Dear Valued Supporter and Guest,

Due to the incredible support from the community and people like you, our Higher Ground Banquet on August 23rd is now closed and all of the sponsorships are full. However, we continue to work towards our goal of raising the funds necessary to fully support the costs of launching our new Higher Ground campus this fall of 2013.

We invite you to a private event where you will be given a **VIP** first-look at the brand new campus that is being transformed into what will become a safe harbor for thousands of young people and their families as they seek to rebuild their lives and overcome poverty, drug addiction, homelessness, and abuse.

Join us for a night you will never forget. Selecting one of the sponsorship packages below will make a difference in the lives of thousands in our community and your generosity will pave the way for true life transformation to take place in the heart of Tucson.

Thank you for partnering with us.

Most Sincerely,

Jansen Azarias  
Founder and Director
