## ADDENDUM #2

### IFB 147692 Solar Electricity for Three Wastewater Facilities (WRF)

The following changes are incorporated into IFB 147692:

1. To allow sufficient time for potential respondents to incorporate the IFB modifications defined by this addendum in their bids:

**Change:** the due in date as follows:

**From:** November 6, 2014 @ 11:00 AM Tucson Time.

**To:** November 13, 2014 @ 11:00 AM Tucson Time

2. The initial SSA document page numbering inadvertently omitted page 23.

**Add** Page 23 to the SSA for each site with the following statement on each one:

**THIS PAGE LEFT BLANK INTENTIONALLY**

3. To incorporate changes to Exhibit A Section 1.2 Expected & Guaranteed Performance

**Delete** page 24 on the SSA in its entirety for each site and replace with the attached new page 24 for each site. (The pages are project and site specific).

The page was re-formatted to list all notes, changes and clarifications of the notes at the top of the page(1.2a.b.c.d.e).

4. **Add** the peak usage for electricity for Green Valley from TEP information as an attachment.

There are no other changes to IFB 147692. All Standard Terms and Conditions remain the same.
