Subject: Amado Youth Center

Hi Kiki,

I am writing to make a request for Compass Behavioral Healthcare, inc. on behalf of the Amado Youth Center Project in Amado, AZ.

We currently are running an after and out of school time program for youth ages 8 -18 three days a week. We also provide a "Safe and Drug free Fri Night" movie/event night for the youth once a month.

The youth that we serve have very limited opportunities in Amado and really depend upon the services and opportunities that we provide at the youth center.

We have a great local support team and over 20 local volunteers from the various churches who contribute time and support the youth in the programs through mentoring for Homework help and supervising youth activities. The volunteers donate various items (craft supplies, etc.) and many make small financial donations.

The programming at the Amado Youth Center recently lost funding and does not currently have the funding it needs to continue with the level of services that are in demand.

We would like to ask for some support funds, as they are available to help us keep this project going. It is both valued and needed in this little rural community.

Thank you very much for your consideration,

Sincerely,

Amy Bass
Project Director
Amado Youth Center
