

A Message from Supervisor Ally Miller

Dear Pima County Citizen,

I was disappointed when my request at the May 7, 2013, Board of Supervisors meeting for study sessions did not receive enough votes to pass. I ran on the promise to do everything I could to cut wasteful spending and bring transparency to local government. That's why I have organized an opportunity for the citizens of this County to hear and be heard.

PLEASE JOIN ME at a **Question and Answer Session on the [County Administrator's Recommended Fiscal Year 2013/2014 Budget](#)**. The meeting is **open to the public** and will be held this **Friday, May 17, 2013, from 8:30 a.m. - 12:00 p.m.** The meeting will be in the **Board of Supervisors' Hearing Room** in the County Administration Building at 130 W. Congress in Tucson, AZ.

The meeting will include **County Administrator Chuck Huckelberry** and various **Pima County Department Directors**. I also sent an invitation to District 4 Supervisor Ray Carroll.

This meeting is open to the public and I strongly encourage you to come and show your support and desire for transparency. While the meeting is open to the public, there will not be an open call to the public allowing you to address your questions to the panel. Please **email your questions to district1@pima.gov or call my office at (520) 724-2738.** My staff will compile the questions and a panel will ask the questions on your behalf. **Questions must be received no later than this Wednesday, May 15, 2013, at 5:00 p.m.**

The citizens of District 1 elected me and I plan to keep my promise to serve the taxpayers responsibly and to ensure financial responsibility, accountability, and transparency. I thank you for your continued encouragement, prayers, and support.

Sincerely,

Ally Miller

Supervisor, District 1
