone for me. Ms. Quintero stated that she has had "Bayo" for 3 years, but then stated it belongs to her ex-boyfriend, Mario Gravillas. She admitted

DA#6

that Bayo got out loose the day of the incident because she opened the front gate to let a vehicle out of the yard. She could not find any rabies vaccination information on the dog. She stated Mario was currently in Nogales. I then impounded the biter dog "Bayo" for quarantine and to be held pending a dangerous dog evaluation. I then issued Ms. Quintero citations for biting animal and leash law under City jurisdiction. Ms. Quintero signed and received her copies of the citations. I also issued her a dangerous dog notice of impoundment to be given to Mario Gravillas advising that he contact the Pima Animal Care Center when he gets back in town.

I then met with the bite victim and his mother who stated her son received 7 stitches. I took additional photographs of the bite wound.

INVESTIGATION REPORT

Activity Number: A14-141109

ACO name & Badge: Klein 1926

On February 8, 2014 the Tucson Police Department (TPD) contacted the Pima County Animal Care Center (PACC) to request assistance regarding a dog on dog attack that resulted in the death of one dog.

PACC Officer Windauer and Officer Foster responded and learned that the blue Pitbull known as Shadow and the tan and white Pitbull known as Guerro belonging to Martin Hernandez of _____ where in violation of the leash law when they attacked two other dogs. One of the dogs attacked died due to the injuries received from that attack.

Officer Windauer and Officer Foster met with the Zataran family at _____ Santiago Zataran stated he saw Shadow and Guerro run up to his fence and pull his terrier known as Chico through the wrought iron bars of the fence. He stated he saw Shadow and Guerro maul Chico in the middle of the street.

Officer Windauer and Officer Foster then met with Mr. Carter at _____ who stated he saw Shadow and Guerro fence fighting with his Pitbull known as CoCoa. He stated one of the Pitbulls grabbed CoCoa's muzzle through the chainlink fence resulting in CoCoa's nose being injured.

Neither family wished to have citations issued.

Officer Windauer and Officer Foster then met with Martin Hernandez at _____ The officers conducted a premise inspection and found the property to have secure confinement. They issued citations for no rabies vaccination and no license on three dogs belonging to Mr. Hernandez. They explained that due to the incidents the dogs known as Shadow and Guerro would be subject to a dangerous dog assessment.

On February 13, 2014 I, Investigator Klein received the dangerous dog assessment on Shadow and Guerro.

DD#7

On February 16, 2014 I met with the Zataran family who stated they did not wish to have citations issued. They just want the owner to maintain control of Shadow and Guerro and keep them confined.

I met with the Carter family who also stated they do not want citations issued. They want Shadow and Guerro to be kept confined.

I then met with Mr. Hernandez. I served Mr. Hernandez the declaration of dangerous on Guerro and Shadow. I explained that due to the incident on February 8, 2014 both dogs are now deemed dangerous. I served Mr. Hernandez with the order of compliance and provided him with a signed copy.

On March 4, 2014 Mr. Hernandez completed the order of compliance for both Shadow and Guerro . 1926 E.Klein

INVESTIGATION REPORT

Activity Number: A14-139635

ACO name & Badge: 1942 Eckelbarger

On 2-1-14 at 1456 hours, I Investigator Eckelbarger (1942) responded to [redacted] where I met with complainant/victim, Sandra Rodriguez ([redacted]). Ms. Rodriguez stated on 1-18-14 at approximately 1100 hours she was walking her two dogs on leashes in the [redacted] on the northside of the street when a black and white pitbull ran out of the open garage at [redacted] and began attacking her small Pomeranian "Trixie" causing severe lacerations and wounds on the body and stomach area. Ms. Rodriguez was then trying to save her dog Trixie from the attack and due to the pitbull being out loose and attacking she fell/was knocked to the ground and broke her right foot. She also sustained cuts on the left side of her face as a result of getting knocked/falling to the ground.

She stated at that point the dog owner, Sarah Valencia ([redacted]), came out to help get her attacking dog. After pulling her dog "Raider" away from the incident, she secured Raider inside her home and went out to check on Ms. Rodriguez. Ms. Rodriguez then left the area after some information was exchanged. Ms. Rodriguez was treated at the hospital and her dog Trixie was treated at the Pima Pet Clinic for her injuries. Ms. Rodriguez stated she has over 2000 dollars in vet bills currently and they continue to rise as Trixie has needed be seen 7-8 times at the veterinarian up to date, with future appointments still needed as the wound developed a severe infection. Ms. Rodriguez requested citations and restitution for the incident. Ms. Rodriguez provided me with photographs of the wounds to her leg, face, as well as Trixie's wounds. She also provided copies of the veterinarians bills she had. I then took additional photographs of Trixie's bandaged wounds and Ms. Rodriguez' leg. Ms. Rodriguez also requested a dangerous dog evaluation be conducted on the attacking dog.

I then responded to the attacking dog owner's address at [redacted] where I met with dog owner, Sarah Valencia. I advised Ms. Valencia why I was there and Ms. Valencia stated she was aware of the incident and that her dog "Raider" attacked. I then checked the confinement of the dog owner.

DD#8

I observed no signs of digging and the property appeared ok for temporary confinement. Ms. Valencia stated her dog Raider has never gotten out loose before and this was just a one time accident due to her leaving the garage door open and the front door open at the same time. Ms. Valencia did state that Raider is friendly to people, but not animals. She stated he does not like other animals. Ms. Valencia then brought Raider out into the yard for me to observe. Raider showed no aggression towards me so I took photographs of him and attached to the report. Ms. Valencia provided the shot records she had for Raider, but his rabies vaccination expired 12-2013. Raider is an unaltered male pitbull black and white 4 years old. Ms. Valencia also did not have a license for Raider.

I then cited Ms. Valencia for biting animal- dog on dog, biting animal- injuries as a result, leash law, no license, and no rabies vaccination on Raider under County jurisdiction. Ms. Valencia then signed and received her copies of the citations. I then issued Ms. Valencia a dangerous dog evaluation notice and advised I would be forwarding to the Supervisor for review and that she should expect to be contacted by an investigator reference this case sometime next week.

COMPLAINT # A14-140677
OFFICER # 192 Edre/barger
DATE: 2-4-14

DECLARATION OF DANGEROUS / VICIOUS ANIMAL

YOUR ANIMAL HAS BEEN DECLARED TO BE A DANGEROUS ANIMAL FOR THE FOLLOWING REASON(S):

- An animal can be declared a dangerous animal if it, without provocation, bites or otherwise causes injury to a person which results in significant medical intervention/treatment.
- An animal can be deemed dangerous if it, without provocation, kills or severely injures a domestic animal.
- An animal declared vicious by a magistrate shall be automatically deemed dangerous.

OFFICER COMMENTS:

The dog "Raider" is declared dangerous after attacking another domestic animal without provocation while urinating the leash law. This attacked resulted in severe injuries to the victim dog and the victim dog's owner.

OWNER: Sarah Valencia (P332510) ANIMAL NAME: Raider

Complaints for the Month of February 2014

Date	Complainant	Complaint	Response	Status
02/10/14	Constituent/Ismael Shafaka	Three loose dogs attempted to attack him	Information sent to Enforcement Supervisors for follow-up, activity call to be set up.	Ongoing
02/12/14	Leslea Johnson	Ms. Johnson felt the complaint she made about loose dogs in her area, backfired as the officer took enforcement action with her which resulted in 8 citations when no complaint had been filed for her dogs. She will not call PACC to report anything again.	The officer was dispatched to the area to clear several calls. While there the officer determined Ms. Johnson's dogs were not licensed and issued citations.	Closed.
02/20/14	Aviva Tirash	Complaint of numerous loose dogs at Ft. Lowell Park and the Fillito River Park nearby.	Patrols set for both areas over several days.	Ongoing
02/24/14	Constituent	Complaint of dissatisfaction with his experience with PACC and the time it took to get service. The man had captured a stray cat and brought it into PACC. He was advised to alter the cat and return it to his neighborhood. He did not capture it to return it to his neighborhood. In addition he waited for two hours to get the cat looked at.	Officers have observed owners with animals but no violations. A few owners were advised of the leash law requirements. Cat was taken in a PACC	Closed
02/28/14	Constituent/Carl O'Kelley	Complaint made regarding the disposition of several animal waste complaints made to PACC.	An Enforcement Supervisor notified Mr. O'Kelly of the results of several of his complaints. Mr. O'Kelly indicated he would provide a foundation for his complaint at Apt. D105. The third party complaint process was explained.	Closed at this time.
02/28/14	Constituent/Jerry Bodmer	Mr. Bodmer complained of the extended response time for PACC to get to his complaint regarding a dog attack and ongoing leash law violations by the dog owner. He had followed up several times and still no response.	An officer met with the Bodmer's and took their complaint. Citations were issued to the dog owner for biting dog, leash law and no license.	Closed.

Ms. Johnson.

I am sorry that you feel that you had a negative experience. Officers are required to check the license status for the dogs, of all parties, that they come into contact with. I personally sent Officer Rademaker to the Amado area yesterday to clear some of our calls. He went willingly and enthusiastically. Officers do have the right, and the responsibility, to ask for identity when they find a violation.

Comment

When I got home tonight, there was an animal control trucked parked in my drive way with an officer waiting in the cab. He said he was responding to a complaint I had made several weeks ago, about loose dogs running about, which was true, I had made that complaint. He then asked me for my drivers license and proceeded to look up all my dogs registrations, even called my vet, and asked for paper work to prove they had their shots. He then wrote out 8 citations for me for expired licenses and expired rabies shots for 4 of my 5 dogs. He said Pima County had zero tolerance and if I had done what I was supposed to have done, this wouldn't be happening. He remained in my drive way for about 45 minutes while writing. No complaint had been made towards me, so I am wondering how me making a complaint back fired. I didn't expect an officer could even do such a thing or my entire neighbor would be cited. Was it my mistake to even talk to him? I made some errors on my animals, it's true, but can officers simple ask for paper and

drivers licenses? Should I have said "NO". I will get everybody up to date ASAP but I will never call another complaint in again no matter what the problem is, least I am the one who ends up paying the price. I think he was mad for having drive clear out to Amado so he took it out on me.

Response requested Yes

Thank you, Pima County, Arizona

Hi Kim and Steve,

We received a complaint today about off leash dogs on the Rillito River Park (see attachment). It appears that this individual has encountered numerous off leash dogs on the south bank of the Rillito River Park between Swan and Craycroft though they have also had issues further west near Columbus, Dodge and Tucson Blvd. We would appreciate any assistance you can provide in helping enforce the leash law. Please let me know if we can assist you in any way with enforcing the leash law and let me know if you have any questions.

Thank you,

George Kuck

Subject: PACC

Constituent called didn't leave contact information, was dissatisfied with his experience at PACC. He had captured a stray cat that has been in the neighborhood leaving a mess and sleeping on cars, took into to the care center and was told to pay money to have cat spayed and released back into the neighborhood. Constituent was in disbelief of the request because he captured the cat to get rid of it not to put it back into the neighborhood. He also was unhappy with how slow operations were, he said it took him two hours just to get the cat he brought in looked at.

Hello Mr. O'Kelly:

I received an Inquiry from Sharon Bronson's Office about the disposition of a number of complaints that you have made. I researched our responses:

Since September PACC has responded five times to multiple complaints made by you for the apartment complex located at 4201 E Monte Vista Dr, (and for three different apartment numbers within that apartment complex). On four out of the five visits the officers found no excessive waste at the reported locations. In the one case where excessive waste had been found (apartment C108) the waste was cleaned up prior to the officer's follow up visit.

In reference to the apartment specifically noted in your Sharon Bronson feedback form (apartment D105), the investigating officer noted on January 27, 2014:

No one home at apartment #D105. I looked over the wall into the small patio/yard but saw no animal waste and no evidence of a dog at this apartment. No dog seen or heard. Closed activity as unfounded. C. Young 1908

I attempted to call you by telephone but I received a voice mail message from "Tammy." Being unsure of having the correct number I decided to contact you via email

Should you have any questions feel free to email me or call me at the phone number below.

For your reference I have included the Tucson Code that addresses animal waste.

Sec. 4-28. Disposal and accumulation of manure, animal bedding and body waste of domestic animals and pets.

Sec. 4-28(1). Except as otherwise provided, no owner, proprietor, agent or occupant of any premises where horses, cows, donkeys, goats or other domestic animals or dogs, cats or other domestic pets are kept within the city shall deposit, cause to be deposited or allow to accumulate within or about such premises for a longer time than twenty-four (24) hours, any manure, animal bedding or body wastes from domestic animals and pets. Such person shall provide a receptacle of sufficient size for the reception of such manure, animal bedding or body wastes of domestic animals and pets.

Sec. 4-28(2). Such receptacle shall be so constructed that the contents thereof will not be accessible to flies; and such receptacle shall be placed upon the premises owned, occupied or controlled by such person in a location as remote as possible from any surrounding dwelling or street. Such person shall empty and cleanse the same as often as necessary, but not less than twice each week, and oftener when directed to do so by the health officer.

Sec. 4-28(3). Nothing contained in this section shall operate to prevent the owner, proprietor, agent or occupant of a residential premises from placing animal manure produced by herbivorous animals into a residential compost pile or residential compost windrow, provided it is placed into the compost pile or windrow within twenty-four (24) hours from the time it is deposited and provided it is maintained under the conditions set forth in section 15-16(4) of the Tucson Code.

Sec. 4-28(4). When applicable, the definitions contained in section 15-1 shall apply to the provisions of chapter 4 of the Tucson Code.

Sec. 4-28(5). It shall be a civil infraction for any person to violate the provisions of this section.

(1953 Code, ch. 4, § 41; Ord. No. 4374, § 1, 7-7-75; Ord. No. 8028, § 1, 4-19-93; Ord. No. 8170, § 1, 12-6-93; Ord. No. 8174, § 1, 12-13-93)

Thank you,

Steven Montano #1994

Subject: Fwd: Case No.A13138195

Dear Mr. Montano:

Thank you for your e-mail of January 18. However, it has been another 38 days since your note, and 61 days since our original complaint without action by Pima County.

We have observed the same off-leash situation on January 28 and again on February 13. On the thirteenth, the owner in his golf cart told my wife: "Well, if I knew you were going to be out, I would have had the dog on a

leash." Just today we met a neighbor complaining about the dog being loose, and Marianne Bishop, our HOA Secretary has received additional complaints.

While I am sure you are busy, I think you would agree this has gone on too long without action. There are a number of elderly people in the neighborhood who walk small dogs ... or just walk. It is only a matter of time before this dog will be unleashed and bites another small dog or a person, or scares an older person who may be unsteady and causes a fall. I am sure you don't want that to happen. Can I rely on you or someone in your organization to address this complaint this week?

I have attached another copy of the original complaint letter.

Sincerely,

----- Forwarded message -----

To: ContactPACC

Subject: Case No.A13138195

Dear Sir or Madam:

I called in a complaint approximately 7:00 p.m. on Friday, December 28, 2013. Since then I have followed up on the complaint by phone twice. We have yet to be contacted by a representative of the Pima County Animal Care Center regarding the complaint.

I realize that you are busy and probably understaffed. I also read on your website that it may take a few days to receive action on a case. However, it has now been sixteen days since the complaint. With all due respect, this is not very responsive customer service.

One of our neighbors said that the same dog while on a leash attacked another small dog that was being walked on-leash by its owner.

Attached is the written complaint report we would have provided to an Officer had one shown up. We still are requesting that action be taken in this matter.

Sincerely,

--

Jerry Bodmer
