AGENDA ITEM	DISCUSSION	ACTION / FOLLOW-UP
I. CALL TO ORDER		
The meeting was called to order at: 5:32		
II. PLEDGE OF ALLEGIANCE		
III. ADOPTION OF PAST MEETING MINUTES		
Approval of Minutes for April 17, 2014.		After a motion duly made and seconded, the minutes of April 17, 2014 were approved.
IV. CALL TO THE AUDIENCE		
V. REPORTS		
Operations-Manager's Report		
<ul style="list-style-type: none"> • Manager's Report 	<p>Mr. Janes introduced Kristin Barney to the committee members as the Chief of Operations for PACC. Per the Director of the Health Department to provide additional support to PACC Ms. Barney has been appointed Chief of Operations at PACC and will oversee day to day operations at the center. Mr. Janes is now the Chief of External Affairs. He will continue to oversee the PACCAC Committee, interagency and governmental coordination, special projects, like questions related to the bond, and other duties as assigned. Ms. Barney addressed the committee and thanked them. She is thrilled to be here and looking forward to working with everyone. The second change is with Mr. Mike Schlueter. He will be taking over from Michelle with her work with the committee. Both Mr. Janes and Mr. Schlueter will be working at the Abrams Public Health Department Building. In line with this change the PACCAC meeting will be moved to the Abrams building conference rooms 1106-1108 which will provide for more</p>

room for the meetings. The change in the location will be noticed for the meetings so that people will know where to go. Michelle will continue her administrative duties at PACC.

For the items on the agenda, PACC has received a noise complaint regarding the dogs housed in the tent. Once the number of animals in the tent increased over 50 the noise began to bother the neighbors. PACC tried various things over the week to try to mitigate it and found that limiting the number of dogs and moving the dogs to face the north end of the tent seemed to alleviate the noise moving towards the south and the neighborhoods involved with the complaints. Mr. Janes stated there were at least three separate complaints where TPD was called. He was sure they were separate complaints with one complainant calling several times a night. One of the complainants has contact PACC as well. PACC wants to be a good neighbor and resolve this. Fortunately PACC has had good successes over the last few weeks and kennel capacity is down significantly from what it was a few weeks ago. PACC will continue to look into sound blankets for the kennels and other ways to mitigate the noise.

For the month of May there will be a tent sale and adoptions of animals housed in the tent will be free with the payment of the license fee.

The ASPCA Challenge will kick off on June 1st. There will be an event starting at 6:00 a.m. with a Zumba-thon, dog walk, Folklorico dancing and other things to do. It is the three month effort to adopt out over 5000 pets during the summer in an effort to win up to \$100,000.

The Tucson Kennel Club representative Margaret Watson has resigned. For the replacement for the Disabled member there are four candidates who have expressed an interest in the position and they have been contacted via letter. They have been asked to supply a letter of interest, any special qualifications, and/or any points they wish to share with the committee for serving in the position no later than May 30. They will be invited to attend the June meeting to meet the committee.

Mr. Neuman commented about the noise complaint and asked if

AGENDA ITEM	DISCUSSION	ACTION / FOLLOW-UP
	<p>the complainant(s) were told by Tucson Police we could not have the noise. PACC has been around for fifty years and it is nothing new there are dogs here and certain amount of noise. Are the individuals complaining new to the community? Mr. Janes commented the dynamics of the tent have changed the noise dynamics significantly. As long as the dogs are house in the lower level and within the bricked in areas the noise does not disturb the neighbors. Once more than 35 dogs were moved up to the tent the noise disturbed the people at night. PACC will work to mitigate the noise and still work to do everything that needs to be done to house the animals.</p>	
VI. OLD BUSINESS		
<ul style="list-style-type: none"> PACC Adoption Program 	<p>Mr. Janes introduced Ellie Beaubien the Adoption Coordinator to present the revamped adoption program that started on May 1. One of the first things she looked at was the PACC open adoption policy. There was a high rate of returns, owner responsibility was not addressed, and there was an inability to tell people no because PACC is a government agency. They worked with employees and volunteers involved with PACC to establish a new list of guidelines/criteria to match people with the right pet. For example since a lot of the dogs at PACC fall into the Bully Breed category they will screen for an owner who already has one at home of the same gender and will require an introduction of the dogs before completing an adoption. She passed out the new guidelines to the members. They have also completed a training manual for new volunteer adoption counselors. They would attend a training workshop and be paired with a mentor until the volunteer is ready to work on their own. Ms. Beaubien has done about eight trainings since April. About 20 new adoption counselors have been trained. The old Adoption Guide has been replaced with a survey that is completed. Adoption counselors will go over the survey with the adopter and provide an education based discussion. They do have the ability now to tell people this dog is not good with children and would not be a good match for you because you babysit your grandkids three days a week. In addition the adopter is provided with a cute new certificate and adoption package that includes behavior literature to help with the most common problems that result in the return of an animal.</p> <p>For offsite adoptions it is the same process. There are several different locations each week for offsite adoptions. Two different places on Saturdays. There are satellite groups of volunteers the</p>	Ongoing

<ul style="list-style-type: none"> • Ideas to Increase the Number of PACC Officers • Schedule, Number and Training of DOC Inmates 	<p>oldest being in Saddlebrook and newer groups in Oro Valley and Rita Ranch. They have partnered with several Ace Hardware locations around town to do adoptions once a month. They also go to the Steam Pump Ranch Farmers Market which is great for the winter because the large attendance. They go to Meet me at Maynard's, Second Saturday downtown, a few Petco and PetSmart locations, and La Encantada. This is the monthly calendar. There are a few annual events, the Pima County Fair, events at the University of Arizona, the SAHBA Home Show, and Royal Mini. They also use these opportunities for outreach and volunteer recruitment.</p> <p>She also discussed a program to market individual dogs and will be starting volunteer favorites with small cards they can hand out to people when they are out and about. They have a larger template with pull off tabs that can also be posted in places that provide free advertisement like markets and Platinum Fitness.</p> <p>Pat Hubbard inquired if the adoption criteria/rules had been approved by the County Attorney. The new adoption material will be emailed to each of the members. Mr. Janes stated the program has been vetted.</p> <p>Mr. Neuman and Dr. Smith who is absent are working on this.</p> <p>Mr. Neuman asked if the number of inmates who show up for each shift is still an issue. Mr. Janes commented PACC is still working to resolve this issue.</p> <p>Mr. Neuman inquired about the redemption motion the committee passed last meeting. An individual could get their dog back on a first time impound for no charge if they agreed to alter it. He asked if it is in effect. Per Mr. Janes the PACC website indicates the process for people trying to get their pets back.</p>	<p>Item tabled until Dr. Smith returns.</p>
VII. NEW BUSINESS		
	<p>No new business discussed.</p> <p>Ms. Emptage requested an item be added to the agenda for the next meeting for the committee to formulate a certificate to recognize PACC employees and their service.</p>	<p>Item to be place on the next agenda.</p>

AGENDA ITEM	DISCUSSION	ACTION / FOLLOW-UP
VIII. ANIMAL WELFARE AND DANGEROUS ANIMAL CASES AND HOLDS FOR THE MONTH OF APRIL		
<ul style="list-style-type: none"> Welfare and Dangerous Animal Cases 	<p>Ms. Hubbard commented she just can't get over how many tie outs there are.</p> <p>Ms. Emptage asked if there was a way to post for the public that tie outs are illegal. She went on to say that stores can sell them, people can buy them, and it should be posted for people to know it is illegal to use them. People assume it is ok to use it.</p> <p>She wanted something added to the ordinance that businesses need to post a warning tie outs are illegal.</p> <p>Mr. Janes commented he would present this to the County Attorney. He suspects this would fall under previously discussed issues in terms of telling businesses what to do. Especially telling businesses they can sell something but we are going to tell everyone it is illegal to have when technically it is not illegal in every community to have one. Marana allows for a dog to be tied out.</p> <p>Ms. Emptage inquired about notices in utility bill regarding licenses being required for dogs. Mr. Janes commented this requires money and working with the utility company. PACC has done this in the past with Tucson Water and did not notice any significant changes in licensing numbers. He went on to say this is a marketing issue and PACC is looking at ways to get the word out for all its marketing challenges..</p>	
IX. DONATIONS		
<ul style="list-style-type: none"> April 2014 	4803 individuals donated \$32,347 along with food, treats and pet supplies to Pima Animal Care Center.	
X. COMPLAINTS / COMMENDATIONS RECEIVED BY STAFF DURING THE MONTH OF APRIL		
<ul style="list-style-type: none"> April 2014 	Four (4) complaints and one (1) commendation were received by staff. Mr. Neuman asked if this has/will go up when people are told that can't have a particular dog. Ms. Beaubien commented it has not happened yet but most like will. Mr. Janes commented one of the complaints is the tent noise complaint previously discussed if the members would like to look that over.	
XI. CALL TO THE AUDIENCE		
<ul style="list-style-type: none"> Pat Jacobs 	Mr. Jacobs introduced himself. He will be the new Tucson Kennel Club Member and he is looking forward to working with

XII. ANNOUNCEMENTS		
<ul style="list-style-type: none"> • Next meeting June 19, 2014 will be posted for the Abrams Public Health Building Conference room 1106-1108. • Mr. Neuman announced they will be participating in the 4th of July dog walk. • There will be no Holiday Dog Walk on Memorial Day May 26 and PACC will be closed. PACC will be open on the 25 this month, the last Sunday and be closed on the holiday. Instead there will be a Dog Walk on June 1st to kick off the ASPCA-Rachel Ray Challenge to adopt out 5000 animals this summer. The June 1st event is this year's Muttiness Event.

RE: Community Cat Project Contract

As you may recall, Pima County submitted a grant application to the Best Friends Animal Society to partner with it to provide a non-lethal option for healthy free roaming cats impounded at the Center. The program includes over \$400,000 in free roaming cat trapping, alteration and return services provided to the local community with a focus on high cat intake zip codes.

Best Friends has selected Pima County as one of three agencies nationwide it will partner with this year to enter into the three (3) year program. The County has completed the negotiation of the Contract with Best Friends and the partnership plans to launch the program on or after July 1, 2014.

Staff sees a great benefit to this program in catalyzing its efforts to eliminate euthanasia of treatable and rehabilitatable pets. Staff requests the Advisory Committee's support of this initiative through passing a motion similar to: "The Pima Animal Care Center Advisory Committee supports Pima County participating in the Community Cat Project to provide non-lethal solutions for free roaming cats."

Thank you for all that you do for the pets and people of Pima County.

Respectfully,

MEMORANDUM

Date: January 22, 2014

To: The Honorable Chair and Members
Pima County Board of Supervisors

From: C.H. Huckelberry
County Administrator

Re: **Pima Animal Care Center Community Cats Project Grant Application**

As an extension of the Board's direction to increase lifesaving efforts at the Pima Animal Care Center (PACC), shelter staff has applied for a three-year Community Cats Project grant from the national Best Friends Animal Society. PACC has been pre-identified from a very limited pool of potential applicants because of the shelter's persistent progress in improving its live-release rate.

The Community Cats Program essentially replaces euthanasia of feral cats, which have never been socialized to people, with trap/neuter/return services, commonly referred to as "TNR" in the animal welfare community. Under this technique, feral cats are trapped, surgically sterilized and then returned to their territory with a tipped ear, signaling the cat has already been sterilized and will not need to be trapped again.

The program includes sterilizing healthy, free-roaming cats brought into the shelter and then returning them to their habitat, while also proactively identifying "hot spot" areas and providing targeted colony management.

There are several reasons this is a preferred method of feral cat management. These cats have never been domesticated. Fearful of people, they are not likely to be adopted and are not likely to adapt to a family environment. As a result, PACC euthanizes approximately 1,600 feral cats annually. This management method will have the immediate effect of reducing euthanasia rates, which has been a heightened focus at PACC.

In Fiscal Year 2012/13, PACC's live release rate was 64 percent; up from 55 percent the previous year. Even so, PACC still euthanized approximately 7,000 animals, so there is capacity for improvement.

In fact, in the first six months of Fiscal Year 2013/14, PACC's live release rate is 74 percent. Reducing euthanasia of feral cats would further assist those efforts.

The Honorable Chair and Members, Pima County Board of Supervisors
Re: **Pima Animal Care Center Community Cats Project Grant Application**
January 22, 2014
Page 2

This management method also has a longer-term advantage of immediately eliminating new litters of feral cats, thereby permanently reducing the feral cat population and eventually reducing the numbers of kittens and cats coming to the shelter in the first place.

Sterilization itself reduces nuisance behaviors; and since cats are territorial and protect their areas, they will prevent un-sterilized cats from moving in and growing a colony. In the rare cases of neighborhood conflict, the County can explore the feasibility of relocating cats, given open space holdings that include ranch properties that could benefit from natural rodent control.

A similar program has been successful in many other areas, including Albuquerque, New Mexico; where cat euthanasia rates have dropped dramatically at its Animal Welfare Department. The Best Friends Community Cats Program staff reports a save rate for cats approaching 90 percent in Albuquerque, with a sister program in San Antonio, Texas likewise reporting strong results.

Best Friends has indicated the awarded organization will be notified March 25 of its successful application, with the specific amount of funding to be determined based on a number of factors, including the amount of community cats in the area, the ability to decrease euthanasia rates and the likelihood of program success.

RE: Ordinance To Authorize Pima Animal Care Center To Release Pets To Authorized Rescue Partners

A recent review of PACC procedures by the Pima County Attorney's Office (PACO) resulted in the Office advising the Center to submit, as soon as possible, a change to the Pima County Code in relation to releasing unaltered pets to certain approved rescue partners. As you well know, PACC's partnership with these trusted groups has resulted in several thousand saved lives each year and is critical to rehabilitating, altering and rehoming pets.

In particular, PCAO requested staff submit a draft ordinance to the Pima County Board of Supervisors to authorize PACC to release unclaimed, unaltered animals to a duly incorporated humane society or other nonprofit corporate organizations that are devoted to the welfare, protection and humane treatment of animals and that are subject to the same Arizona State statute that requires all such pets to be altered before adoption. PCAO approved the attached version and it will be presented to the Board of Supervisors at their July 1, 2014 meeting.

The proposed ordinance is provided to the Advisory Committee for its consideration and support. Staff recommends the Committee demonstrate its support by passing a motion similar to: "The Pima Animal Care Center Advisory Committee supports Pima County amending Pima County Code Sections 6.04.090 and 6.04.180 to authorize PACC to release unclaimed, unaltered animals to a duly incorporated humane society or other nonprofit corporate organizations that are devoted to the welfare, protection and humane treatment of animals and that are subject to the same Arizona State statute that requires all such pets to be altered before adoption."

Thank you for all that you do for the pets and people of Pima County.

Respectfully,

AN ORDINANCE OF THE BOARD OF SUPERVISORS OF PIMA COUNTY, ARIZONA, RELATING TO ANIMALS; AMENDING THE PIMA COUNTY CODE BY AMENDING CHAPTER 6.04 (ANIMAL CONTROL REGULATIONS) SECTIONS 6.04.090 AND 6.04.180 TO AUTHORIZE THE PIMA ANIMAL CARE CENTER TO RELEASE UNCLAIMED, UNALTERED ANIMALS TO A DULY INCORPORATED HUMANE SOCIETY OR OTHER NONPROFIT CORPORATE ORGANIZATION DEVOTED TO THE WELFARE, PROTECTION AND HUMANE TREATMENT OF ANIMALS

THE BOARD OF SUPERVISORS OF PIMA COUNTY, ARIZONA, FINDS THAT:

1. The Pima Animal Care Center partners with humane societies and other nonprofit animal welfare organizations.
2. Such organizations are subject to the same statutory requirements as the County to spay or neuter dogs and cats before they are released for adoption, and strictly practice spay/neuter before release.
3. The Pima Animal Care Center can increase its life-saving capacity and effectiveness by transferring unaltered dogs and cats to such organizations.
4. It is in the best interests of the County to authorize the Pima Animal Care Center to release unaltered, unclaimed animals to duly incorporated humane societies and other nonprofit corporate organizations devoted to the welfare, protection and humane treatment of animals.

BE IT ORDAINED BY THE BOARD OF SUPERVISORS OF PIMA COUNTY, ARIZONA:

SECTION 1: Pima County Code Section 6.04.090 is amended to add a new Subsection C, as follows:

6.04.090 Mandatory spay/neuter program for dogs and cats.

The following standards are approved for the adoption of any unclaimed dog or cat:

- A. Any dog or cat held by the Pima Animal Care Center for the period required by law and not reclaimed by its owner may be released for adoption subject to the following conditions:
 1. The adopting owner must pay a fee pursuant to Section 6.04.060. A transportation fee of no more than six dollars per dog or cat may also be charged to adoption owners.
 2. Pima Animal Care Center will insure that all such animals are spayed or neutered and microchipped prior to release to the adopting owner unless the veterinarian determines that the animal has medical contraindications that would prevent or require postponement of surgery.

3. If the veterinarian determines that medical contraindications for surgery exist that would require postponement of surgery, a spay/neuter certificate will authorize postponement of the surgery until such time that the veterinarian determines that surgery can be performed in a safe, humane manner.
 4. If the veterinarian determines the animal is permanently disqualified for surgery and would be capable of reproduction the animal will be returned to Pima Animal Care Center, the adoption will be cancelled, and the adopting owner will be refunded all applicable fees.
 5. The adopting party shall reclaim the animal following surgery as directed by the veterinarian. Failure to comply will result in a charge for extra board. Unclaimed animals may be declared abandoned.
- B. The agreement to adopt an animal from Pima Animal Care Center shall require the adopting party to agree to hold harmless and defend the county, its officers and employees for loss, injury or damages arising out of or in connection with services of this program.
- C. This section does not apply to animals released to a duly incorporated humane society or other nonprofit animal welfare organization pursuant to Section 6.04.180.

Pima Animal Care Center
Attention Michael Schlueter

Dear Mr Schlueter,

My name is Helen Mendelsohn and I am the President of TOP DOG, INC. Hope and I are a certified team (#105). We have been a team for over four years. My jobs at TOP DOG have included training director, teaching assistant, certification chairperson, demo team member, and I have also worked with fundraising.

I have been involved with dogs for many years and have earned AKC obedience titles.

Pima Animal Care Center is a large part of our community. I would like to be a part of your organization to represent all of those with service dogs in our community.

Sincerely,

Helen Mendelsohn

Helen Mendelsohn

This letter is to confirm my continued interest in participating in the Pima Animal Care Center Advisory Committee as a representative of the disability community who works in partnership with a service dog and is a Pima county resident.

Currently I work with a service dog, Miramar who as a partner allows me to move freely and safely on our daily travels. Miramar and I graduated from "Guide Dogs for the Blind" three years ago. I have partnered with three other Guide Dogs and have found the training on dog behavior and care to be invaluable. This school also follows up on the progress and new struggles of each of its working teams.

I find myself often providing information about service dogs to the general public and to Pima Community College (PCC) students and staff. I have worked at the college as a Disability Program Specialist for more than 10 years. In my role at PCC I participate in committees and often act as an advocate for students with a variety of disabilities. My knowledge of disability law and access principles will support my role on the advisory committee as issues are reviewed. I am familiar with working as a member of an advisory group as I am a Member At Large on the Governor's Council on Blindness and Visual Impairment.

I am interested in public service for agencies/ departments that provide support and guidance on animal health and training issues. I have wanted to volunteer for some time but have been unable to find the best option to meet my schedule and home responsibilities until your advisory committee's vacancy. Please consider me as a candidate for appointment to the Pima Animal Care Center Advisory Committee.

Sincerely,
Carol Barnes

INVESTIGATION REPORT

Activity Number: A14-147503

ACO name & Badge: Windauer #1984

On May 14, 2014 at approximately 1458 hours I, Officer Windauer #1984 met with the maintenance personnel of the apartment complex at East Road reference a dog tied out to an upper floor railing. The two employees took me to the apartment where I saw the brindle dog laying on a cushion next to the railing.

I saw the dog had approximately 4-5 feet of range from the retractable leash that had been used to confine dog to railing. I saw the dog had no water available but was able to get in shade from building support. I took pictures and then continued with inspection inside the apartment. It had also been reported there had been another dog crated inside the apartment without any water. At this time I found no dog crated without water.

I impounded the brindle dog and was advised by employees that the occupant was approaching. The employees continued on to their next job. The young man they had indicated as the occupant walked past me and the dog without saying anything so I loaded dog into truck.

I returned to the apartment and posted a doorknocker advising of impound. While typing my memo, the occupant returned and left, again, without a word. I requested citations be written to the dog owner if dog should be claimed.

On May 22, 2014 at approximately 1805 hours Supervisor Tenkate #1911 met with the brindle dogs owner Kwame who lives at

Mr. had come in to redeem his dog, Chaka. Mr. said he had left Chaka tied to the railing at E road because Chaka fights with the dog Lily owned by Jeremy who lives at that address. Mr. said his apartment manager had told him Chaka could not stay there without a pet deposit. Mr. had been trying to find somewhere to keep his dog until he was able to pay the deposit.

Supervisor Tenkate advised Mr. of the welfare laws regarding tie outs, water, shade, shelter, confinement and veterinary care. Mr. said he had not known tie outs were illegal. Mr. accepted citations for Neglect-Tie Out and Neglect-No Water. At that time he still planned to redeem the dog and keep it at his girl friends house.

INVESTIGATION REPORT

Activity Number: A14-147744

ACO name & Badge: Daniel Robledo

May 18, 2014 at 1958 hours, I Officer Robledo #1990, responded to an emergency Tucson Police Department assist call. I arrived and met with Officer Granados, (case# 14-05180434). He stated that they responded to this domestic violence call at address _____ Avenue. I was told that there was an altercation between mother and daughter that occurred. Before the Police Department arrived, the daughter had left and than came back to the home and possibly kicked the family dog named "Sasha", injuring the front left leg.

We both walked to the home and spoke with dog owner Martin whom is the father. He said his daughter fought with mother and both were bloody and his daughter left. Then she came back after a while. He believes she came back entering through a window to get her things and kicked the dog, injuring the front leg. I asked Mr. _____ for proof of license and rabies vaccinations and Mr. _____ said he does not have either. Mr. _____ showed me Sasha the dog and it could not use its front left leg. I took a photograph of the dog in his arms.

I explained to Mr. _____ that his dog needs to be seen by a veterinarian as soon as possible. Mr. _____ stated that he does not have money, but he will try tomorrow. I filled out a Premise inspection form and marked the vet care section. I also advised Mr. _____ that he has until the following day (May 19, 2014), to seek medical care for his dog named Sasha. He said that he understood. He signed, and received his copy of the form.

I had returned several times within several days with no contact from Mr. _____

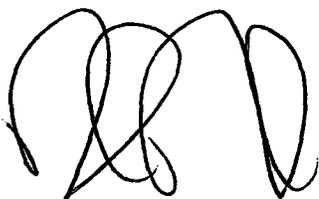

I posted notices on his front door urging his response.

On May 24, 2014 at 1226 hours, I arrived and spoke with dog owner Martin I asked him if he had taken his dog to the veterinarian clinic like we agreed. Mr. _____ stated he tried everywhere for help. He said all the veterinarians he went to wanted at least 45-50 dollars to look at his dog Sasha. He said that he does not have the money. He said he even tried the reservation where he is from. He admitted the dog is in pain and he hates seeing the dog suffer, but he said there is nothing he can do. The dog Sasha still could not use its front left leg and would cry if it's touched.

I issued a citation to Mr. _____ for neglect vet care and I presented an option for Mr. _____ to sign over his dog to Pima Animal Care Center so his dog can receive medical attention. Mr. _____ presented his identification for

the citation and signed the form relinquishing ownership to Pima Animal Care Center. He received his copy of the citation and placed the dog in my truck.

INVESTIGATION REPORT

Activity Number: 14-148022

ACO name & Badge: Carver #1901

On 05/22/14 at 2319 hours Officer Haynes arrived at 725 S Tucson Blvd and met with Tucson Police Officer Payette #22376 (1405220553) he advised her that there were two dogs inside of an unsecured truck just east of the apartment complex. Officer Payette stated that the dogs were very aggressive and that they almost leaped out of the truck when a pedestrian walked by. He also stated that he had been to several of the apartments and many of the residents said that the truck belongs to a visitor of someone in the complex but no one knew their name or apartment number. Officer Haynes approached the truck at which point a white/brindle Spaniel mix and a tan/black German Shepherd mix came to the open window of the truck and started lunging out of the window at her, growling and barking making attempts to bite her. She also heard what sounded like at least one if not two more dogs in the truck. She attempted to use her catch pole to remove the bigger dog but was unable to place the rope around the Shepherd so she caught the Spaniel. As she removed the dog thru the open window. The Shepherd came out thru the window and began lunging at her and attempting to bite. Officer Payette and her were able to keep the dog away and she was able impound the Spaniel mix. The Shepherd continued to growl and bark but was keeping her distance. Officer Haynes returned to the truck and observed a small puppy at the window. After some trying she was able to impound two puppies that were also in the truck. Several attempts were made by Officer Haynes and Officer Payette to catch the Shepherd but they were unsuccessful. They were able to inspect the truck and saw that there was no water available to the four dogs. Photos of the inside of the truck were taken and she posted a notice of impound on the front windshield and the door to the truck was left slightly ajar to allow the Shepherd back inside of the truck. At approximately 0211 hours Officer Haynes returned to the site and the truck was no longer there. She drove through the parking lot and did not observe the vehicle.

On 5/23/14 at 1630 hours I, Officer Carver #1901, met with Samantha at the Pima Animal Care Center. She claimed ownership of the four above mentioned dogs. She stated that she had an emergency with her friend and had to leave the dogs in her vehicle. I explained the violations that were observed by Officer Haynes and TPD Officer Payette. She provided a current Arizona Drivers License for identification and identified each of the dogs by name. I issued citations for Leash Law violations on the Shepherd and the Spaniel mixes along with citations for No Water on all four of the dogs. Ms. Johnston was advised of her court date and location.

ACO name & Badge: J. Carver #1901

On 05/23/14 at 13:07 hours Officer Tovar #2021, arrived at St. He knocked on the wrought iron door and saw that the wooden door was partially open. He knocked again and announced his presence but still did not receive an answer. He then walked to the west side of the front yard where he could only see a small part of the backyard he then called out again. He then walked to the east side of the yard and called out. He heard two dogs start barking. He then returned to his Pima Animal Care vehicle and drove to the alley behind the house. He was then able to see a large black and white dog on a tie-out. There was also a small Chihuahua mix in the yard that was running around loose. Officer Tovar then called for another officer to assist him. Officer Rademaker #2019 responded to the request. Officer Rademaker and Tovar entered the backyard through the unlocked back gate. Officer Tovar took several photographs of the large black and white dog that was on a cable tie-out. The cable was tied to a tree. The dog had tangled himself up on a old wooden electrical spool and could not reach the water bowls that the Chihuahua mix had access to. The only bowl near the dog was empty. Officer Rademaker and Tovar removed the dog from the tie-out and impounded it. The Chihuahua was not impounded as it had water and shelter. Officer Tovar left a Notice on the front door advising the dog owner that he had impounded their dog. The notice also stated tie-outs are illegal and the fact that the dog did not have water.

On 5-24-14 at approximately 1430 hours Celeste came into the Pima Animal Care Center with her partner. They identified the dog impounded from as their dog Momo. They stated that they tie the dog up when they leave the house because Momo is a "Houdini". I explained to them that tie outs are illegal. I showed them the photographs taken by Officer Tovar showing how the dog was so tangled up that he couldn't reach his water. They stated that they will leave the dog inside the house until they can fortify their fence. I issued citations for Neglect Tie out and No Water. I advised them of the court appearance and the need to attend.

On 5/21/14 @ 1000 hrs Officer Konst # 2002 was dispatched to _____ to investigate a dog reported to be tied out and in distress. The report was placed by Tucson Police Department at 0956 hrs. Tucson Police received a report the dog had been tied in same spot for 48 hrs. Tucson Police were not responding.

Officer Konst arrived at the address at 1015 hrs. He received no answer at front door. Officer Konst went to side yard gate and observed a Blue Merle colored Queensland Heeler tied to a block wall. He could not see any shelter or water from the gate. He photographed the dog and entered the yard. Officer Konst knocked on the back patio door but received no answer. Officer Konst impounded the dog and took photographs of the area. A notice was posted on front door letting owner know where the dog was. Upon completion of the investigation Officer Konst requested that the dog owner be issued citations on his behalf for neglect tie-out and neglect no water.

On 5/21/14 @ 1544 hours I, Supervisor Tenkate #1911 met with the dog owner Jesse _____ when he came to the Pima Animal Care Center (PACC) to redeem his Queensland Heeler A481357 named Queen. I explained that his dog had been impounded because it was tied out and did not have any water. Mr. _____ said he just moved into the home at _____ and Queen had chewed the air conditioning unit lines so he tied her up temporarily until he could fence off the unit. He is from Texas and was unaware of the Tie out law. He was advised to get a lager secure shaded water container and that the tie out is illegal and cannot be used.

Mr. _____ provided me with his Texas driver's license for identification. He signed and received a copy of citation #71015 A-B for Neglect Tie Out and Neglect No Water. He was advised of his court date, time and location.

Mr. _____ was given reduced redemption fees from licensing if he was willing to have his dog altered. He decided not to redeem his dog and relinquished ownership of his dog Queen to PACC.

ACO name & Badge: J RADEMAKER 2019

On May 14, 2014 at 4:05PM Pima Animal Care Center Supervisor D. Tenkate 1911 received a complaint from Arlene [redacted] of [redacted] stating that the dogs that reside at that address in apartment #4 are without water and in distress.

On May 14, 2014 at 5:16PM I, Officer Rademaker 2019, responded to [redacted] and met complainant Arlene [redacted] who showed me over and through the shared fence with #4 that excessive waste was present and it appeared that all water bowls were empty. I received no response at #4 and posted a notice advising of the complaint, and waste, and a law brochure with appropriate items highlighted.

On May 15, 2014 at 5:20PM I went to [redacted] and received no response at the door. I went to #5 and met complainant Arlene Hargreaves who allowed me to go into her back yard to observe the back yard of #4. I saw that the animal waste present on my visit yesterday had been picked up. I saw the black and white female husky and several of her puppies. I saw several silver bowls but could not determine if water was present.

The residents of #4 returned home at that time. I met with Matthew and Fritz. I asked to see the yard and saw that there was no water present for the mother Husky Latisse nor her puppies. Mr [redacted] and Ms [redacted] responded that they had been gone only momentarily, although by that time I have been at the location almost 15 minutes. They then said the dog knocks over its water containers. I responded that dogs must have water available at all times and they should acquire containers that cannot be knocked over.

I inquired about licensing and rabies vaccinations and Ms [redacted] said that the adult dog might be licensed under her Mother's name, Rosario [redacted]. I did find a person ID for Rosario but the husky dog Latisse was not listed.

I issued Ms citations for no license and no rabies vaccination as well as one for neglect no water. I explained court and compliance and she said she understood. She said she did not have a drivers license and I used a TEP utility bill for ID. She was upset she was being cited and believed she should be warned. I explained I posted a law brochure yesterday with the water requirement highlighted.

I then went to the complainants and inquired about license on their Boston terrier. Ms replied that they moved to Tucson from Florida less than 30 days ago. I gave her a law brochure and explained Tucson's license and vaccination laws.

INVESTIGATION REPORT

Activity Number: A14-147063

ACO name & Badge: Bowdon #2013

On 05/07/14 at approximately 12:44 hours Pima Animal Care Center (PACC) received a report of several very thin dogs located at in Pima County.

On 05/11/14 at approximately 11:00 hours I, PACC Officer Bowdon #2013, arrived at and observed 4 adult dogs and 4 pups emerge from under one of the three mobile homes located on the property. I observed that the property was fenced, but there was no gate at the entry and the fencing was not intact in some locations.

I did not get a response from any of the mobile homes. The dogs did not have access to food or water and several of the dogs appeared thin. I poured some dog food on the ground and all of the adult dogs and one of the older pups began to voraciously eat. The small pups did not eat the food as eagerly, instead they nursed from the mother dog while she ate. I offered the dogs some water and they drank it immediately.

I was able to make contact with the property owner, Eva who stated that she does not reside on the property. Ms. stated that a relative, Raul, had been living on the property and that the dogs belonged to him. Ms. stated that Mr. had moved about a week ago and had told her he would be coming back to get the dogs. Ms. did not have a working telephone number for Mr. and she did not know the exact address of where he was presently living. Ms. agreed to take responsibility for the dogs for the night and stated she would locate Mr. and bring him to PACC so that he could accept legal responsibility for the violations instead of her.

(A14-147063 continued)

On 05/12/14 I met with Ms. [redacted] and Mr. [redacted] at PACC regarding the violations observed on 05/11/14. Mr. [redacted] stated that he was the owner of three of the adult dogs and 3 of the pups. Mr. [redacted] stated that two of the dogs, a male Rottweiler mix and the older pup, were stray dogs that had been hanging around the property. Mr. [redacted] stated that he had left his dogs on the property after he moved and that he did not make arrangements for their care in his absence. Mr. [redacted] stated that he would bring all the dogs to PACC later in the day and surrender ownership. Mr. [redacted] then accepted citations for neglecting to provide food and water for his 3 adult dogs, and for Leash Law due to his leaving them unconfined at [redacted]. I did not issue citations for the 3 small pups since they were still nursing.

ACD Name & Badge: C. Young 1908

On May 07, 2014 at approximately 10:40 hours Investigator M. Eckelbarger #1942 responded to _____ where he received no answer at the door. He observed a red colored Chow mix in the carport area, on a tie-out, approximately 10 feet in length. The dog did have access to food, water, shade, and shelter. Investigator Eckelbarger then took photographs of the dog and the tie-out. Investigator Eckelbarger determined that he would need assistance to impound the dog and contacted the Pima Animal Care Center Dispatch to request assistance. Officer T. Bowden #2013 arrived on scene to assist with the impound of the dog. A notice advising that the dog had been impounded was posted on the front door.

On May 14, 2014 at approximately 12:30 hours I met with the dog owner, Andy _____ at the Pima Animal Care Center when he came in to redeem his pet. Mr. _____ was very cooperative and offered his Arizona Drivers License for identification. I issued a citation to Mr. _____ for his dog being kept on a tie out. Mr. _____ signed the citation and accepted his copy. I then advised him of his court date and time.

INVESTIGATION REPORT

Activity Number: A14-144720

ACO name & Badge: Carver #1901

On 05/07/14 at approximately 0900 hours Officer Konst badge #2002 was dispatched to to investigate a leash law complaint. He received no answer at the front door. Officer Konst could hear dogs in the back yards but they were not coming to the fence line. He then walked to the side of the house in the driveway area where he observed four dogs on tie-outs in a fenced back yard. Two of the dogs were tangled and unable to reach any water and two of them had no shelter. There were four buckets of water, but nothing to stop the buckets from being tipped over if caught on cable or hit. Officer Konst photographed the area and asked for Pima Animal Care (PACC) Dispatch to attempt to call the complainant to possibly get a name or telephone number of the dogs owner. There was no record of a current license or recent owner listed in the PACC records. Dispatch tried a phone number for a dog owner listed at the address but it was disconnected. Officer Konst photographed all of the dogs and impounded all four dogs and posted a notice of impound on the front door.

He observed the following violations, A female Rottweiler, had no accessible water due to her tie-out being tangled around a pole in the northwest corner of the yard and she also had no shelter. A female Terrier mix in the northeast corner of the yard had no shelter. Another female Terrier mix was tangled on a porch post on the northeast side of the porch and had no accessible water, the water that was intended for this dog did not appear to be potable as it was bright yellow color. A Border Collie mix was on the northwest corner of the porch on a tie-out with the other porch post to get tangled on. Officer Konst requested citations be issued to the dog owner.

On 5/7/2014 I, Officer J. Carver #1901, met with Myrna when she came into the Pima Animal Care Center, she identified the 4 dogs impounded by Officer Konst as being her dogs. She provided her Arizona Drivers License for identification. She provided me with all of the dog's names and I issued the citations for the violations as observed by Officer Konst at the time of impound. Ms stated that they would be taking 3 of the 4 dogs to live at her mother's home at

. The 3rd one would be kept in the home in a large wire crate while she is at work and then out on leash with her.

INVESTIGATION REPORT

Activity Number: A14-146647

ACO name & Badge: Klein #1926

On May 1, 2014 I , Investigator Klein arrived at Tucson City Court located at 103 E Alameda street. When I stepped out of my vehicle I was approached by Tucson Police Department (TPD) Officer Thomson Badge #40873 who stated there were two adult German Shepherd's inside of a vehicle in the court parking lot. She said that the dogs did not have water, the vehicle is in direct sunlight, it is getting very hot and she was very concerned for the dogs. Officer Thomson provided two telephone numbers and stated the vehicle is registered to a business named _____ She stated that the dogs have been in the vehicle since before noon. I contacted the Pima County Animal Care Center (PACC) dispatch department and asked that they call both of the phone numbers and ask the owner to come out to their vehicle.

PACC dispatch informed me that they did not receive an answer and left a voice message.

I went to the vehicle with Officer Thomson and looked at my phone to see that it was 1307 hours. I observed two adult German Shepherds inside of a grey Land Rover with Arizona license plate _____. Both dogs were agitated and panting heavily. I saw no water inside of the vehicle for the dogs to drink. I contacted PACC dispatch and requested assistance to remove the dogs from the vehicle and asked the current ground temperature. They stated it was 81.1 degrees. TPD Officer Thomson provided the dogs with water. PACC Officer Bowdon badge #2013 arrived to assist. TPD Officer Johnston badge #41827 also arrived.

I took several photographs of the vehicle and the dogs using Officer Bowdon's field camera. Officer Bowdon and I then transferred the dogs into air cooled cages in her vehicle. As we were preparing to leave the parking lot we were approached by Mr. Thomas _____ who stated this was his vehicle and he asked where his dogs were.

I explained to Mr. _____ that I was glad he had returned and asked for identification. He provided his Arizona drivers license.

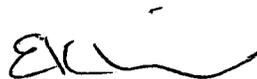

I then told him that both of the dogs were currently in Officer Bowdon's vehicle and were about to be taken to the Animal Care Center after being found in his hot vehicle with no water. I then looked at my phone again and saw that it was now 1344 hours.

Mr. became very argumentative. It was explained to him several times by me and TPD Officer Johnston that the dogs would be returned to him but he can not leave dogs in a vehicle without adequate ventilation and temperature control. He argued that the windows were cracked, he does it all the time and his dogs are well cared for. I asked if the dogs are currently licensed and he said that they are licensed in Phoenix. He stated Kenya is a 5 year old female German Shepherd and Molly is a 2 year old female German Shepherd.

I then issued citation 72419 A,B,C and D to Mr. for the violations of neglect no water and neglect ventilation for both of his dogs. I again explained that it is too hot to leave dogs in a parked vehicle with out proper temperature control and without water. Mr. stated that his dogs are very well cared for and asked why I was citing him. I again explained that at 1307 hours I observed the dogs to be without water in a hot vehicle. He did not return to his vehicle until 1344 hours and according to the TPD officer the dogs had already been in the vehicle since before noon. Mr. told me that the police officer was lying.

I provided Mr. with his signed copy of the citation and explained the court appearance. Both Kenya and Molly were then returned to Mr.

INVESTIGATION REPORT

Activity Number: A14-147014
ACO name & Badge: Attebery, 1929

On 5/6/2014 at around 0955 pm, I, Animal Care Officer Attebery, 1929, arrived at [redacted] I reference Tucson Police with a dog that bit someone.

I met with Tucson Police Officer Avilez #51570 who stated that while she was driving in the [redacted], she was waved down by an individual reference a dog on dog attack.

I then met with Angela Sharkey who stated that at around 0925 pm on 5/6/2014, she was walking her leashed boxer mix dog named "Bootsie", westbound in the [redacted]. Angela saw about 50' west of her, a woman holding a pit bull mix dog on a leash that was attached to the dog's harness. Woman holding the dog's leash dropped the leash.

The pit bull mix dog ran to where Ms Sharkey and "Bootsie" were standing and attacked "Bootsie". Pit bull dog bit down several places on "Bootsie" but then bit "Boosie" in the neck area and would not let go.

Several residents that live at the [redacted] apartment complex saw the pit bull latched onto "Bootsie's" neck and came over to separate the dogs. Dogs were eventually separated. "Bootsie" sustained a puncture wound to her left shoulder and on top of her head with swelling around the right jowl area. Pit bull dog had minor scrape on its nose. Ms Sharkey wants cites issued for pit bull being loose/ for pit bull attacking her dog, medical restitution for when she takes her dog to the vet and a dangerous dog assessment. Photos taken of "Bootsie's" injuries.

Woman holding/walking pit bull mix identified herself as Ada Louise Williams and the pit bull is named "Chaos". Per Ms Williams, "Chaos" belongs to her daughter, Gail Williams. Ms Williams decided to take "Chaos" for a walk. While they were in the [redacted], she saw Ms Sharkey and her dog approaching. "Chaos" became agitated and while Ms Williams tried to contain the dog, she lost control of the leash and "Chaos" was able to run and attack "Bootsie".

Ms Williams was cited for "Chaos" being loose and biting another animal. As Ms Williams had no photo identification, her picture was taken and she gave her personal information.

Ms Williams had "Chaos" on his leash and as Ms Sharkley and her dog walked

eastbound on Prince Rd away from the scene, "Chaos" began to fight the leash. Ms Williams couldn't control the dog so I helped her hold the dog.

It was decided that "Chaos" would remain in mv truck until Ms Williams could bring the dog owner to the to discuss disposition of "Chaos".

Dog owner, Gail Williams, arrived on scene. After an explanation of the events that had transpired earlier and the possible declaring the dog vicious or dangerous, Gail Williams, in the presence of Tucson Police Officer Avilez, verbally gave Pima Animal Care Center possession of the dog to dispose of by law.

INVESTIGATION REPORT

Activity Number: A14-141430

ACO name & Badge: M. Fish #1995

On February 13th, 2014 at approximately 17:30 hours Investigator Eckelbarger #1942 responded to [redacted] where he met with bite victim, Corlena Espuma (DOB 10-30-80). Mrs. Espuma stated that on February 12th, 2014 at approximately 19:00 hours she was walking down the street in front of [redacted] when a small tan and white Chihuahua ran out of the unfenced front yard and began chasing her. She stated the dog then charged up to her and bit her right leg several times causing two puncture wounds. Investigator Eckelbarger took photographs of the bite wounds and attached to the activity in Chameleon. Mrs. Espuma requested that citations for Biting Animal and Leash Law be issued on her behalf as well as restitution for any medical bills she may incur. She also stated she contacted Zanes Law Office regarding the incident.

Investigator Eckelbarger then responded to [redacted] where he observed the property to have fencing but no gates in the front yard. He met with dog owner's brother; Andres Balderas who lives next door in unit [redacted] on the property. The dog owner's brother stated the biter dog "Pecosa" belongs to his sister, Clarisa Balderas ([redacted]) who lives next door in unit [redacted] (east side of home). The dog owner's brother told Investigator Eckelbarger that Clarisa was at work now until midnight. He also told Investigator Eckelbarger that he believed she was aware of the incident and that he believed she gave the dog to a friend. Officer Eckelbarger left a notice to give to Ms. Balderas advising she needs to bring biter dog to PACC for quarantine.

On February 18th at approximately 18:30 hours I, Officer M. Fish #1995, met with the dog owner, Clarisa Balderas, at [redacted] and issued the citations for Biting Animal and Leash Law on behalf of the victim. I also impounded the biter for the remainder of the quarantine period at Pima Animal Care Center. I issued the owner a citation for No License as well since the dog was not currently licensed in Pima County. The biter did have a current Rabies

vaccination (RABDOMUN / Lot #S300570F / Exp. 12-03-14). After I was done meeting with the owner I then met with the victim and showed her photos of the owner's Chihuahua mix, Pecosa (A470748), which she positively identified as the dog that bit her.

INVESTIGATION REPORT

Activity Number: A14-146085

ACO name & Badge: J RADEMAKER 2019

On April 22, 2014 at 5:34PM Susan Bacal called Pima Animal Care Center (PACC) dispatch to report that as she was walking her dog on leash a Labradoodle dog and a Chocolate Labrador Retriever dog left their yard and attacked her dog.

Ms Bacal called back at 7:22 PM with information that the dogs that attacked her dog reside at [redacted] and that the owner is Maureen Brooks

On April 24, 2014 at 5:49PM I, Officer Rademaker 2019, went to 5618 E 8th St and met with Susan Bacal and saw her Border Collie dog Moses. Ms Bacal said that on April 22, 2014 at approximately 3:50PM she was walking Moses on leash southbound on [redacted], just south of [redacted] when 2 dogs that reside at that address came through an open gate in the back yard of that property. She described the dogs as a black Labradoodle named Bella and a brown Labrador named Rosa. Ms Bacal stated that the 2 dogs attacked Moses and caused significant injury. I saw that Moses was shaved in several large areas and had wounds that were stitched and not stitched and photographed him for this record. Ms Bacal said this has happened several times previously to other dogs in the neighborhood and has gone unreported. Ms Bacal stated that she has incurred veterinary expenses in excess of \$400.00 at Pima Pet Emergency and Pantano Animal Hospital to date.

Ms Bacal requests that PACC issue leash law and biting animal citations on her behalf for the attack. She requests that a dangerous dog evaluation be conducted and that the owner be ordered by the court to pay restitution for her expenses.

While I was interviewing Ms Bacal neighbor Ken Plax of [redacted] came by. His phone is [redacted] and cell [redacted]. He said that a similar attack event had occurred involving him and his rat terrier Katy and he would be willing to speak about it if a dangerous dog investigation is conducted. He stated that he walks Katy on an expandable leash. I informed him that expandable leashes are not legal in the City of Tucson.

PACC records show the owner at [redacted] to be Maureen Brooks Bella A341414 and Rosa A401774 are current on rabies vaccinations but have expired licenses.

I went to _____ and found no one at home. I photographed the gate facing Leonora and the dogs in their backyard.

On April 25, 2014 at 4:52PM I went to _____ and met with Maureen Ellen Middleton and interacted with her Labrador Retriever Rosa and Labradoodle Bella. The dogs were friendly with me. I apprised her of the complaint and inquired about the status of the licenses for the dogs. She admitted that she had allowed the licenses to lapse. Rabies vaccinations are current for both dogs.

I issued her citations for no license for both dogs. I also issued her citations for the leash law violations on April 22, 2014 as well as biting animal citations for the dog on dog attack then. I explained court and compliance and she said she understood. I gave her a law brochure

INVESTIGATION REPORT

Activity Number: A14-146473

ACO name & Badge: T. Foster 2042

04/29/14 07:41 Pima Animal Care Center dispatch operators received a call from Tucson Police Department dispatch stating that a woman was in the middle of the street trying to break up a dog fight and was bitten in the process. Tucson Police Department was on their way to the scene. No additional information was provided by Tucson Police Department at that time.

04/29/14 09:10 Field Officer Bowdon arrived and met with Tucson Police Department Officer Ashton #49045 in reference to TPD case# 1404290138. It was reported that at approximately 0700 hours on 04/29/14, Leslie Rappole was walking her dog Bama on leash in the _____ t in the city of Tucson. As she walked past _____ t, Rebecca Manning exited the house to retrieve something from her vehicle and did not securely close the front door of the residence. Minnie, the dog residing at _____ t, escaped from the house and ran toward Ms. Rappole and Bama. Minnie then attacked Bama. During the attack Bama was injured and both Ms. Rappole and Ms. Manning were bitten. Ms. Rappole reportedly fell during the attack and injured her ankle. Bama suffered injuries to her ear and possibly to her neck and/or head area. Ms. Rappole was transported to UMC prior to Officer Bowdon's arrival and she was unable to take her report at that time.

Ms. Manning stated that she was bitten on her right hand and arm area while trying to break up the fight, but she could not be certain which dog bit her. She initially stated it was Minnie, but then recanted and stated that she was not positive. Ms. Manning resides at _____ but was visiting her friend, Kerrie Minick who is the owner of the Pit Bull mix named Minnie. Ms. Minick was in the shower and unaware of the incident until after it happened. Ms. Minick stated to Officer Bowdon that Minnie did not have a current Rabies Vaccination or Pima County dog License. Ms. Minnick allowed Officer Bowdon to impound Minnie for quarantine and accepted citations for No License and No Rabies Vaccination. Officer Bowdon explained the quarantine process and provided her with the bite-case numbers and Pima Animal Care Center contact information. Ms. Minick intended to redeem

Minnie following quarantine period.

Officer Bowdon then met briefly with Ms. Rappole's daughter to photograph the dog's injuries prior to Bama being taken for vet care. Officer Bowdon also left a notice with Ms. Rappole's daughter for Ms. Rappole to contact Pima Animal Care Center. Officer Bowdon advised her that since Ms. Manning was also bitten and uncertain which dog bit her. She stated that Bama would also need to be quarantined but will be allowed a home quarantine since she is current on her rabies vaccination and was not in violation of the Leash Law at the time of the attack. Officer Bowdon briefly explained the parameters, but told her we could finalize the details at a later time to help facilitate the dog receiving veterinary treatment in a timely manner.

05/01/14 11:11 hours Officer Henderson 1904 contacted Leslie Rappole at her home. Ms. Rappole was not able to come to the door due to her injuries. Officer Henderson was escorted to Ms Rappole's room where she was in bed. Ms Rappole stated the attack occurred about 7:00 am on Tuesday, April 29th. Ms Rappole stated that she was walking in the east t, when the dog from t ran out of the house due to an improperly latched door, and attacked her dog. Ms. Rappole stated that the dog ran past Rebecca Manning (the person Ms. Rappole believed was the dog's owner) who was standing at the curb. She stated that Minnie first ran into her which resulted in her being knocked to the ground. Ms. Rappole stated that Minnie then attacked her dog Bama. Ms. Rappole stated that Rebecca Manning and a couple of neighbors who witnessed the incident came to their aid. Ms. Rappole's dog was injured and as a result of the attack and underwent surgery for those injuries. Ms Rappole was also injured and is suffering from bruises, bite wounds and a broken leg. Ms. Rappole underwent surgery for her injuries as well. Ms Rappole is requesting citations be issued for Minnie attacking Bama as well as Minnie knocking Ms. Rappole down and biting her. Ms Rappole stated that she will have her own photos taken of her and her dog's injuries for the case.

05/05/14 18:33 I, Officer Foster 2042 arrived at the dog owner's residence to issue third party citations on behalf of Leslie Rappole. I knocked on the front door and received no answer. There was no vehicle in the driveway either. I posted a notice requesting Ms. Minick contact Pima Animal Care Center to make arrangements to meet with an Animal Care Field Officer.

05/05/14 19:09 I, Officer Foster 2042 was contacted via Animal Control radio system and informed that Kerrie Minick was now at home and available to speak with an officer. I returned to _____ I knocked on the front door and was met by Kerrie Minick. I explained that Ms. Rappole was requesting that PACC issue third party citations for Biting Animal and a Leash Law violation for the incident that occurred on 4/29/14 at 700 hours. I then requested a copy of Ms. Minick's driver's license. Ms. Minick was very cooperative but angry with her friend for her carelessness when exiting Ms. Minick's home the morning of the twenty ninth. I then issued two Biting Animal citations and one Leash Law citation. In a previous note, the responding officer requested that the citing officer issue two Leash Law citations. However, I was unable to find two instances of a Leash Law violation in PACC field notes so I issued one. Ms. Minick acknowledged, signed, and accepted her citations. Ms. Minick was then provided with her court date, time, and location. I then returned Ms. Minick's driver's license to her and thanked her for her time and cooperation.

INVESTIGATION REPORT

Activity Number: A13-134617; A14-146850

ACO name & Badge: J RADEMAKER 2019

On November 2, 2013 at 6:38PM Pima Animal Care Center (PACC) Officer K. Saline 1918 responded to A13-134617 and met complainant Kacey Varvel who stated his son was in his garden which is fenced off, but adjoining the neighbors fence. The neighbors have two bully breed dogs, a male and a female. The male was barking and charging at the fence and found a soft area in the dirt and came into the garden area. The son had a water hose and was spraying the dog to keep it away from him. The father came over with a stick and tried to shoo the dog back into it's own yard. The dog continued to charge. Finally, the dad got a shovel and hit the dog and it retreated back into it's own yard. A wood pallet was used to block the hole. The dog continued to look for weak spots in the fence to come under. That's when Gabrielle Varvel called 911. Between the time the complainant called and Officer Saline arrived, the neighbors arrived home and the dogs were put in the house. The neighbors spoke and the fence was to be secured. They exchanged phone numbers and nobody wants citations at this time. Officer Saline then went to , the dog owners residence, and spoke to a teenage boy who stated his parents went out. Officer Saline left a copy of the laws as well a notice and advised of the leash laws to pass along to parents.

On May 4, 2014 at 7:27PM PACC dispatch received call from UMC South / John @ Triage who transferred phone to bite victim's wife (Gabrielle Varvel). This is assigned activity number A14-146850. Ms. Varvel stated the neighbor's (Julia) dog (Sam - a brown and white Pit Bull) got out of it's yard, onto the property of the Varvels, attacked and bit Mr. Kacey Varvel about the face causing punctures both inside and outside of his mouth and lips. Ms. Varvel stated she has some photos and PCSO has more time and date stamped photos of the incident as well.

On May 4, 2014 at 7:43PM Officer Foster 2042 arrived and was met in the street by PCSO Deputy O'Dell #1480 who was there in reference to PCSO Case #140504190. He stated that the victim had left to the hospital for treatment and there was only a 16year old at home. Officer Foster stated that she would deal with the dog owner that night and set the call up for an ACO to meet with the victim tomorrow. Deputy O'Dell informed her that the dog owner's name is Julia Belin and lives next door at and the biting dog is named Sam and is 6 years old.

DD#5

As they spoke the dog owner approached them. Ms. Belin was emotional but very cooperative. Officer Foster requested proof of rabies vaccinations and license for both of her dogs. Ms. Belin asked Officer Foster why she needed vaccination information for Bella since she was not involved in biting the neighbor. Officer Foster stated that anytime she encounters unlicensed and vaccinated dogs in the field that she is required to issue citations. Ms. Belin then stated that Bella was vaccinated at ABC but she did not have proof with her and that Sam was not current on his Rabies vaccination and is not licensed.

~~Officer Foster replied that she should try to obtain the proof of Bella's vaccination and take it with her to court. Officer Foster then stated that because Sam is unvaccinated and he was involved in a Violation Bite that she had no choice but to impound him for the required 10 day quarantine at PACC. Ms. Belin was relieved to hear that she would be able to redeem her dog and was that he would only be at PACC for 10 days. Officer Foster then asked her for her Driver's license. Ms. Belin complied and was issued citations for no-license and no-rabies vaccination on both dogs. Officer Foster also issued a Quarantine @ PACC form for Sam. Ms. Belin acknowledged, signed, and accepted her citations and Quarantine agreement. Ms. Belin was provided with her court date, time, location, and her license was returned to her.~~

On May 5, 2014 at 12:00PM Officer Konst 2002 met with victim and his wife. They requested third party citations for two dates and a dangerous dog evaluation if the dog is redeemed. They told Officer Konst that Sam has become aggressive since the second dog, a female, came. The victim request that PACC issue citations on behalf of Kacey Varvel for bite on this activity and they also wish to have dog owner cited for a attempt to bite under activity A13-134617 on 11/02/13 at 1730 hrs to same victim and leash law on both incidents. Officer Konst posted notice for owner to contact us. Complainant will drop all charges if dog is not redeemed.

On May 9, 2014 at 1:00PM I, Officer Rademaker 2019, met with owner Julia Belin at Pima Animal Care Center. She understands that the victim Kacey Varvel is willing to decline citations if she relinquishes ownership of the biting dog Sam. Ms Belin said she wants to redeem Sam. I explained that she would receive citations for the leash law violation and biting animal (attempt to bite) for November 2, 2013 and leash law and biting animal (human bite) on May 4, 2014 and that Sam would be evaluated for being a dangerous dog and she said she understood. I then issued the citations, explained court and she said she understood.

INVESTIGATION REPORT

Activity Number: A14-143515

ACO name & Badge: C. Meek 2015

On 03/15/14 at 1856 hours Pima Animal Care Center (PACC) dispatch received a complaint from a man identified as Chris. Chris advised the dispatcher that at 1823 hours a dog running at large came into his front yard and attacked his cat which ultimately passed away. Chris advised the dispatcher that he was able to make contact with the father of the dog owner who advised him that his daughter, the dog owner was not at home. Chris also advised the dispatcher that the dog was confined to the residence at the time of his call.

04/21/14 at 1155 hours Officer Konst badge number 2002 was given the call by Supervisor Tenkate badge number 1911. Officer Konst indicated that he received no answer at door when responding to the complainant's residence. Officer Konst stated, went to side of house and called out to see if anyone was in barn. Officer Konst indicated that he could hear several dogs on the property. Officer Konst stated he had dispatch call and leave message and posted notice on door. Officer Konst indicated that he could not find a record of license for any dogs on the property. Officer Konst stated he did find an expired license for Haley to a Ms. Patty Breed at another address.

Officer Konst stated he then checked record for a potential dog owner. Officer Konst indicated that he found a Ms. Carisa Chavarria that adopted a dog from PACC in December of 2013. The dog, named Chelsea was found in the PACC parking lot 11/13. Officer Konst also indicated Chelsea was also out and found running 02/02/14 La Canada and Hardy Chelsea was returned to the owner

Ms. Carisa Chavarria advised Officer Konst Chelsea escaped out front door the day of the attack on the cat. Ms. Chavarria stated that Chelsea ran north west so that was where she went looking. Ms. Chavarria advised Officer Konst that the cat owner followed dog back to her residence after the incident and met with her father. Ms. Chavarria stated to Officer Konst that Chelsea has not been running loose to her knowledge since. Ms. Chavarria advised Officer Konst that she has been working with Chelsea and had no idea it would attack a cat. Officer Konst found that Chelsea is current until December.

On 04/28/14 T 1715 hours I Officer Meek 2015 responded to to meet with the complainant in a leash law attack complaint. I arrived at the address and was able to meet with the complainant

Ms. Patty Breed.

I asked Ms. Breed to recount what occurred on 03/15/14. Ms. Breed advised me that her cat was attacked by a dog running at large. Ms. Breed went on to advise me that her cat, named Pizzer was in the open garage on her property roaming as she did frequently.

Ms. Breed went on to say that while Pizzer was out while she was attending to chores Ms. Breed went on to say she saw what was described to me as a medium sized Shepherd mix tan or black in color approach the residence. Ms. Breed advised me that the dog was off leash during the whole incident.

Ms. Breed advised me that the dog saw Pizzer and immediately attacked the cat. Ms. Breed stated that the attack happened so fast that she was taken aback by it. Ms. Breed stated there was quite the commotion on her property which lead to her children and husband to come out and investigate what was going on. Ms. Breed advised me that during this the dog became startled or confused and dropped Pizzer.

Ms. Breed at that point stated the dog began to retreat and that her husband Mr. Breed chased the dog on foot. Ms. Breed stated she then went to check on Pizzer and found that she passed away. Once sure that Pizzer was deceased Ms. Breed stated she then went out on foot to assist with locating the dog. Ms. Breed stated that she and her husband were able to find the dog's residence which was . Ms. Breed advised me that when she arrived at the residence the father of the dog owner was also arriving and that her husband was speaking with him. Ms. Breed advised me that both dogs were indoors during their meeting.

I asked Ms. Breed if she would like citations for the leash law and biting animal. Ms. Breed stated that she would like citations issued as well as a dangerous dog evaluation done. Ms. Breed then took me to the garage where Pizzer was kept and showed me blood spatter on the concrete floor. Ms. Breed went on to say that she is concerned for any other pet cat she may get as well as the possibility of the children in the neighborhood. I advised Ms. Breed that I would attempt to meet with the dog owners at the conclusion of our meeting.

I then made my way to to meet with the offending dog owners. I arrived at the address and was able to meet with Ms. Carisa Chavarria the dog owner. I asked Ms. Chavarria about the event that occurred on 03/15.

Ms. Chavarria explained that she was aware that her dog, Chelsea did get out of the yard and did attack a cat. Ms. Chavarria advised me that she was very sorry for what occurred and went on to advise me that she never attempted to make contact with the cat owners because of the heated nature of the interaction between her father and Ms. Breed's husband. I advised Ms. Chavarria that I understood but the Breed's were upset at the loss of a family pet. Ms. Chavarria stated she understood and expressed her sympathy. I then asked how Chelsea was able to escape.

Ms. Chavarria advised me that she adopted Chelsea at the beginning of the year from PACC and advised me that Chelsea was found roaming the parking lot. Ms. Chavarria went on to advised me that both she and her father have been working with training Chelsea from rushing the door as she typically does when they attempt to leave. Ms. Chavarria then asked if I would like to meet Chelsea. Ms. Chavarria then brought out Chelsea on leash and I was able to photograph the dog.

I asked Ms. Chavarria where Chelsea goes to use the restroom because on

DD#6

my arrival I found that the yard is unfenced. Ms. Chavarria went on to advise me that they have a "dog park" on the north side of the residence that the dogs use the restroom and get sun in.

I asked Ms. Chavarria to see the park. Ms. Chavarria then led me to the "dog park" The park consist of an approximate 12 foot by 8 foot fully enclosed chain link kennel. Inside the kennel there is water available and several beds available to the dogs. I was able to photograph the "dog park"

I then advised Ms. Chavarria that the cat owner's requested that I issue citations for the event that occurred on 03/15. Ms. Chaverria stated she understood and provided me with her Arizona Driver's License. I issued Ms. Chaverria a total of two citations which included a leash law violation and a biting animal citation. I did not issue Ms. Chavarria citations for license and rabies vaccination as Chelsea is current on both. I explained to Ms. Chavarria that with the citations she would need to appear in court and I provided her with the date. Ms. Chaverria stated she understood her need to appear and signed her copy of the citations.

INVESTIGATION REPORT

Activity Number: A14-146565

ACO name & Badge: Konst #2002

On 04/30/14 I Officer Konst badge #2002 was dispatched to to investigate two dogs attacking a horse. The address was the stable Crazy Horse Ranch where the horse was boarded. It was reported the two dogs were still at large. It was also reported the dogs lived at

When I arrived at Crazy Horse Ranch I met with victim Elisabeth Contreras, she stated she was riding her 14 year old horse named Pennye down Cougar Canyon Trail. She was on her way back to the stable; at approximately two dogs came from behind her and started attacking Pennye. She was unsure of the address, but stated the dogs came running from the end of the road. That is the location of where the dogs live. Ms. Contreras tried to keep going and not run Pennye to avoid the dogs being more aggressive and was also afraid the horse might throw her off. The two dogs later identified as Bailey and Sarge kept circling and attacking Pennye. Ms. Contreras stated a construction worker in a white pick-up truck going east on Cougar Canyon put his vehicle between Pennye and the dogs. The move gave Ms. Contreras enough time to put distance between her and the dogs.

Once back at the stable she had someone call Pima Animal Care Center to report the attack. I was shown several wounds on Pennye, all appeared to be scratches except one wound on the front of the horse that appeared to be extensive. I photographed Pennye and the wound. A mobile Veterinarian was called to treat Pennye. She stated she believes the brown and white boxer is the one who bit Pennye and cause the deep wound, but she was not sure as both dogs participated in the attack. Ms. Contreras is requesting third party citations be issued, restitution and a dangerous dog assessment be done on the dogs.

After Ms. Contreras arrived back at stable, another horse owner Kris Bakotic drove down to see if the dogs were still out. At the address of Ms. Bakotic stated she observed the two dogs coming from front porch and following her down the road.

DD#7

I then arrived at [redacted] I. At the front door I observed Sarge and Bailey in the house through the front door window. I received no answer at the door. I walked to east side of rear patio wall to see if I could find where the dogs were getting out. I observed both dogs outside along with an open inner patio gate. I went to west side but the side gate was closed. Upon entering back yard from the west side I was met by Bailey who was friendly. When I came around the house Sarge ran back into the house through an open door. I thought perhaps the dogs came through the rear patio gate and climbed a short four foot block wall on west side of house. The patio wall on the west side was shorter than the wall on east side. I photographed the area and closed the rear patio gate. A notice was posted on the door requesting a meeting with owner dog Stanley Jewell.

I have dealt with both the dogs previously. In May of 2011 I picked up the dogs as strays and in October of 2011 I investigated an attack by the two of them on another dog. (activity A11-082008) There had been no reports of problems with the dogs from October 2011 to April 2014. A check of the records showed neither Sarge nor Bailey was current on there license.

On 05/01/14 I met with Stanley Jewell at his residence. I issued citations of leash law, no license, no current rabies vaccination and biting animal on both dogs. Mr. Jewell was not aware of the attack except of my notice left the previous day. He stated that he does not leave back door of house open, does not leave rear patio gate open. He does not think the dogs can even climb the shorter of the rear patio wall even if they got into the east yard. He asked me if I put the dogs back in the yard or opened the back door. I told him I did not. He believes a neighbor may have put the dogs back into the house once they were out. He stated he was aware of his dog's agitation with other dogs and with horses. He stated the dogs are fine with people and do well. I explained the citations Mr. Jewell, he stated he understood and signed.

On April 19, 2014 at 6:43PM Mary Ann Marino called Pima Animal Care Center (PACC) dispatch to report that when she was walking her miniature Poodle mix dog Bernie on [redacted] two German Shepherd dogs came out of an open garage and attacked her dog. She reported a girl from the residence the dogs came from retrieved the dogs. Ms Marino said she was currently at Southern Arizona Veterinary Specialties getting treatment for Bernie.

On April 21, 2014 at 8:25AM Ms Marino called PACC and reported that her dog had to be euthanized because of its injuries.

On April 23, 2014 at 4:48PM I, Officer Rademaker 2019, met with complainant Mary Ann Marino and husband Anthony at [redacted] Diane and Adam Boubede, neighbors, were also present. Ms Marino said that she was walking her 3 year old miniature Poodle dog Bernie on leash on [redacted] across the street from [redacted] on April 19, 2014 at approximately 5:00PM when 2 German Shepherd dogs came out of the residence at [redacted] and came into the street to attack Bernie. She described the dogs as being German Shepherds, the larger one all black and the other mostly black. She said the black dog grabbed Bernie first, followed by the other one. Neighbor Diane Boubede of [redacted] came to help as did her husband Adam. Ms Boubede had seen the incident beginning when she heard a dog growl and saw both dogs come off the property to attack Bernie. Mr Boubede first saw it when the dogs were biting Bernie. Another neighbor, Samantha Gregory of [redacted] was said to have witnessed the attack. A teenage girl that all speculate lives at [redacted] and a teenage boy helped get the attacking dogs returned to their house.

Ms Boubede drove Ms Marino and Bernie to Southern AZ Vet Specialties where expenses of over \$1000.00 were incurred before it was decided that Bernie was too severely injured with a broken back and he was euthanized.

DD#8

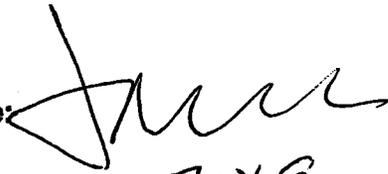

Ms Marino said the owners of the attacking dogs have not contacted her. She requests that they receive citations for leash law violations by both dogs and for biting animal violations for both dogs for the attack on and subsequent death of Bernie. She also requested that Pima Animal Care Center conduct a dangerous dog evaluation of the 2 German Shepherds and that the court order restitution for her Veterinary expenses.

I went to _____ and met with Edward James Green and his wife Jennifer Green. I explained the complaint and they disputed that both dogs had been involved. They said their teenage daughter was there and said only the black dog, Luna, actually attacked Bernie. They said the daughter's friend left a door open, allowing the dogs to exit. The dogs are all black 4 year old female German Shepherd Luna and black and tan 7 year old female German Shepherd Mischka.

I explained that Bernie had died and that citations for leash law and biting animal were requested and explained what that meant. I inquired as to rabies vaccinations and licenses and they said neither dog was licensed. I reviewed the vaccination paperwork for Luna which indicated that her vaccination had expired 08/2012. They said they have only had Mischka for approximately 3 months, having inherited it from a relative, and had no vaccination documentation. I explained the laws about licenses and rabies vaccinations and told them they would receive citations for those violations as well.

I issued Mr Green citations for no license and no rabies vaccinations for both dogs. I also issued him citations of behalf of Ms Marino for leash law and biting animal for both dogs. I explained court and compliance and he said he understood. I explained the dangerous dog evaluation and the request for restitution and he said he understood. I gave him law, rabies and dangerous dog brochures and a clinic list.

Complaints for the Month of May 2014

5-5-14 complaint came through Pima County Department of Environmental Quality
Complaint
Dead dog dumped
Course/Action
Body was picked up on 5-6-14
Resolution
The complaint was closed .

5-14-14 complaint came through City Councilman Steve Kozachik's office
Complaint
Dogs not having any water and excessive animal waste
Course/Action
The officer met with the complainant on the same day it was reported. The officer observed the dog owner's property from the complainant's yard and found all the water bowls appearing to be empty and also excessive waste. The dog owner was not home; the officer posted a notice with a law brochure on the door and reset the call.
Resolution
On 5/15/14 an officer met with the dog owner, conducted an inspection and found no water available for the dogs, only empty water bowls; the owner told the officer the dogs knock over the water containers. The officer advised the owner the dogs need to have access to water throughout the day and to provide water containers that cannot be knocked over. The yard was clean; previously observed animal waste had been removed. The owner was issued citations for neglect no water, no license and no rabies vaccination. The complaint was closed .

5-16-14 complaint came through City Ward 2 office
Complaint
Dog owners not picking up after their dogs
Course/Action
We patrolled the general area for four days and did not observe any violations. Some of the waste is horse manure.
Resolution
The complaint was closed .

LETTER OF APPRECIATION

To: Tiffany Foster, Field Officers

From: Jose Chavez, Enforcement Operation Manager

Date: May 12, 2014

I received a letter from Gail B. Smith, MD, the Neighborhood Watch Area Leader Tucson Mountain Reserve. Thanking you for your attendance and the great job you did in your presentation and the display of our work truck at the Neighborhood Watch annual event.

This reflects greatly on our center. Good job and thank you.

Dear Officer Foster,

We want to thank you for your attendance on Sunday at our Neighborhood Watch Annual Event. You were a hit, with adults and children and even the dogs. Your presentation board was great for the children in our community, as it is important for them to learn about spay and neuter, as well as what happens to unwanted dogs and cats. The kids loved seeing your vehicle and were very happy that it is air conditioned for the animals.

I am hoping that our residents were generous in their monetary and other donations. I saw a great deal of food, blankets and towels being carried to the truck and know that our residents have a soft heart toward PACC. You had the opportunity to meet a few PACC alumni or some parents of alumni. Our residents are very passionate about their pets.

Again, thank you for your visit on Sunday. Everyone, young and old, enjoyed talking with you and hearing about PACC as well as your roll as a Field Officer. Keep up the good work and your buddy, Foster, sends you a high five.

Gail B. Smith, MD
