## How to Get the Death You Want

Instructor: John Abraham, Certified Fellow in Thanatology

How to prepare for death – “Not ‘If’ but When”. Most of us, about 80%, will die some sort of managed death. This class will teach you how to have your wishes honored regarding end-of-life care. If you know how, you can make sure your wishes ARE honored. Learn the importance of an “advocate” and how to select, equip, and empower your advocate and yourself, and how to navigate hospitalization.
