Pima County Finance and Risk Management is recommending to the Board of Supervisors the adoption of three automatic annual rate increases to the existing sewer user fee of four percent (4%) beginning July 1 on 2015, 2016, and 2017. An overview of the proposed rate increases is contained in the Draft Fiscal Year 2015 Financial Plan for the Regional Wastewater Reclamation Enterprise Fund. Copies of the Plan are available online at the County's webpage, <http://www.pima.gov/> or by calling the Finance and Risk Management Department, 724-8229.

The public meeting is sponsored by the Regional Wastewater Reclamation Advisory Committee and will review the proposed rates.

There will also be an opportunity to speak on the proposed rates during the public hearing to be held at the Board of Supervisors meeting when the matter is scheduled for action, which is currently anticipated to occur on March 10, 2015.

Arrangements for individuals with disabilities who require accommodations (auxiliary aids or services) for effective participation and communication in the meeting may be made by contacting the Pima County Regional Wastewater Reclamation Department. Requests should be made as early as possible. The meeting site is wheelchair accessible. Please call Veronica Lopez at 724-6500 to arrange accommodations, and for questions about the meeting or additional information.
