About El Rio Health

We Love Helping People

Since El Rio began in 1970, we have grown to be one of the largest providers of primary medical, dental and behavioral health services for both insured and uninsured in Pima County. We focus on positive health outcomes, treating the whole person and prevention. Our health care is delivered by compassionate, professionally trained integrated health teams who give from their hearts to provide you with caring, high-quality, world class care. "Your Health is Our Passion."

Our integrated care model is delivered through 13 health centers and 1400+ employees serving greater than 10% of Tucson's population. El Rio's 125k+ patients have direct access to medical and dental services, but also pharmacy, diagnostic, behavioral health, physical therapy and a large array of health and wellness classes for patients and their families. We are transforming community health through its innovative approach and is looking for team members to help us create the future.

Our **Mission** is to improve the health of our community through comprehensive, accessible, affordable, quality and compassionate care. Our Vision is to be a national model of excellent healthcare.
