DELETE: from Exhibit A: Course Fees, the following:

Will you prorate course fee for students who register after classes have started? (circle applicable answer)	Yes No
--	---------------

NOTE: Currently Pima County does not charge an administrative fee but could potentially charge each enrolled student an additional \$5.00 administrative fee per course. This fee will not directly impact the amount of money Instructor will receive for each class.

The following questions and answers were discussed during the Pre-Proposal Conference.

Question 1: Refer to Attachment 1: Questionnaire for Art and Leisure Instructor Services: Is the minimum acceptable number of students per course five (5)?

Answer 1: No. The County will evaluate on a case-by-case basis, if it is practical for the County to allow for continuation of a class with less than five (5) students.

Question 2: I have four classes that I would like to propose. Each class is offered to both Adult and Youth. Am I limited to offering only three (3) classes?

Answer 2: Indicate three different courses by price point. For example, Course A is a six-week class that can be offered to both Adults and Youth at the same price of \$x.00. Course B is a two week class for adults only and is offered at \$x.00. Course C is a one-time Work Shop that can be offered to both Adults and Youth at the same price point of \$x.00. During the term of the contract the County will accept different Courses not specified in the proposal, provided the course is within the same Scope of Service originally offered.

No oral agreement or understanding shall in any way modify this contract or the terms and conditions herein. Contractor's acceptance, delivery or performance called for herein shall constitute unqualified acceptance of the terms and conditions of the resultant contract.

The failure of either party to insist on one or more instances upon the full and complete performance with any of the terms or conditions of the Master Agreement, Purchase Order, Delivery Order or Delivery Order Maximo to be performed on the part of the other, or to take any action permitted as a result thereof, is not a waiver or relinquishment of the right to insist upon full and complete performance of the same, or any other covenant or condition, either in the past or in the future. 40. SUBCONTRACTORS:

Any breach of Contractor's or any Subcontractor's warranty of compliance with the State and Federal Immigration Laws, or of any other provision of this section, is a material breach of this Contract subjecting Contractor to penalties up to and including suspension or termination of this Contract. If the breach is by a Subcontractor, and the subcontract is suspended or terminated as a result, Contractor will take such steps as may be necessary to either self-perform the services that would have been provided under the subcontract or retain a replacement Subcontractor as soon as possible so as not to delay project completion.

Contractor will advise each Subcontractor of County's rights, and the Subcontractor's obligations, under this Article by including a provision in each subcontract substantially in the following form:

"Subcontractor hereby warrants that it will at all times during the term of this contract comply with all federal immigration laws applicable to Subcontractor's employees, and with the requirements of A.R.S. § 23-214 (A). Subcontractor further agrees that County may inspect the Subcontractor's books and records to insure that Subcontractor is in compliance with these requirements. Any breach of this paragraph by Subcontractor is a material breach of this contract subjecting Subcontractor to penalties up to and including suspension or termination of this contract."

Any additional costs attributable directly or indirectly to remedial action under this Article is the responsibility of Contractor. In the event that remedial action under this Article results in delay to one or more tasks on the critical path of Contractor's approved construction or critical milestones schedule, such period of delay will be excusable delay for which Contractor is entitled to an extension of time, but not costs.

43. CONTROL OF DATA PROVIDED BY COUNTY:

For those projects and contracts where County has provided data to enable the Contractor to provide contracted services or products, unless otherwise specified and agreed to in writing by County, Contractor will treat, control and limit access to said information as confidential and will under no circumstances release any data provided by County during the term of this contract and thereafter, including but not limited to personal identifying information as defined by A.R.S. § 44-1373, and Contractor is further prohibited from selling such data directly or through a third party.
