Energy Savings to Benefit Students, Teachers and the Community

Tucson Unified School District's Governing Board has authorized the construction of solar electric systems at 40 plus District schools and facilities. The systems will be provided at *no cost* to the District. Solar panels will be integrated onto shade structures and located at functional and cost-effective places, primarily playgrounds and parking lots.

To learn more about the solar shade structures to be installed at our schools attend a community presentation on:

Wednesday, October 15th
Lee Instructional Resource Center (L.I.R.C.)
2025 E. Winsett Street, Tucson, AZ 85719
Presentation Begins @ 6:00 pm
