Dear Jenn,

Lend A Hand is trying to develop a new program for our Seniors. We are working with Market on the Move, which is an organization that brings produce to Tucson. Lend A Hand can buy 60 pounds of produce (what ever is in season) for \$10 and then we make up bags for our senior clients and take it to their homes. We feel this is a wonderful addition to the services that we already provide. The proper nourishment is so essential to keep our seniors healthy and so many are on limited incomes and can't afford fresh vegetables and fruits.

We are just starting this service and expect it shall grow as we add more and more senior clients to our program. We now serve 119 clients and so feel this can really make a big difference in their lives.

If your office has any available funds to help us achieve this new goal we would very much appreciate your support.

Sincerely

Jane Hoffmann
