Arlan Colton, University of Arizona Planning Program
Brian Powell, Natural Resources Parks and Recreation Department
Carolyn Campbell, Coalition for Sonoran Desert Protection
Catlow Shipek, Watershed Management Group
Chris Gurton, Country Financial
Christina McVie, Tucson Audubon Society
Clair Zucker, University of Arizona Water Resources Research Center
Craig Civaler, Community Water Coalition
Diana Durazo, County Administrator's Office
Eric Holler, Community Water Coalition
Eric Shepp, Pima County Regional Flood Control District
Griselda Moya-Flores, Pima County Office of Emergency Management
Ian Sharp, Farmers Investment Company
Ivy Schwartz, Tucson Mountain Association
Jason Ground, Pima County Communications
Jeff Guthrie, Pima County Office of Emergency Management
Jim Cunningham, Pima County Department of Transportation
Jonathan Horst, Tucson Audubon Society
Lola Graeme, Catalina Foothills Association
Matt McGlone, Pima County Office of Emergency Management
Nicole Fyffe, Pima County Administrator's Office
Patrick Marum, Southern Arizona Homebuilders Association
Peter Chesson, Tucson Mountain Association
Sandra Espinoza, Pima County Office of Emergency Management
Shane Clark, Pima County Office of Emergency Management
Shawn Cote, Southern Arizona Homebuilders Association
Steve Dolan, Tucson Mountain Association
Steve Huffman, Tucson Association of Realtors
Terri Tillman, Pima County Development Services Department
Tim Campbell, Farmers Investment Company

- 1) Welcome & Introductions
- 2) Project Schedule
- 3) Presentation of Flood Hazards
 - a) General Overview of Hazards
 - b) Map Displays by Watershed

- 4) Discussion and Recommendations for Additional Hazard Identification
- 5) Hazard Exposure Introduction
- 6) Questions
- 7) Adjournment

FMP Project Update and Hazard Assessment Information Recommendations

Community Engagement:

Since the first Committee meeting held December 6, 2018, District staff has participated in the following informational and special meetings with stakeholders as follows:

- Pima Association of Governments Environmental Planning Advisory Committee – Dec 7, 2108 Informational Announcement.
- Catalina Foothills Association – January 29, 2019
- Community Water Coalition Lower Santa Cruz River Recharge and Oxbow Restoration Sites Tour – February 11, 1019
- Tucson Estates Property Owners Association Informational Meeting – February 27, 2019
- Tucson Mountain Association Board - March 26, 2019

Hazard Assessment:

Using best available data, the District has created maps depicting known flood hazards for each of the watersheds to be included in the plan. These maps will be presented in the April 15, 2019 meeting at the District offices and are available for stakeholder review in advance of the meeting on the project website at www.pima.gov/fmp.

In addition to shaded relief, jurisdictional and watershed boundaries the hazard maps show the following hazard information:

- Watercourses: The line-type, as shown in the legend, indicates the associated default Erosion Hazard Setback which is determined by the watercourses base flood peak discharge rate.
- Federal Emergency Management Agency (FEMA) Special Flood Hazard Areas, including floodplains and floodways in blue.

- Pima County Local Study Floodplains in pink.
- Pima County Regulated Riparian Habitat in green.

The District requests that stakeholders review these maps in advance of the meeting with emphasis on areas with which you are concerned and or have specific knowledge. The goal is to share with the District and other stakeholders any comments or concerns regarding the existing information, provide additional relevant information regarding hazards which should be considered, and recommend future hazard assessment projects that can be incorporated into the overall plan recommendations.
