County Administrator 

Re: **Rosemont Air Quality Permit Application**

As you know, on Friday, September 17, 2010, a radio advertising campaign began, sponsored apparently by Rosemont Copper through others, to attempt to influence your decision as the Air Quality Control Officer. Such a campaign is not based on any factual analysis of the application and should not affect your decision.

When a decision has been made within the timeframe allotted by rule and law, please provide me and the Board of Supervisors with a copy of the decision. We are collecting names and contact information of those who have been instructed to contact us regarding approval of the permit application. Once a decision has been made, we will communicate the outcome of your review to those who have inquired.

CHH/mjk

c: The Honorable Chairman and Members, Pima County Board of Supervisors
John Bernal, Deputy County Administrator for Public Works
Lesley Lukach, Deputy County Attorney
