Subject: Pima County's Floodplain and Erosion Hazard Management Ordinance

Dear Mr. Toczanowsky:

The Regional Flood Control District is working to revise the Pima County Floodplain and Erosion Hazard Management Ordinance (Floodplain Ordinance). We are working with stakeholders on the proposed revisions and we would appreciate receiving SAHBA's input. As these revisions will go to the Pima County Board of Supervisors for their approval, we are also asking your assistance in distributing information to your members via email and/or your website.

Enclosed is information briefly describing some of the more substantive revisions being proposed. To view the revisions in their entirety, please visit our website at: www.rfcd.pjma.gov.

The District will submit the proposed revisions to the Pima County Board of Supervisors for adoption in April or May of 2009 and your timely feedback is important so that we may incorporate your ideas and suggestions into the revisions. As such, we ask that you contact Ann Donohue, Program Coordinator, at 243-1800 **before March 27, 2009** in order to arrange a meeting to review and discuss the proposed revisions.

Sincerely,

A handwritten signature in black ink that reads "Suzanne Shields". The signature is written in a cursive, flowing style.

Suzanne Shields, P.E.
Director and Chief Engineer
