The National Association of Counties 2016 WIR Conference

MAY 25-27, 2016 | SNOW KING HOTEL & EVENTS CENTER | TETON COUNTY (JACKSON HOLE), WYOMING

Event Overview

The NACo Western Interstate Region (WIR) Conference brings together county officials from across the nation to focus on pressing issues facing counties and our residents. Each year the conference is hosted by a county within the fifteen Western states—Alaska, Arizona, California, Colorado, Hawai'i, Idaho, Montana, Nevada, New Mexico, North Dakota, Oregon, South Dakota, Utah, Washington and Wyoming—and provides attendees with the opportunity to interact with federal, state and regional policymakers, participate in educational sessions and take home tools to address challenges.

DRAFT AGENDA

3.24.16

TUESDAY, MAY 24

12:00 p.m. - 6:00 p.m. **MOBILE WORKSHOP** *(Pre-Registration Required)*

Exploring Wyoming's Natural Resources: Energy Production on Public Lands

A comfortable and scenic bus ride through the Bridger-Teton National Forest along the famous Snake and Hoback Rivers will bring you to Teton County's neighbor to the south, Sublette County, Wyoming. In addition to breathtaking views of the Wind River and Wyoming Range mountains, Sublette County is home to the largest public lands oil and gas field in the United States. Combined, the Jonah Field and the Pinedale Anticline boast an estimated 50 trillion cubic feet of natural gas reserves. On this tour you will see massive scale energy production on public lands up close, and the just as massive effort to minimize the impacts of that development. Industry and county officials will brief you on how this production can successfully coexist with the abundant wildlife in Sublette County, and how the County has partnered with industry and the state to dramatically reduce ozone causing emissions. You may even see some of Wyoming's wildlife crossing one of Sublette County's wildlife overpasses.

Be sure to wear comfortable walking shoes and dress to be outside. Please allow approximately 6 hours for this tour.

TUESDAY, MAY 24 (Continued)

12:15 p.m. - 5:30 p.m. MOBILE WORKSHOP (Pre-Registration Required)

Behind the Scenes of Grand Teton National Park: Intergovernmental Collaboration at Work

Join senior Grand Teton National Park officials in a behind-the-scenes tour of one of our most popular national treasures. Towering over Wyoming's sagebrush plains, the Tetons soar to elevations above 13,000 feet, providing spectacular views and unparalleled opportunities for wildlife watching and recreation. Last year, Grand Teton National Park attracted a record number of visits – 4.6 million. On this mobile workshop, you can sit back and take in the scenery and wildlife, while also learning about the visitor services, utilities, emergency services, concession operations and partnerships that it takes to run a large, complex national park. This bus tour will travel through the heart of the national park, where you will learn about unique collaborative efforts by local, state and federal agencies, including the Jackson Hole Airport (the only commercial airport in a national park), state-owned land parcels within national park boundaries and cooperative emergency services. The tour wouldn't be complete without a stop at the world-renowned Jackson Lake Lodge for beautiful views and some Wyoming hospitality.

Be sure to wear comfortable walking shoes and dress to be outside. Please allow approximately 6 hours for this tour.

7:30 p.m. - 9:00 p.m. FILM SCREENING: The Grand Rescue

THE GRAND RESCUE is a story of a rescue that became legend. In 1967, on the North Face of the Grand Teton, seven rescuers risked their lives to save a severely injured climber and his companion. The rescue took three harrowing days and pushed the team to new abilities. Remarkably, the injured climber was critical of those who risked their lives to save his. THE GRAND RESCUE exposes the tenuous relationship between man and the mountain, and recounts an unprecedented rescue in American mountaineering.

WEDNESDAY, MAY 25

7:30 a.m. – 8:15 a.m. Public Lands Trust Fund Trustees Meeting (Not Printed in Final Program)

8:00 a.m. - 4:00 p.m. WIR Conference Registration

8:30 a.m. - 9:30 a.m. NACo Audit Committee Meeting (Not Printed in Final Program)

8:30 a.m. - 12:00 p.m. WIR Board of Directors Meeting

12:15 p.m. - 1:30 p.m. LUNCH BREAK (Lunch on Your Own)

WEDNESDAY, MAY 25 (Continued)

**1:30 p.m. - 5:00 p.m. Public Lands Policy Steering Committee and
Environment Energy and Land Use Policy Steering Committee
Joint Meeting and Mobile Workshop**

The two Steering Committees will be meeting with officials from Teton County and Grand Teton National Park to learn about their public-private partnership to learn about the development and implementation of the Zero Landfill initiative. Each year, Teton County generates almost 40,000 tons of waste from residents and businesses and the closest landfill is over 100 miles away. To address rising costs and limited landfill space, the county created a public-private partnership to launch a Zero Landfill Initiative to significantly cut county waste by 2030.

**2:45 p.m. - 5:00 p.m. Agriculture and Rural Affairs Steering Committee
Mobile Workshop: Vertical Harvest Tour**

The Steering Committee will be visiting Vertical Harvest's hydroponic greenhouse, a public/private partnership with the town of Jackson that will fill an ever increasing market demand for locally grown, fresh produce. The three story, 13,500 sq. ft. hydroponic greenhouse will utilize a 1/10 of an acre to grow an annual amount of produce equivalent to 5 acres of traditional agriculture. With 95 percent of its product already under pre-purchase agreements, Vertical Harvest will grow and sell vegetables year-round to the Jackson area via restaurants, local grocery stores and directly to consumers through on-site sales.

6:30 p.m. - 9:00 p.m. WIR Board of Directors and NACo Board of Directors Reception

10:15 a.m. - 11:45 a.m. WORKSHOP: Is Your County Prepared? Responding to Active Shooter Incidents

Across the country, numerous county governments, schools and other community entities have experienced active shooter situations. Regardless of whether the incidents occur in the workplace, a school or in another public place, counties are on the frontlines in responding to these incidents. This workshop will explore lessons learned and recommendations from previous county responses to active shooter incidents.

- **Hon. Darry Stacy**, Commissioner, Cleveland County, Oklahoma, Instructor, Centurion Consulting Group

THURSDAY, MAY 26 (Continued)

10:15 a.m. - 11:45 a.m. WORKSHOP: Keeping Our Counties Safe and Secure: Addressing Local Road Safety

How can your county improve local road safety? More than half of all roadway fatalities take place on rural roads. This educational session will focus on what actions counties can take today to keep our roads safe and secure, including unpaved and forest service roads. Speakers will highlight the best tools and resources available today, including resources from the U.S. Federal Highway Administration, paired with county success stories and key lessons learned.

- **Rosemarie Anderson**, Transportation Specialist, Office of Safety, Federal Highway Administration
- **Khaled Ksaibati**, Professor of Civil Engineering and Director of the Wyoming Technology Transfer Center, University of Wyoming
