Supervisor Bronson,

We are conducting a Service Day for Rillito, AZ on November 9<sup>th</sup> this year. This impoverished community needs our help with upkeep of their homes and community buildings. We have recently remodeled our low-income housing in Marana and Benson and have used appliances, windows and doors that we are donating to the residents of Rillito. Can you assist us with funding for items we will need? We will use donations to purchase basic carpentry supplies such as lumber and siding to refit windows and doors, plumbing and electrical supplies to install stoves, water heaters and refrigerators, HVAC supplies to install swamp coolers, t-shirts for volunteers, food to feed volunteers and landscaping supplies.

We are happy to assist this community and will work with Pima County to assist the residents of Rillito in maintaining their homes and community buildings.

Thank you for your kind support of this project,

Roberta Hall  
Resource Development Coordinator / Grant Writer

# RILLITO NEEDS YOUR SUPPORT !

Can you imagine the lives of the children who play here? Live here?

It must be very cold in the winter, and very hot in the summer...

This is Rillito. This small impoverished community is just a few blocks away from all the new development in Marana, AZ. Most of the residents are elderly or single parents with few resources.

**We are planning a community service day in Rillito on Saturday, November 9<sup>th</sup>, 2013. From 7 am to 5 pm.**

**Food will be provided!**

We have some resources we are giving to this group of people, and we are wondering if you would like to help? We recently upgraded two of our housing facilities that serve the disadvantaged, which resulted in a surplus of used appliances (including swamp coolers), windows and doors. These supplies are desperately needed in the homes in Rillito. We are planning a work day here in the community to install as many windows, doors and appliances as we can.

We are Portable Practical Educational Preparation (PPEP) and affiliate PPEP Microbusiness and Housing Development Corporation. We have served the disadvantaged in southern Arizona for the past 46 years. We would love to have your assistance in this day of service to the Rillito community!

We can use help with funding for t-shirts and basic safety equipment, food and drinks for the workers who will offer their time to this endeavor, the time and effort of those who know carpentry, painting, or are interested in doing simple site cleanup. We can use additional used appliances that work, carpentry, plumbing, electrical and cleaning supplies.
