

Machinist job description-Tucson, AZ

Your safety, health and well-being, and that of your colleagues and customers, matters to us.

We operate in heavy industries where safety is the priority and why you can always count on our full support in doing so.

Together, we are committed to a safe working environment for all of us. You will be a part of the leading brand in the cement and mining industries. And we want to become even better.

We also know we can only drive success and excellence with competent, passionate and engaged employees.

We know you want to be successful at work and at home, and together we can ensure that both our business goals and your personal aspirations are met. **We are currently hiring for a Machinist for our 3rd shift needs. The schedule is Friday-Sunday. 12 hour shifts.**

Job scope:

As a Machinist II, you are proficient at operating and setting-up multiple, large and complex manual and CNC equipment within an engineered to order manufacturing site.

Primary Responsibilities:

- Review complex shop prints or instructions to understand specifications of output
- Complete set ups and operate manual and/or CNC equipment to set specified feeds, speeds and depth of cut
- May operate more than one machine, in close proximity, during longer workpiece cycle time
- Plans a sequence of necessary actions for the completion of a job
- Perform precision machining operations on manual and CNC equipment to as required by the part configuration and/or specification
- Monitor output to ensure conformance and consistency with specifications
- May install machined parts in machines and equipment, and tests operation of unit to ensure functionality and performance
- Ensures quality specifications are met through use of various precision measuring tools
- Performs routine machine maintenance, lubricating, oiling, cleaning, and minor repairs/calibrations according to applicable company and manufacturer operating standards

Knowledge, Skills & Abilities:

- Knowledge of a variety of machining concepts, practices and procedures including machining using close tolerances and tooling
- Ability to review and interpret work order bill of materials, job allocations, and customer orders
- Ability to use various hand tools, power tools, overhead cranes, and lift trucks
- Ability to use existing tooling and fixtures for machining workpieces
- Ability to read, interpret and communicate safety rules, operating and maintenance instructions, diagrams, and blueprints
- Ability to work well with others in a team environment
- Ability to add, subtract, multiply and divide in all units of measure, using whole numbers, common fractions, and decimals, apply basic trigonometry and geometry concepts
- Proficiency in a variety of software programs

- May require intermediate understanding of programming

Experience:

- Three or more years related experience and or training; certification from college or technical school; or equivalent combination of education and experience

Physical Requirements/Demands:

- Regularly required to stand and walk. Frequent repetitive hand and arm movements. Occasionally required to stoop, kneel, crouch, or crawl. The employee must regularly lift and/or move up to 25 pounds, and occasionally lift and/or move up to 50 pounds. Specific vision abilities are required for this job including close vision, peripheral vision, depth perception, and ability to adjust focus.
- While performing the duties of this job, the employee is regularly exposed to moving mechanical parts and equipment. The employee is occasionally exposed to wet and/or humid conditions; high, precarious places, fumes or airborne particles; and outside weather conditions. The noise level in the work environment is usually loud.
- Reasonable accommodations may be made to enable individuals with disabilities to perform the essential functions

What we offer:

- Competitive benefit package including health, dental, disability, life, and voluntary insurance options
- Time to recharge through PTO, plus 10 annual holidays, and parental leave
- Retirement preparation with a 401(k) and company matching
- Financial support for continuing education
- Employee Assistance Program
- An equal opportunity employer committed to creating a diverse and inclusive workplace
- A global network of supportive colleagues and growth opportunities

As an equal opportunity employer, FLSmidth embraces diversity and equality by promoting an environment of inclusion.

We encourage applicants of all backgrounds and perspectives to apply - the more diverse our employees are, the stronger our team is.

Preference will be given to candidates who are currently eligible to work in the United States and located in Tucson Arizona, as **relocation is not offered** for this opportunity.

Please apply by clicking "apply" on this page. Kindly note that we will be reviewing applications and conducting interviews on an ongoing basis so please apply as soon as possible. Candidates will be contacted by email.
