## Standards of Conduct

On Election Day, the poll workers are official representatives of Pima County and should conduct themselves in a professional manner. They should be fair, impartial and equitable to all voters. Pima County's standards of professional conduct are:

- Be courteous and respectful to all people regardless of age, race, sex, disabling condition or lifestyle.
- Do not make remarks that are sexist or ethnic in nature. Refrain from making comments about names.
- Do not keep food or beverages on the election work tables. These items should be on a separate table or on the floor. A spilled drink (even water) can ruin a stack of ballots, or other election paperwork.
- Poll workers may do handiwork, such as knitting, crocheting, etc., but such activities should never interfere with or delay service to voters. Yarn, needles, and other items must be kept off election work tables.
- Poll workers may read personal materials. Special care should be exercised to ensure that reading materials could in no way be construed as political or partisan in nature; this includes newspapers.
- Although it is a long work day, please minimize conversation as it distracts voters and other poll workers. At no time during the day should politics or items on the ballot be discussed by poll workers.
- Cellular phones are not to be used for personal purposes within the polling location. They may be used to conduct official election business with Pima County Elections staff or the Pima County Recorder's Office. Poll workers may not use electronic devices such as radios, televisions, tablets, or laptops in the polling place unless it is issued to them by Pima County Elections Department.

## Dress and Presentation

On Election Day, poll workers should dress and act professionally to reflect the importance of the election and to assure the voters' trust. Poll workers should be clean and groomed; clothing and footwear should be in good repair. Please be aware that some people have reactions to strong scents so keep perfume and cologne to a minimum.

**Appropriate attire** would be slacks, jeans, collared shirts or blouses, with clean sneakers or dress shoes. Shorts, skirts and dresses may be worn but should be at or below the knees. **Inappropriate attire** would be cut-offs or knit shorts, t-shirts (with or without ads or inappropriate language), tank tops, flip-flops, revealing clothing, campaign/candidate attire of any kind or any clothing with a political affiliation.

## Roles and Responsibilities

Poll workers serve important roles in administering one of our fundamental democratic freedoms, the right to vote. As with any organizational structure there must be clear lines of responsibility and authority. To qualify as a poll worker you must be registered to vote in Pima County (A.R.S. § 16-531). Inspectors, Judges and Marshals must be registered to vote as either a Republican or a Democrat.

In the polling place there are 7 primary roles: Inspector, Judge of the Opposite Party (of the Inspector), Judge of the Same Party (of the Inspector), Marshal, ID Clerk, Poll List Clerk and Special Situations Clerk. Together these poll workers are referred to as the Election Board for their polling place. The Election Board members are required to attend training prior to each election (A.R.S. § 16-532), to know the basic duties of their positions and will follow the directions and guidance given by the Inspector who is in overall charge of each polling location.

No poll worker should, at any time, make up policies for problem situations (including the Inspector). If a question arises that has not been covered in training or in any manual, the Inspector should call the Election HOTLINE (724-8551) and ask for guidance.

## Working Hours

In addition to the training classes, the polling place should be set up the night prior to the election (with the exception of everything in the steel cage) if at all possible. When setting up the night before is not possible, make sure your set up is complete when the polls open.

**On Election Day, all Board Members are to report to their assigned polling place no later than 5:00 AM. THE POLLS WILL OPEN PROMPTLY AT 6:00 AM WITHOUT EXCEPTION.**

During Election Day, do not leave your work station as long as the polls are open unless you are relieved by the Inspector, who will schedule meal and work breaks around the amount of voters who come to your location. Although the polls close at 7:00 PM, the work day continues until all the closing procedures are complete and you have been released by your Inspector.

If you have an unexpected emergency that will prevent you from working the polls on Election Day, please notify the Elections Department at 724-6830 (prior to the election) or 724-8551 (on the day of the election), as soon as possible so a replacement can be assigned. Please contact your Inspector as well so they are kept informed and can make adjustments if necessary.

## Assisting Voters

**Regular:** Voters asking for assistance from poll workers requires two poll workers of different political parties.

**Disabled:** The key to providing quality services to voters with disabilities is to remember that all voters are individuals and should be treated with the same respect as you would ask for yourself. In most cases, the best way to learn how to accommodate voters with disabilities is to ask them directly what they require from you. Here are some suggestions to assist voters with disabilities:

- Be considerate of the extra time it might take for a voter with a disability to vote.
- Federal law allows voters with disabilities to be accompanied and to receive assistance by another person while voting. If asked, poll workers can provide assistance as well but remember that it takes two poll workers of different parties to help when requested.
- Speak directly to the person who has the disability rather than to the companion who may be along to provide assistance.
- Speak calmly, slowly, and directly to a person with a hearing impairment. Your facial expressions, gestures, and body movements help in understanding. Writing a note may be helpful.
- Before pushing someone in a wheelchair, ask permission first and how you should proceed.
- Greet a person who is visually impaired by introducing yourself and where you are in the room. Provide a signature guide for signing forms. When offering walking assistance, allow the person to take your arm and tell the person if you are approaching steps, inclines or declines.

Be aware that assistance animals must be admitted into all buildings. Such animals are highly trained and do not require special care from anyone other than their owner. Do not talk to or pet the assistance animal.

**Language:** Pima County Elections has taken a number of steps to ensure that all voters have materials and information available to them in the polling place. In addition to having Spanish and/or Native American language translations of election materials, Pima County Elections provides bilingual poll workers in many targeted polling places on Election Day. If your polling place needs a translator and one has not been assigned to your precinct, contact the HOTLINE (724-8551) immediately.

## **Electioneering, Exit Polling, Watchers and Media**

**Electioneering** occurs when an individual knowingly, intentionally, by **verbal expression** and in order to induce or compel another person to vote in a particular manner, or to refrain from voting, expresses support for or

opposition to a candidate, a ballot question, or a political party which appears on the ballot in that election.

Poll workers must be careful to avoid remarks that may be construed as electioneering. Comments about candidates or issues on the ballot should be avoided altogether. If a voter or anyone tries to engage in a discussion of political issues or asks an opinion about an election matter, poll workers should say, **“I’m not allowed by law to comment on that.”**

No signs advocating passage or defeat of a measure or candidate on the ballot should ever be posted on public property. Poll workers are authorized to remove such signs if they are posted inside the 75 foot limit on Election Day. Additionally, election/campaign signs in or on cars are not allowed within the 75 feet of the polling place.

**Informational vs. campaign materials:** The law allows informational materials which are neutral in language to be published by a jurisdiction. However, any information promoting passage or defeat of a measure, or the election or defeat of a candidate is not allowed to be exposed in the polling place except in the privacy of a secrecy booth.

**Exit Polling/Petition Circulators** occurs when poll takers question voters about how they voted as they leave the polling place or ask you to sign a petition. No one is obligated to answer the questions of an exit poller or sign a petition. The exit pollers might be media representatives, representatives of political parties, or campaign workers. Exit polling must be conducted outside of the 75 foot limit and they are prohibited from engaging in any activities that would interfere with the freedom of voters to enter or leave the polling place or to cast their vote. If told in advance that exit polling will be conducted at specific polling places, Pima County Elections staff will notify the Inspectors at that facility.

**Poll Watchers** are appointed by political parties and will present an introductory letter to the Inspector signed by the county party chair or campaign.

Poll watchers may observe the voting process before, during and after voting hours. They may also observe the opening and closing process but only if they remain quiet and well away from the poll worker's tables.

Poll watchers may not handle ballots, poll books, or interfere in any way with the voting process. They cannot electioneer within 75 feet of a polling place entrance or exit. They also are not able to remove any items from the poll worker's tables, approach any voting booths or use a cellular phone in the polling place.

**Media Observers** are not allowed within the 75 foot limit. Absolutely no recording of any kind (audio, video, or still photography) may take place inside the 75 foot limit.

If you have further questions about Election Day exit polling, poll watchers and observers, or electioneering, call the HOTLINE (724-8551).

## **Prior to Election Day**

**Board Instruction Class:** All poll workers **MUST** attend a board instruction class prior to Election Day (A.R.S. § 16-532). If you have been a poll worker in the past, bring your manual with you to class. If a new manual has been created, exchange it at the class so you have the most current edition. **Be sure to bring your manual with you on Election Day for use as a reference.**

Make sure that the Pima County Elections Department has your current contact information. Your Inspector will contact you prior to the election. If you have not heard from your Inspector by the Sunday prior to the election use the contact phone number printed on your letter and call them. Make sure you ask them about what conveniences are available for your use (refrigerator, microwave, coffee pot, etc...) so you can plan ahead for Election Day.

It is important that all poll workers know the location of the polling place in advance and how long it takes to get there. Keep in mind that it may look different in the dark at 5:00 AM. The Marshal should note the flow of traffic

around the polling place to decide where to place the signs for maximum visibility and voter safety on Election Day.

**Monday Night Set-Up Meeting:** We ask our Inspectors to hold a Monday night set-up meeting if at all possible. This is an opportunity to complete the supply inventory, set up the voting booths and signs, prepare items for the election, review the duties of the board members and get the chance to meet the people you will be working with during Election Day. Participation is not mandatory on Monday night but it is highly recommended.

**Prepare to Open the Polls:** If poll workers are unable to enter the polling place because the janitor/custodian has failed to arrive, or the key does not fit/work, or if the Inspector does not arrive by 5:10 AM, any other poll worker must call the HOTLINE (724-8551) immediately. If necessary, drive to the nearest phone.

If your station is not ready, complete setting it up before asking the Inspector how you can help. If your station has already been set up the night before, take your instructions from the Inspector to finish getting the polls ready for voters.

The Marshal will administer the Oath of Officers of Election to the Inspector. This is found on the back cover of the Red Poll List. The Inspector will then have all board members take the oath; everyone needs to print their names and sign the document. The Inspector or someone by their direction will hand out name tags. Make sure your name and position are clearly stated for the voters to see.

The Inspector will oversee the marking of the 75 foot limit, posting of the required signs, and sample ballots by the Marshal and **direct the Marshal to open the polls at exactly 6:00 AM.**

# Voting Procedures

All board members should be courteous at all times. Treat the voters as you would want to be treated.

When a voter arrives at the polling place, he or she reports to the ID Clerk. The ID Clerk asks for the voter to state their name and address and for a form of acceptable ID.

## At this point 5 situations may occur:

1. The ID Clerk locates the elector's name in the Precinct (Information) Register and the voter presents acceptable identification that matches the information in the Precinct Register. The ID Clerk checks the appropriate box on the Voter ID Slip and directs the voter to the Signature Roster Judge (Judge of the Same Party or JSP).
2. The ID Clerk locates the elector's name in the Precinct Register and finds that the voter is marked as having been sent an **Early Ballot**. The ID Clerk checks the appropriate box on the Voter ID Slip, issues the slip to the voter, and directs them to the Special Situations table.
3. The voter's name is found in the Precinct Register – but the information in the register does not match the information on the identification presented by the voter. The ID Clerk checks the appropriate box, issues the slip to the voter and directs them to the Special Situations table.
4. The voter's name is found in the Precinct Register but the voter does not present acceptable identification. The ID Clerk checks the

- The voter's name is not found in the Precinct Register. The ID Clerk checks the appropriate box on the slip, issues the slip to the voter, and directs them to the Special Situations table.

**Regular Ballot:** The ID Clerk locates the voter's name in the register and the ID reasonably matches the register information. The ID Clerk enters on the Voter ID Slip the voter's register number from the precinct register, checks the appropriate (top) box on the Voter ID Slip, places their initials on the line next to the register number, issues the slip to the voter and directs the voter to the Signature Roster Judge (Judge of the Same Party or JSP). The voter continues with standard voting procedures as follows.

The JSP locates the voter's name in the Signature Roster and marks the correct signature line with a small "x." The voter signs the roster in the space provided next to his or her name. The voter may sign "upside down" from the JSP's point of view unless the signature line contains an affirmation statement. If it does, the JSP will turn the Signature Roster around so that the voter can attest to the statement on the signature line.

The JSP completes the Voter ID Slip with the style (color stripe) of ballot to be issued, (if the election is a primary, the JSP will enter the party information next), then will write their initials in the proper place before passing the slip to the Ballot Issuing Judge (Judge of the Opposite Party or JOP).

The JOP reviews the information on the Voter ID Slip to issue the correct ballot to the voter. The JOP gives the proper ballot and secrecy sleeve to the voter (use of the secrecy sleeve is the voter's option but it should always be offered). The JOP explains to the voter where their completed ballot should be placed (Metal Ballot Box) and directs them to an empty secrecy booth. NOTE: Issuing a ballot before a secrecy booth is available could contribute to missing ballots if impatient voters walk out undetected.

The JOP passes the Voter ID Slip to the Poll List Clerk to place the information from the slip into the Red Poll List.

The Poll List Clerk looks up the voter's information in the Precinct Register and accurately copies the voter's register number and name (last name, first name and middle initial) on the next available line of the Red Poll List. Each entry should be numbered consecutively.

The poll list automatically records the information in triplicate. Insert the cardboard backing behind the last copy to prevent copy marks from appearing on the pages below. The Poll List Clerk must take care to press hard as they write so the information goes through to all four copies.

The election official monitoring the Metal Ballot Box should collect the secrecy sleeves from the voter prior to handing them an “I Voted” sticker.

**Voter is Marked Early:** If the voter has brought a voted Early Ballot to the polling place, the Special Situations Clerk will make sure that the voter has completed and signed the Early Ballot Affidavit Envelope, has sealed their completed ballot in the envelope and have the envelope placed into the Blue Ballot Box (by the voter or the clerk).

If the voter has the Early Ballot and has not voted the ballot, direct the voter to an empty secrecy booth; ask them to vote the ballot, complete and sign the Early Ballot Affidavit Envelope, seal the ballot inside, and place it in the Blue Ballot Box.

If the voter has not brought the Early Ballot to the polls, he or she shall be allowed to vote a Provisional Ballot. If the voter is not listed in your Precinct Register, a call MUST be made to the Recorder’s Office to ensure voter is in the correct polling place.

The ID Clerk locates the elector’s name in the Precinct Register; the ID reasonably matches the register information, but finds that the voter is marked as having been sent an **Early Ballot**. The ID Clerk enters on the Voter ID Slip the voter’s register number from the Precinct Register, checks

the appropriate (second) box on the Voter ID Slip, places their initials on the line next to the register number, issues the slip to the voter and directs the voter to the Special Situations table.

The Special Situations Clerk will locate the voter’s information in their Precinct Register, complete and SIGN the top portion of the Provisional Ballot Envelope in **RED** ink marking the appropriate boxes on the form to match the information in the register. The voter completes and SIGNS the bottom portion of the form in **RED** ink.

empty secrecy booth and instructs the voter to bring the items back to the Special Situations table when they have finished voting.

When the voter has completed voting, he or she seals the ballot in the Provisional Ballot Envelope (remind the voter to complete this step prior to returning to the table). The Special Situations Clerk removes the numbered receipt and hands it to the voter. The clerk or the voter can then deposit the Provisional Ballot Envelope in the Blue Ballot Box (if the clerk deposits the envelope, do it in front of the voter).

**Acceptable ID, Name/Address does not match register:** The ID Clerk locates the elector's name in the Precinct Register but the ID does not reasonably match the register information. The ID Clerk enters on the Voter ID Slip the voter's register number from the Precinct Register, checks the appropriate (third) box on the Voter ID Slip, places their initials on the line next to the register number, issues the slip to the voter and directs the voter to the Special Situations table. The Special Situations Clerk will perform the same Provisional Ballot Envelope procedures as listed for a voter with an Early Ballot as stated above.

**Voter DOES NOT have acceptable ID:** The ID Clerk locates the elector's name in the Precinct Register; the voter has insufficient or NO acceptable ID. The ID Clerk enters on the Voter ID Slip the voter's register number from the Precinct Register, checks the appropriate (fourth) box on the Voter ID Slip, places their initials on the line next to the register number, issues the slip to the voter and directs the voter to the Special Situations table.

The Special Situations Clerk will locate the voter's information in their precinct register, complete and SIGN the top portion of the Conditional Provisional Ballot Envelope in **RED** ink marking the appropriate boxes on the form to match the information in the register. The Special Situations Clerk prints the voter's name in the Provisional Ballot Poll List/Signature Roster using the next available "V" number. The Special Situations Clerk gives the voter the completed Conditional Provisional Ballot Envelope, a pink Provisional Ballot Secrecy Sleeve (voter's option), the correct ballot as listed in the Precinct Register, directs the voter to an empty secrecy booth and instructs the voter to bring the items back to the Special Situations table when they have finished voting.

When the voter has completed voting, he or she seals the ballot in the Conditional Provisional Ballot Envelope (remind the voter to complete this step prior to returning to the table). The Special Situations Clerk removes the numbered receipt and hands it to the voter along with a copy of the yellow official Recorder's Office Location sheet (these lists can be found in the "R" envelope located in the steel cage). The clerk or the voter can then deposit the Conditional Provisional Ballot Envelope in the Blue Ballot Box.

**Voter is not found on Precinct Register:** The voter shows acceptable ID but the ID Clerk cannot locate the elector's name in the Precinct Register. The ID Clerk enters nothing on the Voter ID Slip for the voter's register number but checks the appropriate (fifth) box on the Voter ID Slip, places their initials on the line next to the register number, issues the slip to the voter and directs the voter to the Special Situations table.

The Special Situations Clerk calls the Recorder's hotline (724-4330) to determine the voter's correct polling location. If the voter is NOT in the correct polling place, the Recorder's Office will give the voter the address of their correct polling location. If the voter is in the correct polling location, the Special Situations Clerk needs to get the voter's ballot information from the Recorder's Office and will perform the same Provisional Ballot Envelope procedures as listed for a voter with an Early Ballot as stated above.

## **Spoiled Ballot Procedure**

If a voter makes a mistake on their ballot, the ballot is spoiled and returned to the person who issued the ballot (regular ballot – JOP; provisional ballot – Special Situations Clerk) for a replacement. However, no more than a total of 3 ballots may be issued to any one voter. Spoiled ballots are to be marked **SPOILED** on the ballot and placed in the Official Returns Envelope. The voter may write **SPOILED** on the ballot if he or she wishes to do so. The word **SPOILED** should also be entered in **RED** ink above the voter's name in whichever poll list their information was recorded (Red Poll List for regular ballot; Provisional Ballot Poll List/Signature Roster for provisional ballot).

## Disabled Voters/Curbside Voting Procedure

All polling locations must be accessible to those with disabilities as provided by law. The JOP should direct disabled voters to the secrecy booth adapted for voters in wheelchairs and persons who have to sit down while casting their ballots. In addition, the JOP should offer the use of the Visual Aid (magnifier) to any voter who may require it. If a voter is unable to enter the polling place, poll workers will assist the person to vote outside the polling place using the curbside voting procedure.

Once poll workers have been notified that a voter requires curbside voting, the Marshal will go out to the voter and request acceptable ID. The Marshal will take the ID to the JSP to complete the top portion of the Disabled Voter Signature Affidavit from the information in the Signature Roster.

When the form has been completed, the JSP will complete a Voter ID Slip and pass it to the JOP. The Marshal will pick up the correct ballot (as listed on the form) and a secrecy sleeve from the JOP, then take the form and ballot to the voter with another poll worker not of the same party as the Marshal. The Marshal will have the voter sign the form and witness the document as the poll worker.

I do hereby swear or affirm that I am the person listed above and that I reside at the address listed above.

The Marshal will hand the voter back their ID and issue the voter their ballot. The Marshal and second poll worker will remain in view of the voter but in such a manner as to not be able to see how the voter casts their ballot. The voter places their completed ballot into the secrecy sleeve and the Marshal and secondary poll worker will bring the completed Disabled Voter Signature Affidavit and ballot back into the polling place. The Marshal and secondary poll worker will place the ballot into the Metal Ballot Box in the presence of the Inspector, and then give the affidavit to the JSP. The JSP locates the voter's name in the Signature Roster and then prints the voter's name in **RED** ink in their signature block, followed by the words, "Affidavit Affixed." The JSP then tapes the affidavit to the back page of the Signature Roster.

The Poll List Clerk will receive the Voter ID Slip from the JOP, look up the voter's name in the Precinct Register, and enter the usual voter information into the Red Poll List in black ink. If you believe you have a special circumstance or problem, the Inspector should call the Election's HOTLINE (724-8551).

## **Inspectors Duties**

As the Inspector, you are in charge of the Election Board for your polling place. The key to running an efficient polling place is organization and effective management; this is especially important at the opening and closing of the polls. Prior to Election Day, you will be required to attend a training session, collect your Inspector's Notebook and Signature Roster (cell phone and polling place key if necessary), inspect your polling place, and contact the other members of your Election Board.

### **Inspect the Polling Place**

Review the documents in the Inspector's Notebook for specific instructions and procedures. Go over the Polling Place Agreement and Information forms. You need to verify who will be on site on Election Day. Obtain the phone numbers for the individual(s) who will open and close the facility (if you do not have direct access); get a back-up number to call in case you cannot reach that/those individual(s).

If you have a key for the facility, check the key to ensure that it works. If there is a lockbox, verify its location and check the key to make sure it works. If there is a lockbox, under any circumstances, DO NOT take the key home with you. If you have problems getting to the polling place on Election Day, the HOTLINE personnel will direct another poll worker to the location of the lockbox and give them the combination.

If the location of your polling place is at a school or other government office make sure you remind them to cancel any scheduled fire drills on Election Day. Inquire about parking for both poll workers and voters. Verify the location of the stored election equipment and supplies (ask if you will require a key for that area and secure a key if that is the case). Ask if there is a telephone available for your use. If there is, note the location of the phone and get specific instructions on how to get an outside line in case you need to call the HOTLINE (724-8551) or Recorder's Office (724-4330).

While looking at the room or area you will be using, note where the electrical outlets are located (extension cords will be provided in your

supplies) and ensure that there are enough tables and chairs for the poll workers (and to accommodate voters with disabilities). Plan for where the Touch Screen unit and secrecy booths will be placed in relation to the electrical outlets as they require power.

You will need to inquire about the availability of a bathroom that the poll workers should use (if you are in a school, make sure that the bathroom will be left open after school hours). Ask about the availability of a kitchen, microwave or refrigerator for your use throughout the day (if these items are available, please make sure that your crew clean up after themselves in order to assure that this courtesy will be given in the future). You need to ensure that heating/cooling and light are available throughout the time you are there. Ask if a Monday night set-up meeting can be held.

Each polling location is very generous in letting Pima County use their space for the day. Please remember (and remind your poll workers) that you are all guests in the building. You are expected to act accordingly and treat your hosts with respect. DO NOT demand anything from your host. If you need something from them, please politely make your request known (but remember that they do not have to accommodate you if it is not in the contract). If you have a concern about the accommodations, please contact the Pima County Elections Department at 724-6830.

### **Verify Your Poll Workers**

As the Inspector you will need to call each of your poll workers no later than the Sunday afternoon prior to the election. If you are unable to make direct contact, leave a message with a return number and ask them to return your call as soon as possible. Call again if necessary later in the day and again on Monday if needed.

When you talk to your poll workers, make sure that they know how to get to the polling place; inform them of the availability of a kitchen, microwave or refrigerator and remind them to bring reading glasses, medications, a sweater, and reading materials or something to do when not busy. If you are able to conduct a Monday Set-Up Meeting, inform them of the time to meet at the polling place (it is not mandatory that they attend).

## **Early Ballot Addendums**

On the Wednesday before the election, the Pima County Elections Department will mail an Early Ballot Addendum List to those Inspectors you have updates to their Signature Roster. Using the “Early” stamp in the Inspector’s Notebook, mark “Early” in the signature line next to each name in the Signature Roster that is on the Early Ballot Addendum List. If additional updates occur between Wednesday and the Monday night prior to the election, the Early Ballot Addendum List will be delivered to the polling place by the Troubleshooters first thing Tuesday morning. Make all updates as quickly as possible when the list is delivered.

## **Monday Night Set-Up Meeting**

If there is the possibility of holding a Monday Night Set-Up Meeting, Pima County Elections Department strongly recommends that you do so. During the meeting, break the seals on the Blue Supply Box, open the box and remove the Inventory List. Inventory all the supplies; if you are missing any items you can call the HOTLINE (724-8551) until 6PM on Monday evening. Leave a message if no one takes the call or it is after 6PM and a troubleshooter will bring the missing items to your polling place on Tuesday morning. The alternative is to call your troubleshooter first thing Tuesday morning to bring you the items you require.

After the inventory has been completed, erect and place the secrecy booths, tables and chairs in such a way that all voters are visible by the poll workers at all times. Place the necessary supplies at each work station and the Metal Ballot Box by the exit. If the site permits, post all indoor signs. The steel cage, which contains the ballots and Touch Screen unit for your polling place, cannot be opened until Election Day in order to keep all ballots as secure as possible.

Take the time to assign the clerks their actual working positions (to start the day) so that they can review the material in their manual. As you review the duties of your poll workers, go over how you expect them to do their job in a step by step manner so there is no confusion. On Election Day, you

should monitor their actions closely as the first few voters are processed to ensure they are following your guidelines and proper procedures.

## Before the Polls Open

If you were unable to hold a Monday Night Set-Up Meeting, complete those items first (see above). Have the Marshal issue you the Oath of Officers of Election (found on the back of the Red Poll List), then gather all poll workers together and issue them the oath making sure that each prints and signs their names in the appropriate locations.

Open the steel cage and remove the items. Have both judges join you at the Touch Screen unit and have everyone sign the zero tape once it is printed off and before the tape is rolled into the security canister. The Inspector, Ballot Issuing Judge (JOP) and Signature Roster Judge (JSP) MUST sign the zero tape.

You and the Ballot Issuing Judge must check the seals on the Touch Screen against the Seal Log (which will be taped to the face of the Touch Screen unit). Both the Inspector and Ballot Issuing Judge need to sign this document.

**PLACE THIS PAPER IN THE UNOFFICIAL ENVELOPE AFTER THE POLLS CLOSE.**

Have the Marshal post all outside signs. Double check that each work station has the supplies they need to do their work and at 6:00 AM have the Marshal announce that the polls are open.

### **After the Polls Open**

Check to make sure that your poll workers are completing their tasks according to procedures and your guidelines as the first few voters are serviced. Check on them again regularly throughout the day. If you rotate workers to different positions for some on-the-job training, make sure that you observe them to ensure they are completing the work properly.

If a problem arises or you have questions about a procedure or how to handle an issue and the information is not in the manual or was not covered in training, call the HOTLINE (724-8551) for an answer.

Several hours before the polls close and during a slow period, have your poll workers look over the Closing Duty Cards you assign to them. Have them locate who on the team has the documents and items that they need to complete their tasks. Explain in detail how you want them to deal with closing. The better informed they are of how you want things done, the smoother closing will go. Closing should not be hectic or chaotic but a smooth process that proceeds quickly and confidently.

Remind the Marshal to make their announcements starting one hour before closing. Direct the Marshal to stand behind the last person in line (if there is one) when they announce that the polls are closed at 7:00 PM. Voters in the line before the announcement are allowed to vote; anyone who shows up afterwards must be turned away (even to drop off an Early Ballot). Remind all poll workers that closing procedures cannot commence until the last voter has left the polling place.

### **Closing the Polls**

When the Marshal has made the announcement that the polls are closed and the last voter has left the polling place, issue the Closing Duty Cards to your poll workers and start your plan for closing. Make sure you have a plan in place for closing to proceed smoothly. Simple plans work best. Something like placing the various envelopes on tables and having your poll workers bring their documents to them or having each worker read their card while the others bring what is called for to them.

With the exception of the Inspector's and JOP's Closing Duty Cards, as the Inspector, you can choose which poll worker you want to put together each envelope. You cannot have only one or two people do all the work; make sure each poll worker has a card to complete or the closing process will take too long. You should be able to finish all closing tasks in roughly 30-45 minutes and be ready to transport items to your Receiving Center.

As the Inspector, you MUST double check the items in each envelope before closing or sealing them (depending on the envelope). Both copies of the Final Results Tape from the Touch Screen unit MUST be signed by yourself and both Judges (at a minimum).

EXAMPLE OF COMPLETED BALLOT REPORT

## **Where Items Go**

Most items are going to be placed back in the original containers with the exception of the items you are going to transport to the Receiving Center with the JOP. Place all election equipment and supplies back where you originally found them.

### **Steel Cage**

- Unused ballots (placed back in their cardboard boxes)
- Touch Screen Base
- Touch Screen Printer Bag
- Touch Screen Supply Bag with the following items:
  - Keypad
  - Key for Touch Screen
  - Power Cord
  - Plug Adapter
  - Headphones
  - Chop Stick
  - Encoder Instructions
  - Set-Up and Take Down Instructions for Touch Screen
- Inspector's Notebook

Close the lid of the Steel Cage and lock it with the padlock.

### **Secrecy Booths**

Take down each booth, packing the legs neatly inside each case. Stack the booths neatly on top of each other so they lock together.

### **Blue Supply Box**

All of the supplies taken out of the box on election morning should be placed back inside the box unless they are being transported to the Receiving Center. Signs, pens, markers, tape, etc... should be stacked in such a manner that the lid on the box can be closed. Use two of the white plastic seals (like you used to seal the box during the election) to seal the

box once it is packed and place it on top of the locked Steel Cage, next to the stacked secrecy booths.

### **Polling Place at the End of the Day**

Your polling place should look as neat and tidy as it did when you and your poll workers first entered, in some cases even better. All of your packed supplies and equipment should be stacked back where you originally found them. Make sure that you have cleaned up after yourselves and placed tables, chairs, etc... back where they were when you walked in. As the Inspector, make sure lights have been extinguished and the door is locked and secure when you head for the Receiving Center. Keys for the polling place should be placed back where you got them (lockbox, desk, etc...) or taken to the Receiving Center if the Elections Department gave you a key.

### **Emergency Procedures**

Your safety is our main concern. Though emergencies that impact polling places are rare, it is important that we have procedures in place to ensure everyone's safety and the integrity of the voting process. In some cases, you will have to make a judgment call as to the severity of the emergency. If it is life or death, call **9-1-1** first to get emergency responders on their way before you call the HOTLINE (724-8551). In any emergency situation, the HOTLINE must be called as soon as possible.

### **Power Outage**

If there is a power outage, it is not necessary to suspend voting. All data collected in the memory card of the Touch Screen prior to the power outage will be maintained. As long as there is adequate light and other amenities at the polling place to continue voting, voters may continue to vote as the Touch Screen can continue to operate on battery power. Call the HOTLINE (724-8551) to inform the Elections Department of the problem.

## **Medical Emergencies**

If there is a medical emergency at your polling place, dial **9-1-1** and follow the instructions given by the dispatcher and then report the situation to the HOTLINE.

## **Physical Threat or Disturbance**

If anyone is unruly, abusive, or in any way threatens the safety of the poll workers, voters, or the orderly conduct of the election that cannot be dealt with by the Marshal, call **9-1-1** and then report the matter to the HOTLINE.

## **Bomb Threat, Fire, or Flood**

Call **9-1-1**, follow their instructions and leave the building if instructed to do so. Take the ballot box with you. If possible, take all personal belongings, go to a safe place and call the HOTLINE. In the event an emergency location is necessary, the Elections Office will assist you in the set-up. Ballots, poll books and all other necessary items will be delivered to your new location. This emergency location will continue throughout the remainder of the day.

## **Evacuation**

In an emergency requiring evacuation, such as fire, bomb threat or flood, the following procedures are recommended.

- Ensure the safety of the poll workers and voters first before requesting assistance.
- Call **9-1-1**
- Give the dispatcher the location of the building, which entrance to use, where the emergency is taking place and any additional information they request.
- Notify the HOTLINE (724-8551) immediately after the 911 call.

You are to ensure the integrity of the voting process if at all possible and it is safe to remain in the building. Otherwise, suspend voting (if possible allow voters who have been issued a ballot to complete voting). If possible, remove the following from the polling place (in order of priority):

- Metal Ballot Box
- Touch Screen with voter access cards and supervisor card
- Unvoted ballots
- Signature Rosters
- Red Poll List and Provisional Ballot Poll List/Signature Roster

Assign a Judge to remain as near the entrance or the polling place as long as possible to inform voters of a temporary suspension of voting and to assure them that an alternative facility will be set up as soon as possible. Troubleshooters will come to your assistance to arrange for a continuation of voting.

## **ID Clerk's Duties**

Clerk positions are not assigned by the Pima County Elections Department but by the Inspector of each polling location. The Inspector is in charge of the polling place and will give you instructions on what they want you to accomplish prior to the opening of the polls, during the election and after the polls close.

Expect at a minimum prior to the polls opening that you will help set-up the polling place by arranging tables and chairs, set up the secrecy booths and assist in completing the inventory of supplies. After the polls close, you can expect to return the polling place to the condition in which it was originally found after breaking down all the election equipment and you will be assigned a closing duty to complete as well. Follow the directions given by the Inspector at all times.

You will need several items for your work station:

- Precinct Register
- Voter ID Slips
- Black pen
- List of acceptable ID's (which should be taped at your station for quick reference; an example is on the next page)

## **IDENTIFICATION AT THE POLLS INFORMATION**

**Every eligible registered voter is required to show proof of identity at the polling place before receiving a ballot.** The voter shall announce his/her name and place of residence to the election official and present one form of identification from **LIST #1** that bears the name, address, and photograph of the voter **OR** two different forms of identification from **LIST #2** that bear the name and address of the voter. (ARS 16-579A)

A voter who does not provide one form of identification from **LIST #1** **OR** two different forms of identification from **LIST #2** shall not be issued a regular ballot, but shall receive a conditional provisional ballot and will have **five (5) business days** after a Federal General Election and **three (3) business days** after any other Election to provide sufficient ID to the County Recorder in order for their conditional provisional ballot to count. (ARS 16-579A)

**For a voter to receive a regular ballot, the address on the presented identification must match the address on the voter registration file. Exception – See “The Law” below.**

### **List #1 – Sufficient Photo ID (including name and address):**

- Valid Arizona driver license or non-operating identification
- Tribal enrollment card or other form of tribal identification
- Valid U.S. federal, state or local government issued identification

### **List #2 – Sufficient ID without photo bearing the name and address (two required):**

- Utility bill of the voter that is dated within 90 days of the date of election. A utility bill may be for electric, gas, water, solid waste, sewer, telephone, cellular phone or cable television.
- Bank or Credit Union statement that is dated within 90 days of the date of the election
- Valid Arizona Vehicle Registration
- Indian Census Card
- Property tax statement of the voter's residence
- Tribal enrollment card or other form of tribal identification
- Vehicle Insurance Card
- Valid U.S. federal, state, or local government issued identification
- Voter Registration Card / Recorder's Certificate
- Any “Official Election Material” mailing bearing your name and address

## **THE LAW - ALLOWS FOR THE FOLLOWING THREE EXCEPTIONS**

- Valid Arizona driver license or non-operating identification license where address does not match signature roster/precinct register accompanied by a non photo identification from **List #2** in which the address does reasonably match the precinct register.
- U.S. Passport accompanied by non-photo identification from **List #2** in which the address does reasonably match the precinct register.
- U.S. Military identification without address or address does not match accompanied by non-photo identification from **List #2** in which the address does reasonably match the precinct register. Identification is “valid” unless it can be determined on its face that it has expired.

The ID Clerk will welcome each voter asking for their name, address and a form of acceptable ID. Locate the voter's name in the Precinct Register. If the information on the voter's ID reasonably matches the information in the Precinct Register, mark the Voter ID Slip appropriately, issue the Voter ID Slip to the voter and direct him or her to the Signature Roster Judge (JSP).

For voters who are marked as Early, who do not present acceptable ID, whose name or address information does not reasonably match the Precinct Register, who have no ID or whose names cannot be found in the Precinct Register, mark the Voter ID Slip appropriately, issue the Voter ID Slip to the voter and direct him or her to the Special Situations table.

The Voter ID Slips are slightly different depending on the type of election.

# When a Voter Enters

The ID Clerk will welcome each voter asking for their name, address and a form of acceptable ID. Look at the ID the voter presented; if it is a photo ID, does the picture on the ID look like the person who gave it to you and has the ID expired?

If the ID presented is two forms of non-photo ID, are the names and addresses the same; have either of the forms expired?

## Poll List Clerk's Duties

Clerk positions are not assigned by the Pima County Elections Department but by the Inspector of each polling location. The Inspector is in charge of the polling place and will give you instructions on what they want you to accomplish prior to the opening of the polls, during the election and after the polls close.

Expect at a minimum prior to the polls opening that you will help set-up the polling place by arranging tables and chairs, set up the secrecy booths and assist in completing the inventory of supplies. After the polls close, you can expect to return the polling place to the condition in which it was originally found after breaking down all the election equipment and you will be assigned a closing duty to complete as well. Follow the directions given by the Inspector at all times.

You will need several items for your work station:

- Red Poll List
- Precinct Register
- Black pen
- Red pen

The Poll List clerk is responsible for recording voter information into the Red Poll List. Only voters who vote a regular ballot will have their information placed into the Red Poll List; only voters who report to the Special Situations table will have their information recorded into the Provisional Ballot Poll List/Signature Roster. **No voter should ever be entered into both documents.** The voter's information will be gathered from the Voter ID Slip and the Precinct Register.

# Entering Information in the Red Poll List

Please note that you are writing on multiple copies so press hard when making entries to ensure legible copies underneath. The back cover of the Red Poll List should be used between page sets to protect the other unused pages.

Using the Voter ID Slip, locate the voter's information in the Precinct Register.

If a voter spoils their ballot, the JOP will inform you of the voter. Write the word, "Spoiled" in **RED** ink above their name in the Red Poll List.

As the Poll List Clerk, you are responsible for listing the Voting Area number on the bottom of each page that has entries on them. Do NOT write them on the bottom of each page in advance.

Voting Area <u>000</u>		

Once two pages have been filled out, the numbering of the entries starts over again at 1. You will need to write the correct "hundred" before each entry on subsequent pages. Make sure you use both columns before starting a new page.

**USE BOTH COLUMNS**

**Pink and Blue Copies:** During Election Day party representatives may stop by your polling place to request copies of completed poll list pages. They can pick up ONLY completed pages. The blue copies are for representatives of the Democratic Party and the pink copies are for representatives of the Republican Party. The Marshal will come to get these copies from you, not the party representatives.

**After the polls close,** the various copies of the Red Poll List are placed in different envelopes. The white (top) copies are left attached to the Red Poll List and should NOT be torn out. The yellow copies of the pages that were written on should be torn out and given to the poll worker that is packing the Official Envelope. Any copies of the pink and blue sheets that have not been picked up by party representatives earlier in the day and have entries on them should be torn out and given to the poll worker who is putting together the Unofficial Envelope. Give them the entire Red Poll List as well as it is also placed in the Unofficial Envelope.

## Special Situations Clerk's Duties

Clerk positions are not assigned by the Pima County Elections Department but by the Inspector of each polling location. The Inspector is in charge of the polling place and will give you instructions on what they want you to accomplish prior to the opening of the polls, during the election and after the polls close.

Expect at a minimum prior to the polls opening that you will help set-up the polling place by arranging tables and chairs, set up the secrecy booths and assist in completing the inventory of supplies. After the polls close, you can expect to return the polling place to the condition in which it was originally found after breaking down all the election equipment and you will be assigned a closing duty to complete as well. Follow the directions given by the Inspector at all times.

You will need several items for your work station:

- Provisional Ballot Poll List/Signature Roster
- Precinct Register
- Provisional Ballot Envelopes
- Conditional Provisional Ballot Envelopes
- List of Recorder's Office Locations for Conditional voters
- Early Ballot Affidavit Envelopes
- Red pen

The Special Situations Clerk is responsible for assisting voters who are not able to vote a regular ballot for any variety of reasons. Please note that everything at the Special Situations table is done in **RED** ink. When the voter hands you the Voter ID Slip you will need to look at which box was checked on the slip. This determines which envelope will need to be completed by you and the voter.

You will also have to look up the voter's information in the Precinct Register to determine which ballot needs to be issued to the voter. This is especially important during a Primary Election. During a Primary Election, if the voter is registered as something other than a member of the Democratic,

Republican, Libertarian, or Green Party, they will have the opportunity to choose which party's ballot they wish to vote. These voters will have their ballot stripe color listed in the Precinct Register as "None." List their choice on the Provisional Envelope.

### Conditional Envelope/Provisional Ballot

If the fourth box on the Voter ID Slip is checked (voter DID NOT present acceptable ID), you will need to assist the voter in completing the information on the Conditional Envelope.

The image shows two forms. The top form is the 'CONDITIONAL ENVELOPE' with instructions in English and Spanish. The bottom form is the 'Primary Election VOTER ID SLIP' with the following details:

- REGISTER No. 17
- ID CLERK INITIALS IDC
- Voter presented acceptable ID with name and address of voter matching the precinct register.
- Voter marked with an E/EARLY BALLOT in Register/Roster. Voter directed to the Special Situation Table.
- Voter presented acceptable ID with name and/or address of voter NOT matching precinct register. Voter directed to the Special Situation Table to vote a Provisional Ballot.
- Voter DID NOT present acceptable ID. Voter directed to the Special Situation Table to vote a Conditional Provisional Ballot.

On the Conditional Envelope, the 'VOTING AREA: (WHERE THE BALLOT WAS VOTED)' field is highlighted with a grey box, and a red arrow points from this field to the checked checkbox on the Voter ID Slip.

The Special Situations clerk will complete the top portion of the Conditional Envelope by filling out the Voting Area, Date, the ballot/stripe color for the

ballot being issued to the voter and then sign as the Election Official (you MUST sign to validate the envelope).

## Curbside Voting

If the Marshal has to assist a voter who cannot enter the polling place and is required to issue a Provisional Ballot to that voter, assist the Marshal by completing the top portion of the envelope.

The Marshal and another poll worker of a different party will take the envelope, a Provisional Ballot and the Disabled Voter Signature Affidavit out to the voter. Once the voter has completed their ballot, the Marshal and assistant will return to Special Situations and place the envelope in the Blue Ballot Box and hand you the Disabled Voter Signature Affidavit.

Using the next available “V” number, enter the voter’s name into the Provisional Ballot Poll List/Signature Roster. On the voter’s signature line, write the words, “Affidavit Attached,” and tape the Disabled Voter Signature Affidavit to the back cover of the Provisional Ballot Poll List/Signature Roster.

## Marshal's Duties

The Inspector is in charge of the polling place and will give you instructions on what they want you to accomplish prior to the opening of the polls, during the election and after the polls close.

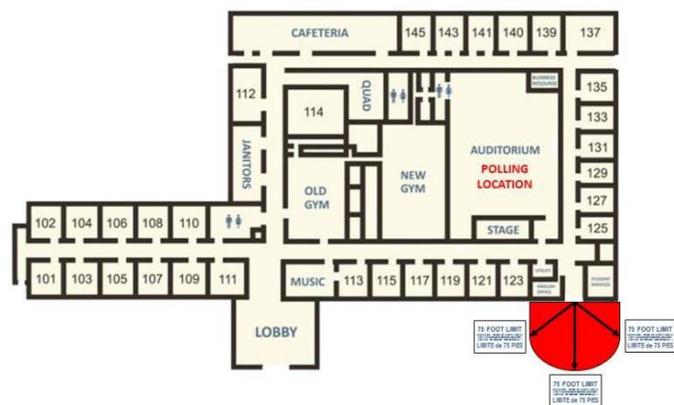

Expect at a minimum prior to the polls opening that you will help set-up the polling place by arranging tables and chairs, set up the secrecy booths and assist in completing the inventory of supplies. After the polls close, you can expect to return the polling place to the condition in which it was originally found after breaking down all the election equipment and you will be assigned a closing duty to complete as well. Follow the directions given by the Inspector at all times.

You will need several items for your work station:

- Pad of demonstration ballots
- Party Pick Up Log Sheet
- Black pen
- Black felt tip pens (replacements for the secrecy booths)

The Marshal has many and varied responsibilities before, during and after the election. Prior to the polls opening, the Marshal needs to post the 75 foot limit signs, sample ballots and all other signage around the polling location.

When posting the 75' limit signs, use the pre-measured string provided by the Elections Department, have assistance in placing and holding the string at the center of the outside main entrance to the facility while you place the signs in an arc from the entrance. Do NOT place the 75' limit signs on a road or the driving areas of a parking lot to avoid having them damaged by a vehicle. If in doubt as to what is considered

the main outside entrance, ask the Inspector.

Prior to the polls opening, you will need to administer the Oath of Officers of Election to the Inspector. This document can be found on the back of the Red Poll List.

<b>ARIZONA REVISED STATUTES</b>	
<small>“Before opening the polls, each member of the board and each clerk shall take an oath to faithfully perform the duties imposed upon him by law. Any elector of the precinct may administer and certify the oath.”</small>	
<b>OATH OF OFFICERS OF ELECTION</b>	
STATE OF ARIZONA COUNTY OF PIMA	§
<small>We, and each of us do solemnly swear that we, and each of us, will support the constitution of the United States and the Laws of the State of Arizona; that we will true faith and allegiance bear to the same and defend them against all enemies whatsoever, and that we will faithfully and impartially discharge the duties imposed on and assigned us by law.</small>	
INSPECTOR	_____
JUDGE	_____

As the Marshal you will be announcing the opening and closing of the polls; this has to be done at specific times:

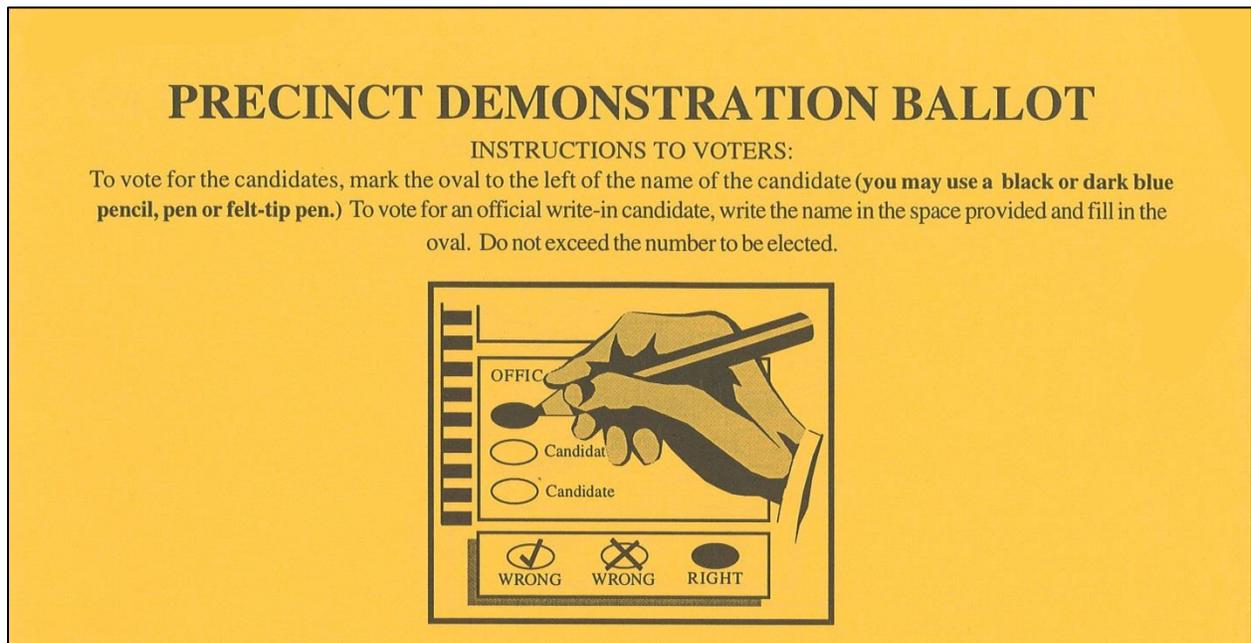

- 6:00 AM – “The Polls are now open.”
- 6:00 PM – “The Polls will close in one hour.”
- 6:30 PM – “The Polls will close in 30 minutes.”
- 6:45 PM – “The Polls will close in 15 minutes.”
- 6:59 PM – “The Polls will close in 1 minute.”
- 7:00 PM – “The Polls are now closed.”

As you make your announcements, be sure to use a loud, clear voice. When the final announcement has been made, stand behind the last person in line (if any) to designate the last voter. Everyone who was in line prior to the announcement is allowed to vote. No one is permitted to get in line after 7:00 PM, even to drop off an Early Ballot.

During the day you will need to check that the signs are still in place; this is especially important if the wind is blowing. Periodically check the marking

pens in the secrecy booths to ensure they are not dried out. If they are, replace them. While checking on the pens, look at the booths also to make sure no one has vandalized the booth or left behind political material. If you believe that a booth should be taken out of service, inform the Inspector and allow him or her to make the decision.

If a voter is voting for the first time or confused about how to correctly fill in their ballot, it is your responsibility to demonstrate the proper way to fill out a ballot; use the demonstration forms to educate the voter.

As the Marshal, you need to maintain order at the polling place. The main issue you will have to deal with is electioneering (see the definition on page 5). By law, it is not allowed within the 75' limit. When dealing with issues at the poll place, once you have advised a person that they are breaking the law and they continue their actions, notify the Inspector and call the authorities.

Throughout the day, you may be directed by the Inspector to take over another position for meal and bathroom breaks. If you are not familiar with the duties for that position, have the Inspector explain the duties to you and watch as you service the first few voters to ensure correct procedures are followed and no mistakes are made.

If party representatives arrive at the polling place and request copies of the poll list, it is the Marshal's duty to help grant this request. The representatives must have a letter from their county party chairperson. Pick up the pink (Republican) or blue (Democratic) copies of the poll list from the Poll List Clerk. You may only give the representatives copies of full pages. Log these pickups by the representatives in the Party Pick Up Log.

### Curbside Voting Procedure

For voters who cannot, for one reason or another, enter the polling place to vote, you will need to assist them in curbside voting. When made aware that a voter needs to have curbside assistance, the Marshal will ask the voter for acceptable ID (refer to the acceptable ID information on page 39) and bring the ID to the Signature Roster Judge (JSP) to locate the voter's information. The JSP will fill out a Voter ID Slip to hand to the Ballot Issuing Judge (JOP) and complete the voter's information on the Disabled Voter Signature Affidavit.

The Marshal, and other poll worker, will issue the ballot to the voter and will stay in view of the voter but in such a manner that they are unable to see how the voter marks their ballot. When the voter has completed their ballot and placed it in the secrecy sleeve, the ballot is brought into the polling place to be deposited in the Metal Ballot Box; the Disabled Voter Signature Affidavit is given to the JSP to place in the Signature Roster.

If the curbside voter was marked “Early,” produced acceptable ID with the name or address not matching the roster, did not present acceptable ID or their information was not found, the Marshal would follow the procedures necessary for issuing a Provisional Ballot along with the proper Provisional or Conditional Envelope (depending on which condition).

The Provisional Ballot would be sealed in the envelope, the receipt would be issued to the voter and the envelope would be placed in the Blue Ballot Box while the Disabled Voter Signature Affidavit would be placed in the Provisional Poll List/ Signature Roster by the Special Situations Clerk to account for the used Provisional Ballot. The procedures for filling out a Provisional or Conditional Envelope can be found in the Special Situations Clerk section of the manual (starting on page 52).

# Signature Roster Judge (Judge of the Same Party/JSP) Duties

Expect at a minimum prior to the polls opening that you will help set-up the polling place by arranging tables and chairs, set up the secrecy booths and assist in completing the inventory of supplies. You are also required to sign the Touch Screen zero tape prior to the polls opening.

After the polls close, you can expect to return the polling place to the condition in which it was originally found after breaking down all the election equipment and will be assigned a closing duty to complete as well. The final results tape from the Touch Screen unit you must also sign after the polls close. Follow the directions given by the Inspector at all times.

You will need several items for your work station:

- Signature Roster
- Black pen
- Red pen
- Signature Guide

You will receive the Voter ID Slip from either the voter or the ID Clerk. The slips have different variations depending on the type of election.

### Curbside Voting

If a voter cannot enter the polling place for whatever reason and requires curbside assistance, the Marshal will attend to the voter and bring in their information in the form of acceptable ID. Use the ID to locate the voter's information in the Signature Roster. The Marshal will also hand you a copy of the Disabled Voter Signature Affidavit. Once the voter's information has been located, complete the top portion to the affidavit by filling in the voting area, register number, name, ballot color, voter registration number address, and party information (you will not have to complete the registration date as it is not provided in the Signature Roster).

In the signature block of their entry, print the voter's full name in **RED** ink, followed by the words, "Affidavit Affixed." ## **Ballot Issuing Judge (Judge of the Opposite Party/JOP) Duties**

Expect at a minimum prior to the polls opening that you will help set-up the polling place by arranging tables and chairs, set up the secrecy booths and assist in completing the inventory of supplies. You **MUST** sign the zero tape on the Touch Screen unit and seal logs for the Touch Screen and Metal Ballot Box. After the polls close, you can expect to return the polling place to the condition in which it was originally found after breaking down all the election equipment and will be assigned a closing duty to complete as well. You **MUST** sign the final results tapes on the Touch Screen and seal log for the Metal Ballot Box. In most cases you will accompany the Inspector, with the items that must be taken, to the Receiving Center. Follow the directions given by the Inspector at all times.

You will need several items for your work station:

- Ballots
- Encoder Instructions
- Encoder
- Voter Access cards
- Secrecy sleeves
- Black pen
- Red pen
- Visual Aid (Fresnel lens/ sheet magnifier)

Prior to the polls opening and at the direction of the Inspector, assist in the inventory of the ballots making sure the quantity, voting area and ballot styles are correct for your polling place and match the information on the Ballot Report.

If the voting area or ballot styles do not match the Ballot Report, call the HOTLINE (724-8551) immediately. If the ballot quantity does not match, annotate the discrepancy on the Ballot Report.

Open only one package of each type of ballot at a time. Once you have opened a package, verify the number of ballots in the package. If there is a discrepancy between the label and the actual amount of ballots in the package, notify the Inspector and ask them to note the discrepancy on the Ballot Report. Keep all other ballots wrapped and off the table; you should have only a small number of ballots (25) for distribution at one time. Keep the ballots out of the reach of voters.
