Here is what we spoke about briefly this morning. Also I sent the park issue to Valerie. She requested \$17879 (this included a raise) she usually gets \$10800 but this year her funding is cut down to \$9100. Let me know what you think

Hi Kiki,

I noticed after I sent this that one of the line items was off, confusing the table. Here is a better copy. Thanks!!

Also on a separate note... we have been having issues with the P&R department and baseball field lites at the park. Our kids had to forfeit games and cancel practice at least 4 times this past season on the account of no lighting. There are quite a few angry folks and mummies about calling Sharon; softball/t ball/baseball is one of the few activities that our kids have in the community itself. I wanted to give you the heads up.

As always Kiki, thank you!!
