Phase 36 Received	\$ 4,750
Phase 35 Received	\$ 5,000

Note: FEMA funds are intended to be used to supplement or expand existing programs and services.

Describe how the organization intends to use these funds. Will the money requested in this proposal be used to support a service or program that was supported by FEMA funds in the past? If yes, describe below how services have been or will be expanded or supplemented.

The money requested would be used to support a Home-Delivered Meal program that has received FEMA funds in the past. Services will be expanded to included individuals who are between the ages of 18-59 who do not qualify for other like services. In addition, it will supplement the existing program, allowing emergency service to hospital releases.

II. ORGANIZATION ELIGIBILITY CRITERIA

1. Identify the status of the agency. (Select one)

- Government Agency (public entity)
- Private Nonprofit (501(c)(3) or 501(c)(4)
If your agency has not previously received FEMA funds, attach the Federal tax exempt letter to your submission.

2. Is the agency considered in good standing by the Arizona Corporation Commission?

Y	N

3. A. Accounting System: Describe the accounting system used by the organization to track grant-funded expenditures and revenues.

The organization has an established accounting system and conducts an independent annual audit

B. Audit: Does the organization conduct an independent annual audit? (Check one)

- Yes.** Indicate below the CPA firm that conducted the organization's most recent financial audit and the time period covered by the audit.
- If the agency has not received FEMA funding in the last 5 years, attach a copy of the organization's most recent audit to your submission.

Keegon, Linscott & Kenon, PC. October 30, 2019. Year ending June 2019

- No.** The organization does not conduct an independent annual audit.
- Please attach FY2019-20 internal agency budget and year-to-date financial statements to your submission.

4. Federal Employer Identification Number (FEIN)

86-0100880

5. How does your facility assure accessibility for people with physical disabilities?

III. ORGANIZATION TARGET POPULATION

Please indicate the three primary target client populations served by your agency in the list below. Type "1," "2," and "3" to identify the top three client populations. If your agency targets no specific population, please select the "NT" code.

	People with substance use disorder		Native Americans		Unaccompanied minors
	Domestic violence victims		People with AIDS/HIV		Veterans
1	Elderly		Racial/Ethnic Minorities		NT (no target population)
	Families with children		Single men		Other targeted populations (specify below):
	Mentally disabled		Single women		

IV. NARRATIVE

Please answer the following questions. Limit answers to the space provided.

1. Give a brief explanation of your organization's ability to coordinate service delivery with other human service providers. Specifically identify the networks, coalitions and collaborative arrangements that your agency maintains.

Our program maintains a collaborative arrangement with the City of Tucson, Lutheran Social Services. We cater meals to their nutrition sites. We collaborate with Lutheran Social Services on the delivery of FEMA funded meals to clients under 60 that are in their service delivery area. This has allowed FEMA funds to be utilized over the entire city and not just in our zip code areas

2. Describe any changes in the magnitude of the current need and/or funding sources experienced during the past year or expected in the next 12 months (for example, number of requests or types of clients).

We have experienced a dramatic increase in requests for meals from persons 18 – 59 this past fiscal year. The current economic situation has resulted in caregivers stating that they can no longer help their loved ones. The Arizona Long Term Care System has tightened up their spending and they are determining fewer clients eligible for this funding. In addition, The Community Services System, funded through Block Grant dollars, has suffered funding cuts resulting in fewer dollars to serve the under 60 population.

3. Give a brief explanation of how your service(s) will be addressing a gap in existing services available to the community.

We would have the ability to serve individuals in immediate need of home delivered meals. In addition, we would have the ability to serve individuals 18-59 who do not qualify or are on a waiting list for Community Based Services

4. Explain any anticipated funding cuts. Identify the funding source anticipated to be reduced and describe any alternative funding sources sought by the organization to make up for these cutbacks.

It is expected that the State of Arizona's budget deficit will result in reduced funding to the Community Services System in the future. This will increase the requests that come directly to our agency for home-delivered meals.

5. Define the geographical area to be served with requested FEMA funds.

We are currently serving the Southwest side of Tucson, Ajo, Marana, Rillito, Green Valley and Sahuarita. FEMA funds reach clients in the Lutheran Social Service's service area that includes mid-town, east and southeast including Vail.

6. Briefly describe the target population for each service for which you are requesting FEMA EFSP funds.

Elderly (60+) and disabled persons 18-59. We are committed to target services to those individuals who are in greatest economic and social need, with particular attention to low-income minority, rural, and severely disabled elderly individuals.

7. Please discuss how your program collaborates with other homeless assistance providers, including those organizations which are part of the Tucson Pima Collaboration to End Homelessness.

INDEPENDENT AUDITOR'S REPORT

To the Board of Directors
Catholic Community Services of Southern Arizona, Inc.
Tucson, Arizona

Report on the Consolidated Financial Statements

We have audited the accompanying consolidated financial statements of Catholic Community Services of Southern Arizona, Inc. (the "Organization"), which comprise the consolidated balance sheets as of June 30, 2019 and 2018, and the related consolidated statements of activities and changes in net assets, statements of expenses by function and nature, and cash flows for the years then ended, and the related notes to the consolidated financial statements.

Management's Responsibility for the Consolidated Financial Statements

Management is responsible for the preparation and fair presentation of these consolidated financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of consolidated financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express an opinion on these consolidated financial statements based on our audits. We conducted our audits in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the consolidated financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the consolidated financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the consolidated financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity's preparation and fair presentation of the consolidated financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the consolidated financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

To the Board of Directors
Catholic Community Services of Southern Arizona, Inc.
Page 2

Opinion

In our opinion, the consolidated financial statements referred to above present fairly, in all material respects, the consolidated financial position of Catholic Community Services of Southern Arizona, Inc. as of June 30, 2019 and 2018, and the changes in its net assets and its cash flows for the years then ended in accordance with accounting principles generally accepted in the United States of America.

Other Reporting Required by *Government Auditing Standards*

In accordance with *Government Auditing Standards*, we have also issued our report dated REPORT DATE on our consideration of the Organization's internal control over financial reporting and on our tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements and other matters. The purpose of that report is solely to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the Organization's internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the Organization's internal control over financial reporting and compliance.

NOTES TO FINANCIAL STATEMENTS

1. Organization

Catholic Community Services of Southern Arizona, Inc. ("CCS") is a non-profit charitable corporation organized to provide nonsectarian services to meet human needs. CCS operates primarily in Southern Arizona and Phoenix, Arizona with a satellite office in Albuquerque, New Mexico. CCS serves as an umbrella organization that provides the basic organizational structure and administrative support services to each of its member agencies. The member agencies include:

- Catholic Community Services Yuma Office.
- Catholic Community Services Sierra Vista Office.
- Catholic Community Services Tucson Office.
- Deaf and Residential Services.
- Pio Decimo Center.

Each of these member agencies has a distinct purpose and mission to serve a special population or geographic area within the overall mission of CCS. CCS provides a variety of program services, which are grouped under the following categories and include the accompanying related services:

- **Family and children's services.** Foster care, early childhood education, social development counseling, housing, domestic crisis shelters, and case management.
- **Medical services.** Adult day health, feasibility study for establishing a medical respite for people who are ill and homeless in Pima County.
- **Services for the disabled.** Counseling, employment training and placement, interpreting and other communication assistance, independent living, and residential support services.
- **Nutrition.** Congregate and home delivered meals for elderly and disabled individuals.
- **Aging.** Employment training, counseling, and case management.
- **Other programs.** Refugee services, immigration services, Alitas, St Jeanne Jugan Ministry, and Kolbe Society.

Catholic Community Services Foundation, Inc. was incorporated during 2006 as a non-profit corporation for the purpose of providing charitable benefit to CCS. This entity is financially interrelated with CCS as defined by accounting principles generally accepted in the United States of America ("U.S. GAAP"), and consequently is consolidated in CCS's financial statements.

2. Summary of Significant Accounting Policies

Principles of Consolidation

The accompanying consolidated financial statements include the accounts of CCS and its directly controlled affiliate, Catholic Community Services Foundation, Inc. (collectively the "Organization"). All material inter-company balances and transactions have been eliminated in consolidation.

NOTES TO FINANCIAL STATEMENTS

Summary of Significant Accounting Policies (continued)

Basis of Presentation

The Organization follows accounting standards set by the Financial Accounting Standards Board ("FASB"). The FASB sets U.S. GAAP that the Organization follows to ensure the consistent reporting of its financial condition, changes in net assets and cash flows. References to U.S. GAAP issued by the FASB in the accompanying footnotes are to the FASB Accounting Standards Codification ("ASC").

The Organization's consolidated financial statements have been prepared on the accrual basis of accounting in accordance with ASC 958, *Not-for-Profit Entities*. Under this authoritative guidance, the Organization is required to provide financial statements which are prepared to focus on the Organization as a whole and to present balances and transactions according to the existence or absence of donor-imposed restrictions. Resources are reported for accounting purposes in separate classes of net assets based on the existence or absence of donor-imposed restrictions. In the accompanying consolidated financial statements, net assets that have similar characteristics have been combined into similar categories as follows:

- **Without Donor Restrictions** – Net assets that are not subject to donor-imposed stipulations. Net assets without donor restrictions may be designated for specific purposes by action of the Board of Directors or may otherwise be limited by contractual agreements with outside parties. All contributions are considered to be available for use without restriction unless specifically restricted by the donor.
- **With Donor Restrictions** – Net assets whose use by the Organization is subject to donor-imposed stipulations that can be fulfilled by actions of the Organization pursuant to those stipulations or that expire through the passage of time. Net assets with donor restrictions also includes net assets that are subject to donor-imposed stipulations such that assets must be maintained permanently by the Organization. The donors of these assets permit the Organization to use all or part of the investment return of these assets on continuing operations which may be subject to certain restrictions.

Expenses are generally reported as decreases in net assets without donor restrictions. Amounts received that are designated for future periods or restricted by the donor for specific purposes are reported as increases in net assets with donor restriction. When a restriction expires, net assets with donor restrictions are reclassified to net assets without donor restrictions and reported in the statement of activities as net assets released from restrictions. However, if a restriction is fulfilled in the same time period in which the contribution is received, the Organization reports the support as increases in net assets without donor restrictions. Conditional promises to give are not recognized until they become unconditional, that is, when the conditions on which they depend are substantially met.

Endowment Funds

The Organization's endowments were established to support, further and enhance the mission of the Organization.

The Organization has interpreted the "Management of Charitable Funds Act" (Arizona's version of the Uniform Prudent Management of Institutional Funds Act or "UPMIFA"), which underlies the Organization's net asset classification of donor-restricted endowment funds, as requiring the preservation of the fair value of the original gift. As a result of this interpretation, the Organization classifies as net assets with donor restrictions (1) the original value of gifts donated to the endowment, (2) the original value of subsequent gifts to the endowment, and (3) accumulations to the endowment made in accordance with the direction of

NOTES TO FINANCIAL STATEMENTS

Summary of Significant Accounting Policies (continued)

Endowment Funds (continued)

the applicable donor gift instrument at the time the accumulation is added to the fund. The remaining portion of the donor-restricted endowment fund is classified as net assets with donor restrictions until those amounts are appropriated for expenditure by the Organization in a manner consistent with the standard of prudence prescribed by the law, at which time those amounts will be reported as net assets without donor restrictions.

The Organization has adopted investment and spending policies for endowment assets that attempt to provide a predictable stream of funding to programs supported by the endowment funds. Endowment assets include those assets of donor-restricted funds that the Organization must hold in perpetuity or for donor-specified periods. Under this policy, the endowment assets are invested in a balanced portfolio comprised of cash, certificates of deposit, fixed income securities, and equities. To satisfy its long-term objectives, the Organization relies on a total return strategy in which investment returns are achieved through both capital appreciation (realized and unrealized) and current yield (interest and dividends) while assuming a moderate level of investment risk. The Organization targets a diversified asset allocation that provides for a mixture of fixed income securities and equity securities to achieve its long-term return objectives within prudent risk constraints. The Organization expects its endowment funds, over time, to provide an average rate of return that exceeds inflation. Actual returns in any given year may vary from that amount.

The Organization has a policy that permits spending from underwater endowment funds depending on the degree to which the fund is underwater, unless precluded by donor intent or relevant laws and regulations. The Organization did not spend from underwater endowment funds during the year.

From time to time, the fair value of assets associated with individual donor-restricted endowment funds may fall below the level that the donor or current law requires the Organization to retain for a fund of perpetual duration. In accordance with U.S. GAAP, deficiencies of this nature are reported in net assets with donor restrictions. There were no such deficiencies as of June 30, 2019 and 2018.

Cash and Cash Equivalents

For purposes of the statement of cash flows, the Organization considers all highly liquid investments with purchased maturities of ninety days or less to be cash equivalents. Cash equivalents include short-term certificates of deposit and money market funds that are readily convertible to cash and are considered Level 1 inputs in the fair value hierarchy.

The Organization places its cash and cash equivalents with high credit quality institutions. At times, such deposits may be in excess of the Federal Deposit Insurance Corporation ("FDIC") insurance limit (see Note 20). The Organization has not experienced any losses and does not believe it is exposed to any significant credit risk on cash balances. All such accounts are monitored by management to mitigate risk.

Investments

- **Debt and Equity Securities** – Investments are accounted for in accordance with ASC 958-320, *Investments - Debt and Equity Securities*. Investments in debt and equity securities are valued at their fair values in the accompanying consolidated balance sheets. Investment income, gains and losses are reported in the consolidated statement of activities and changes in net assets as increases or decreases in net assets. Gains and investment income limited to specific uses by donor-

NOTES TO FINANCIAL STATEMENTS

Summary of Significant Accounting Policies (continued)

Investments (continued)

imposed restrictions are reported as increases in net assets without donor restrictions if the restrictions are met in the same reporting period as the gains and income are recognized. Donated investments are recorded at fair value at the date of donation. The Organization invests in professionally managed portfolios that contain equity and fixed income securities. Such investments are exposed to various risks such as market and credit. Due to the level of risk associated with such investments and the level of uncertainty related to changes in the value of such investments, it is at least reasonably possible that changes in risks in the near term would materially affect investment balances and the amounts reported in the consolidated financial statements.

Investments are considered to be impaired when a decline in fair value is judged to be other-than-temporary. The Organization employs a systematic methodology on an annual basis that considers available quantitative and qualitative evidence in evaluating potential impairment of its investments. If the cost of an investment exceeds its fair value, management evaluates, among other factors, general market conditions, the duration and extent to which the fair value is less than cost, and the intent and ability to hold the investment. The Organization also considers specific adverse conditions related to the financial health of and business outlook for the investee, including industry and sector performance, changes in technology, operational and financing cash flow factors, and rating agency actions. Once a decline in fair value is determined to be other-than-temporary, an impairment charge is recorded and a new cost basis in the investment is established.

- **Other** – Certificates of deposit held for investment that are not debt securities are included in other investments.

Accounts and Grants Receivable, net

Accounts and grants receivable consist principally of uncollateralized amounts due from the Organization's funding sources and service recipients in Arizona. The carrying amount of the receivables is reduced by an allowance for doubtful accounts that reflects management's best estimate of amounts that will not be collected. The allowance for doubtful accounts is based on management's assessment of the collectability of specific accounts and the aging of the receivables. Management considers the following factors when determining the collectability of specific receivables: past transaction history, current economic trends, and changes in payment terms. Based on management's assessment, the Organization provides for estimated uncollectible amounts through a charge to operations and a credit to the allowance for doubtful accounts. All accounts or portions thereof deemed to be uncollectible are written off. Recoveries of receivables previously written off are recorded when received. Accounts and grants receivable are presented net of an allowance for doubtful accounts of \$313,328 and \$222,662 as of June 30, 2019 and 2018, respectively.

Food and Supplies Inventory

Food and supplies inventory is stated at the lower of cost (first-in, first-out method) or net realizable value.

Pledges Receivable, net

The Organization accounts for pledges receivable to be made in future years as unconditional promises to give in the year the promise is made. Pledges to be received after one year are presented at their discounted present value at a risk-adjusted rate. Amortization of the discount is recorded as additional contribution revenue in accordance with the donor-imposed restrictions, if any, on the contributions. The fair value amount of pledges receivable is reduced by a valuation allowance that reflects management's best estimate

NOTES TO FINANCIAL STATEMENTS

Summary of Significant Accounting Policies (continued)

Pledges Receivable, net (continued)

of amounts that will not be collected. All pledges deemed to be uncollectible are written off. As of June 30, 2019 and 2018, management considered all pledges receivable to be collectible, therefore, no allowance for uncollectible promises has been provided.

Investment in LLP

The Organization's investment in a limited liability partnership ("LLP") is accounted for under the equity method of accounting, which provides for recognition of the Organization's proportionate share of the LLP's income or loss in its consolidated statement of activities and changes in net assets.

Property and Equipment, net

Property and equipment are stated at cost or, if donated, at fair value measured on the date the asset is donated. Depreciation and amortization are calculated using the straight-line method over the estimated useful lives of the assets or the applicable lease terms. Depreciation is calculated using the straight-line method over the following estimated useful lives of the assets:

Buildings and improvements	10 – 40 years
Furniture, fixtures and equipment	5 – 10 years
Vehicles	4 – 5 years

Acquisitions of property and equipment and repairs or betterments that materially prolong the useful lives of assets in excess of \$2,000 are capitalized. Repairs and maintenance for normal upkeep are charged to expense as incurred. When property and equipment are retired or disposed of, the cost and accumulated depreciation are removed from the accounts and any gain or loss is reported in the consolidated statements of activities and changes in net assets. Amortization of leasehold improvements is computed using the straight-line method over estimated useful lives based upon the lesser of the related lease term or the estimated useful life of the improvement.

In accordance with ASC 360-10, *Property, Plant and Equipment*, the Organization periodically reviews the carrying value of long-lived assets held and used, and assets to be disposed of, for possible impairment when events and circumstances warrant such a review. Through June 30, 2019, the Organization had not experienced impairment losses on its long-lived assets.

Revenue Recognition

The Organization is funded through various grants, cost reimbursement contracts, performance-based contracts and contributions. Revenue is recognized as follows:

- Grants and cost reimbursement contracts – as costs are incurred under the contract.
- Performance-based contracts – as performance units of services are provided.
- Contributions – upon notification that the Organization is receiving an unconditional promise to give.

The Organization accounts for its government grants and contracts as exchange transactions. Revenue is recognized as an increase in the consolidated statements of activities and changes in net assets as

NOTES TO FINANCIAL STATEMENTS

Summary of Significant Accounting Policies (continued)

Revenue Recognition (continued)

expenditures are incurred in accordance with applicable grant agreements under expenditure reimbursement contracts. Amounts received under unit rate contracts and client fees are earned when services are provided. A receivable is recorded to the extent contract revenue exceeds payment received; conversely, advances in excess of costs incurred under grants are deferred and recognized as revenue when the related expense or service is incurred.

Donated Goods, Property and Services

Contributions of donated non-cash assets including goods, space, advertising and property are recorded at their fair values on the date the asset is donated. Absent explicit donor stipulations, contributions of long-lived assets or cash or other assets to be used to acquire or construct long-lived assets are reported as net assets without donor restrictions when placed in service. Donated services are recognized in the financial statements at their fair value. Donated services are recognized when the services are received and (a) create or enhance non-financial assets, or (b) require specialized skills, are provided by individuals possessing those skills, and would typically need to be purchased if not provided by donation. Although the Organization utilizes the services of outside volunteers to perform a variety of tasks that assist the Organization, the fair value of some of these services are not reflected in the accompanying consolidated financial statements because the above criteria was not met. In addition, the Organization received donated services that do meet the above criteria. Refer to Note 16 for summary of donated goods, property, and services.

Fund-Raising Costs

Fund-raising costs are expensed as incurred. Fund-raising costs totaled \$161,382 and \$190,610 for the years ended June 30, 2019 and 2018, respectively.

Tax Exempt Status

The Organization is exempt from federal income taxes under Section 501(c)(3) of the Internal Revenue Code, as confirmed by a determination letter issued by the Internal Revenue Service and is classified as other than a private foundation under IRC Section 509(a)(1). Accordingly, no provision is made in the accompanying consolidated financial statements for federal and state income taxes. Income from certain activities not directly related to the Organization's tax-exempt purpose, however, may be subject to taxation as unrelated business income. Management is not aware of any matters which would cause the Organization to lose its tax-exempt status.

Management has considered its tax positions and believes that all positions taken in its federal and state exempt organization tax returns are more likely than not to be sustained upon examination. The Organization's returns are subject to examination by federal and state taxing authorities, generally for three years and four years, respectively, after they are filed. The Organization recognizes interest and penalties related to unrecognized tax benefits in general and administrative expenses and accrued expenses in the accompanying consolidated financial statements. During the years ended June 30, 2019 and 2018, the Organization did not recognize any interest and penalties.

Use of Estimates

The preparation of consolidated financial statements in conformity with U.S. GAAP requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the consolidated financial statements and the reported amounts of revenues and expenses during the reporting period. Actual results could differ from those estimates.

NOTES TO FINANCIAL STATEMENTS

3. Recent Accounting Pronouncements

Adopted as of June 30, 2019

In August 2016, the FASB issued ASU No. 2016-14, *Not-for-Profit Entities (Topic 958): Presentation of Financial Statements of Not-for-Profit Entities*. The amendments in ASU 2016-14 change presentation and disclosure requirements for not-for-profit entities to provide more relevant information about their resources (and the changes in those resources) to donors, grantors, creditors, and other users. These include qualitative and quantitative requirements in the following areas: Net Asset Classes; Investment Return; Expenses; Liquidity and Availability of Resources; and Presentation of Operating Cash Flows. ASU 2016-14 is effective for not-for-profit organizations for annual financial statements issued for fiscal years beginning after December 15, 2017, and for interim periods within fiscal years beginning after December 15, 2018. Application to interim financial statements is permitted but not required in the initial year of application. Early application of the amendments is permitted. The Organization adopted ASU 2016-14 during fiscal year 2019. The adoption of this ASU primarily affected the grouping and presentation of the Organization's net assets as either with or without donor restrictions, disclosure of policies and related activity for the Organization's net assets with donor restrictions, including donor-restricted endowment funds, disclosure of liquidity and availability of financial assets, and disclosure of an analysis of expenses by function and nature as well as the Organization's related policy in allocating expenses among program and supporting services.

Not Yet Required to be Adopted as of June 30, 2019

In May 2014, the FASB issued ASU No. 2014-09, *Revenue from Contracts with Customers (Topic 606)*. The amendments in this ASU affects any entity that either enters into contracts with customers to transfer goods or services or enters into contracts for the transfer of nonfinancial assets unless those contracts are within the scope of other standards (e.g., insurance contracts or lease contracts). This ASU will supersede the revenue recognition requirements in ASC Topic 605, *Revenue Recognition*, and most industry-specific guidance, and creates Topic 606 *Revenue from Contracts with Customers*. The core principle of the guidance is that an entity should recognize revenue to depict the transfer of promised goods or services to customers in an amount that reflects the consideration to which the entity expects to be entitled in exchange for those goods or services. The updated standard will replace most existing revenue recognition guidance in U.S. GAAP when it becomes effective and permits the use of either the full retrospective or retrospective with cumulative effect transition method. Subsequent amendments have been issued for technical corrections (ASU No. 2016-20); narrow scope improvements and practical expedients (ASU No. 2016-12); identifying performance obligations and licensing arrangements (ASU No. 2016-10); and gross versus net revenue reporting (ASU No. 2016-08). ASU No. 2014-09 (and subsequent amendments) is effective for annual reporting periods beginning after December 15, 2018. Early adoption is permitted with certain restrictions. The Organization has not yet selected a transition method and is currently evaluating the effect that the standard will have on the consolidated financial statements and disclosures.

In June 2018, the FASB issued ASU No. 2018-08, *Not-for-Profit Entities (Topic 958): Clarifying the Scope and the Accounting Guidance for Contributions Received and Contributions Made*. The amendments clarify and improve the scope and accounting guidance around contributions of cash and other assets received and made by not-for-profit organizations and business enterprises. The ASU clarifies and improves current guidance in the revenue recognition and other applicable standards. It also provides a more robust framework for determining whether a contribution is conditional or unconditional, and for distinguishing a donor-imposed condition from a donor-imposed restriction. ASU 2018-08 is effective for annual reporting periods beginning after December 15, 2018, and interim periods with fiscal years beginning after December 15, 2019. Application to interim financial statements is permitted but not required in the initial year of

NOTES TO FINANCIAL STATEMENTS

application. Early application of the amendments is permitted. The Organization is currently evaluating the effect that implementation of the new standard will have on the consolidated financial statements and disclosures.

In February 2016, the FASB issued ASU 2016-02, *Leases (Topic 842)*. The guidance in this ASU supersedes the leasing guidance in Topic 840, *Leases*. Under the new guidance, lessees are required to recognize lease assets and lease liabilities on the balance sheet for all leases with terms longer than 12 months. Leases will be classified as either finance or operating, with classification affecting the pattern of expense recognition in the income statement. In July 2019, the FASB voted to delay the effective date one year for private companies; consequently, the new standard is effective for fiscal years beginning after December 15, 2020, including interim periods within those fiscal years. A modified retrospective transition approach is required (see ASU 2018-11 for optional transition method) for lessees for capital and operating leases existing at, or entered into after, the beginning of the earliest comparative period presented in the financial statements, with certain practical expedients available.

In July 2018, the FASB issued ASU No. 2018-11, *Leases (Topic 842): Targeted Improvements*. This ASU is intended to reduce costs and ease implementation of the leases standard for financial statement preparers. ASU 2018-11 provides a new transition method and a practical expedient for separating components of a contract. The amendments ASU 2018-11 provide entities with an additional (and optional) transition method to adopt the new leases standard. Under this new transition method, an entity initially applies the new leases standard at the adoption date and recognizes a cumulative-effect adjustment to the opening balance of retained earnings in the period of adoption. Consequently, an entity's reporting for the comparative periods presented in the financial statements in which it adopts the new leases standard will continue to be in accordance with current U.S. GAAP in Topic 840, *Leases*. The amendments in ASU 2018-11 also provide lessors with a practical expedient, by class of underlying asset, to not separate nonlease components from the associated lease component and, instead, to account for those components as a single component if the nonlease components otherwise would be accounted for under the new revenue guidance (Topic 606). The effective date and transition requirements for the amendments in this update related to separating components of a contract are the same as the effective date and transition requirements in ASU 2016-02 (i.e., fiscal years beginning after December 15, 2020). All entities, including early adopters, that elect the practical expedient related to separating components of a contract in this ASU must apply the expedient, by class of underlying asset, to all existing lease transactions that qualify for the expedient at the date elected. The Organization is currently evaluating the effect these standards will have on the consolidated financial statements and disclosures.

In August 2018, the FASB has issued ASU 2018-13, *Fair Value Measurement (Topic 820): Disclosure Framework – Changes to the Disclosure Requirements for Fair Value Measurement*. The ASU applies the provisions of recently released Chapter 8, "Notes to Financial Statements," of the FASB's *Conceptual Framework for Financial Reporting*, resulting in the removal, modification and addition of certain disclosure requirements. The ASU also clarifies that materiality is an appropriate consideration of entities and their auditors when evaluating disclosure requirements. The ASU is effective for all entities for fiscal years, and interim periods within those fiscal years, beginning after December 15, 2019. Early adoption is permitted. The Organization is currently evaluating the effect that the standard will have on the consolidated financial statements and disclosures.

NOTES TO FINANCIAL STATEMENTS

4. Assets Limited as to Use

Assets limited as to use consist of cash on deposit at financial institutions held in trust for Individual Development Accounts ("IDA") which are held as custodial funds. Cash held in IDA trust is used to fund purchases on behalf of qualified participants, for allowable expenditures as defined by the program agreement. Examples of allowable expenditures include small business startup costs, higher education tuition and down payments on behalf of a first-time home buyer. The fair value of this deposit account approximates the carrying value and is considered a Level 1 input in the fair value hierarchy. Assets limited to use totaled \$205,302 and \$231,464 as of June 30, 2019 and 2018, respectively.

5. Liquidity and Availability of Resources

The following table shows a determination of the Organization's financial assets that are available to meet cash needs for general expenditures within one year as of June 30:

	2019	2018
Cash and cash equivalents	\$ 1,886,682	\$ 1,212,220

Financial assets available to meet cash needs for general expenditures within one year	\$ <u>4,289,315</u>	\$ <u>4,487,515</u>

The Organization is substantially supported by government fees and grants and program service fees, which are relatively predictable. Supplemental support is also received through contributions and bequests, and donated goods and services. As part of the Organization's liquidity management, it has a policy to structure its financial assets to be available as its general expenditures, liabilities, and other obligations come due. The Organization manages liquidity by maintaining adequate working capital and monitoring liquid assets on a monthly basis. In the event of financial distress, the Organization would be able to draw on its line of credit or liquidate investments for short-term cash needs.

7. Fair Value Measurements

The Organization utilizes the fair value hierarchy required by ASC 820, which prioritizes the inputs to valuation techniques used to measure fair value into three levels:

- Level 1: Valuations based on unadjusted quoted prices in active markets for identical assets or liabilities that the Organization has the ability to access at the measurement date.
- Level 2: Valuations based on quoted prices in markets that are not active or for which all significant inputs are observable, directly or indirectly.
- Level 3: Valuations based on inputs that are unobservable and significant to the overall fair value measurement.

The Organization defines active markets for equity instruments based on the average daily trading volume both in absolute terms and relative to the market capitalization for the instrument. The Organization defines active markets for debt instruments based on both the average daily trading volume and the number of days with trading activity.

NOTES TO FINANCIAL STATEMENTS

Fair Value Measurements (continued)

The Organization's financial assets are generally classified within Level 1 or Level 2 of the fair value hierarchy because they are valued using readily determinable fair values or alternative pricing sources with reasonable levels of price transparency. The types of instruments valued based on readily determinable fair values in active markets include the Organization's equity securities, mutual funds, and certain of its corporate bonds. Such instruments are classified within Level 1 of the fair value hierarchy. The types of instruments that trade in markets that are not considered to be active but are valued on alternative pricing sources with reasonable levels of price transparency include certain of the Organization's corporate bonds, government bonds, municipal bonds and foreign bonds. Such instruments are generally classified within Level 2 of the fair value hierarchy.

The following table represents the Organization's financial assets that are measured at fair value on a recurring basis as of June 30, 2019:

Description	6/30/2019	Level 1	Level 2	Level 3

NOTES TO FINANCIAL STATEMENTS

Fair Value Measurements (continued)

The following table represents the Organization's financial assets that are measured at fair value on a nonrecurring basis as of June 30, 2019:

Description	<u>6/30/2019</u>	<u>Level 1</u>	<u>Level 2</u>	<u>Level 3</u>	<u>Total Revenue For the Year Ended 6/30/2019</u>
Initially-recognized Pledges receivable, net	\$ <u>594,869</u>	\$ <u>-</u>	\$ <u>-</u>	\$ <u>594,869</u>	\$ <u>1,000,000</u>
	\$ <u>594,869</u>	\$ <u>-</u>	\$ <u>-</u>	\$ <u>594,869</u>	\$ <u>1,000,000</u>

The Organization's long-term pledges receivable are classified within Level 3 of the fair value hierarchy because the inputs are unobservable and are generated by the Organization itself, using the Organization's own data. The fair value of the pledges receivable is measured using the income approach valuation technique. The key inputs for the fair value measurements of the Organization's pledges receivable are the schedule of expected future cash flows for each contribution and the discount rate used to convert the expected future cash flows associated with the contributions to a present value amount per the income approach. The determined discount rate is developed based on the notion of an exit price, the price that would be received to sell the asset in the most advantageous market. Only the current year's additions to pledges receivable are included in the fair value hierarchy nonrecurring basis table because the Organization's pledges receivable involved fair value measurement only upon initial recognition.

Reconciliation of initially recognized pledges receivable, which are included in fair value hierarchy, to total pledges receivable in the statements of financial position is as follows:

	<u>2019</u>	<u>2018</u>
Initially recognized pledges receivable, net	\$ <u>594,869</u>	\$ <u>-</u>
Pledges receivable, net recognized in prior years	<u>-</u>	<u>-</u>
Total	\$ <u>594,869</u>	\$ <u>-</u>

There were no financial assets or liabilities measured at fair value on a nonrecurring basis for the year ended June 30, 2018.

NOTES TO FINANCIAL STATEMENTS

12. Line of Credit Agreement

The Organization has a line of credit agreement with Alliance Bank of Arizona ("Alliance Bank") that matures in November 2019. The line of credit provides for maximum borrowing of \$2,000,000 and is collateralized by \$750,000 of specified accounts of the Organization as well as all accounts receivable, contract rights, rights to payment and general intangibles. The line of credit requires monthly interest only payments with interest at the Prime Rate (6.50% at June 30, 2019) plus 1% per annum. The line of credit had an outstanding balance of \$0 and \$88,000 as of June 30, 2019 and 2018, respectively.

The line of credit has several financial covenants, the most restrictive of which require the Organization to maintain a minimum unencumbered liquidity amount of \$500,000 and a debt service coverage ratio of no less than 1.0 to 1.0, to be tested annually at June 30. As of June 30, 2019, and 2018, the Organization was in compliance with these covenants.

13. Long-Term Debt

In July 2013, the Organization entered into a financing agreement with Alliance Bank for an original amount of \$1,450,000. In September 2018, the Organization negotiated a change in terms agreement altering the interest charged to a flat rate. The loan requires monthly principal and interest payments of \$15,454 with interest at 5.50% per annum through July 2023. The loan is collateralized by a deed of trust on the Organization's administrative building. The note had an outstanding balance of \$675,724 and \$817,892 as of June 30, 2019 and 2018, respectively. The bank loan has several financial covenants, the most restrictive of which require the Organization to maintain a minimum unencumbered liquidity amount of \$500,000 and a debt service coverage ratio of no less than 1.0 to 1.0. The Organization was in compliance with these covenants as of June 30, 2019 and 2018.

During fiscal year 2018, the Organization entered into two vehicle financing agreements totaling \$43,711. The financing agreements require monthly principal and interest payments of \$463 and \$499 with interest at 7.53% and 7.84% through August 2019 and September 2020, respectively. The outstanding balance on these financing agreements totaled \$29,771 and \$37,430 as of June 30, 2019 and 2018, respectively.

18. Methods Used for Allocation of Expenses Among Program and Supporting Services

The financial statements report certain categories of expenses that are attributable to one or more program or supporting services of the Organization. Expenses that can be identified with a specific program are allocated directly according to their natural classification. Other expenses that are common to several functions are allocated primarily based on labor costs or other applicable cost drivers. For administrative expenses, the Organization provides administrative support services to its member agencies. The costs associated with these support services are reported as management and general expenses in the accompanying consolidated statements of activities and changes in net assets.

19. Related Party Transactions

AZPAC

The Organization has a contract with AZPAC to perform case management and counseling services. During 2019 and 2018, the Organization reported \$1,924,061 and \$1,903,055 of revenues relating to these services, of which \$269,783 and \$317,176 are included in accounts receivable as of June 30, 2019 and 2018, respectively. The Organization received no administrative fees during 2019 or 2018.

Lay Employees' Pension Plan

The Organization participates in a non-contributory multi-employer defined benefit pension plan administered by the Diocese of Tucson. The plan was established July 1, 1983 and covers all eligible lay employees of the Organization. There are no separate valuations of plan benefits or segregation of plan assets specifically for the Organization. Information is not available from the plan to allow the Organization to determine its share of contributions for the years ended June 30, 2019 and 2018; however, the amounts are not significant when compared to the consolidated financial statements. The risks of participating in this multi-employer plan are different from single-employer plans in the following aspects:

- Assets contributed to the multi-employer plan by one employer may be used to provide benefits to employees of other participating employers.
- If a participating employer stops contributing to the plan, the unfunded obligations of the plan may be borne by the remaining participating employers.

NOTES TO FINANCIAL STATEMENTS

Related Party Transactions (continued)

Lay Employees' Pension Plan (continued)

- If the Organization chooses to stop participating in the multi-employer plan, it may be required to pay the plan an amount based on the underfunded status of the plan, referred to as a withdrawal liability.

The portion of the projected benefit obligation, plan assets, and unfunded liability of the multi-employer pension plan is not material to the consolidated financial position of the Organization; however, the failure of participating employers to remain solvent could affect the Organization's portion of the plan's unfunded liability. Based on the most recent actuarial information from December of 2017, the plan is slightly under 80% funded and is considered to be in the "yellow zone" according to the Pension Protection Act of 2006. This percentage is an estimate and is subject to change based upon future actuarial evaluations. The plan was frozen to new participants as of December 31, 2006 and will be frozen to all participants effective January 1, 2020. The Organization plans to move all employees to the 403(b) plan.

403(b) Plans

In March 2003, the Organization began participating in a 403(b) qualified defined contribution plan administered by the Diocese of Tucson. This is a multi-employer plan that covers all eligible lay employees of the Diocese of Tucson and participating Catholic entities. Employees are eligible for plan participation on their date of hire and contribute to the plan through salary deferrals. Employees are eligible to receive employer contributions upon completion of two years of continuous service. Employer contributions are equal to 25% of the employee's contribution up to a maximum of \$1,000 annually. Employees are 100% vested in employee and employer contributions at all times. Participation in this plan is limited to employees hired prior to December 31, 2006.

Effective January 1, 2007, the Organization began participating in a 403(b)-qualified defined contribution plan administered by the Diocese of Tucson for employees hired subsequent to December 31, 2006. This is a multi-employer plan that covers all eligible lay employees of the Diocese of Tucson and participating Catholic entities. Employees are eligible for plan participation on their date of hire and may contribute to the plan through salary deferrals. Employees that have completed two years of service are eligible for a discretionary employer matching contribution up to a maximum of \$1,000 annually. Non-matching employer contributions are also discretionary. Employees are 100% vested in employee and employer contributions at all times. For the years ended June 30, 2019 and 2018 a matching contribution of 25% was contributed to eligible employees totaling \$511,172 and \$524,745, respectively.

Insurance

Effective June 1, 2013, a trust was created as a separate legal entity by the Diocese of Tucson to administer an insurance program, covering property, crime, general and workers' compensation liability insurance for the Diocese of Tucson and participating Catholic organizations, including the Organization. The insurance coverage includes self-insurance retention layers with varying amounts depending upon the type of insurance. The trust assesses and collects a proportionate share of the insurance premiums including estimated self-insurance costs from the participating Catholic organizations and pays out amounts needed to settle claims which fall within the provisions of the policies comprising the insurance program. Insurance premiums paid to the insurance program including the Organization's portion of the risk retention reserve requirement totaled \$370,510 and \$366,773 during the fiscal years ended 2019 and 2018, respectively.

NOTES TO FINANCIAL STATEMENTS

20. Concentrations of Credit Risk

Government Grant Revenues

The Organization derives the majority of its revenues and support from governmental grants for various programs. At times, grants for certain programs may constitute a concentration as defined by the accounting standards. As of June 30, 2019, and 2018, government grant receivables comprised 82% and 97% of total receivables, respectively. For the years ended June 30, 2019 and 2018, government fees and grants accounted for approximately 60% and 65% of total revenues, respectively and other support.

Cash Deposits at Banks

Financial instruments that potentially subject the Organization to concentrations of credit risk consist principally of cash deposits. Accounts at each institution are insured by the FDIC up to \$250,000. As of June 30, 2019, and 2018, the Organization had approximately \$1,378,000 and \$924,000 in excess of FDIC insured limits, respectively.

21. Commitments and Contingencies

Arizona Department of Housing

In 2004, the Organization entered into a state housing fund contract with the Arizona Department of Housing ("ADOH") for the construction and renovation of real property. As of June 30, 2005, ADOH had reimbursed the Organization \$500,000 for expenditures incurred on the renovation of real property. As part of this agreement, the Organization entered into a non-recourse fifteen-year promissory note collateralized by first deed of trust on the real property. The note provides that as long as the property does not fall out of compliance with the program's use restrictions and is not sold during the fifteen-year period, the principal and interest shall be forgiven. If the Organization falls out of compliance or sells the property before the fifteen-year period, then all outstanding principal and interest will become immediately due and payable. The Organization intends to provide these services for the fifteen-year period.

In 2006, the Organization entered into a state housing fund contract with the ADOH for the construction and renovation of real property. As of June 30, 2008, ADOH had reimbursed the Organization \$750,000 for expenditures incurred for the renovation of real property. As part of this agreement, the Organization entered into a non-recourse twenty-year promissory note collateralized by first deed of trust on the associated real property. The note provides that as long as the property does not fall out of compliance with the program's use restrictions and is not sold during the twenty-year period, the principal and interest shall be forgiven. If the Organization falls out of compliance or sells the property before the twenty-year period, then all outstanding principal and interest will become immediately due and payable. The Organization intends to provide these services for the twenty-year period.

Angel Charity

In 2009, the Organization entered into a beneficiary agreement, as amended in 2010, in the amount of \$440,000 with Angel Charity for Children, Inc. ("Angel Charity"), for the construction and renovation of real property related to St. Elizabeth's Health Center ("SEHC"). As of June 30, 2011, Angel Charity had reimbursed the Organization \$440,000 for expenditures incurred for the renovation of real property. As part of this agreement, the Organization entered into a non-recourse ten-year promissory note collateralized by first deed of trust on the real property. The term of the note shall end ten years from the date of substantial completion of the project or April 30, 2022, whichever is last to occur. The note provides that as long as the Organization furnishes children and youth services at this facility one-tenth of the note will be forgiven each year. If the Organization ceases to provide these services, the remaining balance shall become immediately due and payable. The Organization intends to provide these services for the ten-year period.

NOTES TO FINANCIAL STATEMENTS

Commitments and Contingencies (continued)

Angel Charity (continued)

Effective October 1, 2014 and as part of the SEHC separation from the Organization's corporate structure, the Organization and SEHC entered into a lease agreement whereby SEHC agrees to continue to provide children and youth services at this facility for a period not less than eight years. The total value of the outstanding commitment was \$352,000 as of October 1, 2014. Per the terms of forgiveness noted above, the Organization will likewise forgive a like sum to SEHC as long as conditions are met. If SEHC ceases to provide these services, the remaining balance of the commitment shall become due and payable to the Organization.

City of Tucson and Pima County

In 1999, the Organization entered into \$400,000 and \$100,000 non-recourse twenty-year promissory notes collateralized by a deed of trust on the real property. The notes provide that as long as the Organization uses the property under the rules and regulations of the Home Investment Partnership Program for a period of twenty years, the principal and interest shall be forgiven. If the Organization ceases to follow the Home Investment Partnerships Program before the twenty-year period is completed, the unpaid principal shall become immediately due and payable. The Organization intends to provide these services for the twenty-year period.

Capital Additions Funding

At various points in time, the Organization has received handicap accessible vans from the Arizona Department of Transportation ("ADOT") for the purpose of providing transportation to participants in the Organization's programs. The vans were capitalized at fair value at the date of receipt from ADOT and are included in property and equipment in the accompanying consolidated financial statements. In accordance with the agreement with ADOT, the Organization paid a portion of the vehicles' cost and ADOT retained a lien on the vehicles for the remaining proceeds they paid on the vehicles. The remaining lien amount associated with these vans totaled \$50,550 and \$84,017 as of June 30, 2019 and 2018, respectively. ADOT will not require repayment of a lien unless the vehicle is sold, transferred, leased or abandoned during the four-year holding period requirement. The Organization intends to comply with the holding period requirements; accordingly, no liability for the liens has been reported in the accompanying consolidated financial statements. The liens expire at various times through 2022. Funds expended by ADOT for the vehicles are reported as contributions and bequests revenue in the accompanying consolidated financial statements.

Funding and Audit Assessments

The Organization participates in several federal, state and local grant programs and a significant reduction in the level of this support, if it were to occur, would have a material effect on the programs and activities of the Organization. The governmental funding is subject to compliance audits by the respective governmental agencies. Assessments from such audits, if any, are recorded when the amounts of such assessments are reasonably determinable. Certain of the governmental contracts are also subject to termination for convenience clauses. The Organization has received no such termination notices.

NOTES TO FINANCIAL STATEMENTS

Commitments and Contingencies (continued)

Split-Interest Agreement

The Organization administers a charitable gift annuity that provides for the payment of distributions to seven annuitants over their lifetime; after which, the remaining assets become available for the Organization's use. Assets held under this agreement totaled \$366,472 and \$345,765 as of June 30, 2019 and 2018, respectively, and are reported at fair value in the Organization's consolidated balance sheets. The Organization makes distributions to the designated annuitants based on actuarial assumptions. The present value of the estimated future payments is not significant to the consolidated financial statements as of June 30, 2019 and 2018.

22. Evaluation of Subsequent Events

The Organization evaluated subsequent events through October 30, 2019, which represents the date the consolidated financial statements were available to be issued and, noted no material subsequent events that required recognition or additional disclosure in these consolidated financial statements.

Dear Sir/Madam:

This responds to your August 14, 2019, request for information regarding the status of your group tax exemption.

Our records indicate that you were issued a determination letter in March 1946, that you are currently exempt from federal income tax under section 501(c)(3) of the Internal Revenue Code, and are not a private foundation within the meaning of section 509(a) of the Code because you are described in sections 509(a)(1) and 170(b)(1)(A)(i).

With your request, you provided a copy of the *Official Catholic Directory for 2019*, which includes the names and addresses of the agencies and instrumentalities and the educational, charitable, and religious institutions operated by the Roman Catholic Church in the United States, its territories, and possessions that are subordinate organizations under your group tax exemption. Your request indicated that each subordinate organization is a non-profit organization, that no part of the net earnings thereof inures to the benefit of any individual, and that no substantial part of their activities is for promotion of legislation. You have further represented that none of your subordinate organizations is a private foundation under section 509(a), although all subordinates do not all share the same sub-classification under section 509(a). Based on your representations, the subordinate organizations in the *Official Catholic Directory for 2019* are recognized as exempt under section 501(c)(3) of the Code under GEN 0928.

Donors may deduct contributions to you and your subordinate organizations as provided in section 170 of the Code. Bequests, legacies, devises, transfers, or gifts to them or for their use are deductible for federal estate and gifts tax purposes if they meet the applicable provisions of section 2055, 2106, and 2522 of the Code.

Subordinate organizations under a group exemption do not receive individual exemption letters. Subordinate organizations are not listed in Tax Exempt Organization Search (Pub 78 data), and many are not listed in the Exempt Organizations Business Master

File extract, or EO BMF. Donors may verify that a subordinate organization is included in your group exemption by consulting the *Official Catholic Directory*, the official subordinate listing approved by you, or by contacting you directly. IRS does not verify the inclusion of subordinate organizations under your group exemption. See IRS Publication 4573, *Group Exemption*, for additional information about group exemptions.

Each subordinate organization covered in a group exemption should have its own EIN. Each subordinate organization must use its own EIN, not the EIN of the central organization, in all filings with IRS.

If you have any questions, please call us at the telephone number shown in the heading of this letter.

Sincerely,

A handwritten signature in black ink that reads "Stephen A. Martin". The signature is written in a cursive, slightly slanted style.
