We have audited the accompanying Annual Expenditure Limitation Report of Pima County for the year ended June 30, 2010. This report is the responsibility of the County's management. Our responsibility is to express an opinion on this report based on our audit.

We conducted our audit in accordance with U.S. generally accepted auditing standards. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the report is free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the report. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall report presentation. We believe that our audit provides a reasonable basis for our opinion.

The accompanying Annual Expenditure Limitation Report was prepared for the purpose of complying with the uniform expenditure reporting system as discussed in Note 1, and is not intended to be a presentation in conformity with U.S. generally accepted accounting principles.

In our opinion, the Annual Expenditure Limitation Report of Pima County for the year ended June 30, 2010, referred to above presents fairly, in all material respects, the information required by the uniform expenditure reporting system on the basis of accounting described in Note 1.
