

MEMORANDUM

Date: August 12, 2008

To: The Honorable Chairman and Members
Pima County Board of Supervisors

From: C.H. Huckelberry
County Administrator 

Re: **Election Worker Training**

The Elections Director recently completed the election worker training academy. A total of 1,785 individuals went through and graduated from the academy. We are now beginning three weeks of intensive poll worker training before the Primary and General elections of this year.

I am enclosing, for your information and use, a training DVD that was produced by Pima County for the purpose of facilitating poll worker training and allowing poll workers to automatically refresh their skills post-academy or training prior to the Primary or General election. As you review the DVD you will see that an extensive number of topics have been covered in this training video.

In addition, a public service announcement has been produced that is designed to assist in poll worker recruitment. It has been distributed to various television and video media throughout the region.

CHH/jj

Enclosure

c: Brad Nelson, Elections Director
