Announcement Published: *The Daily Territorial*, May 26, 27, 28 and 29, 2020

Introduction

Pima County was selected as a qualifying jurisdiction to receive funding from the Emergency Food and Shelter Program's National Board, which is chaired by the Federal Emergency Management Agency (FEMA). The Emergency Food and Shelter Program (EFSP), created in 1983, supplements and expands the work of local social service agencies which help people with economic emergencies. The original authorizing legislation (Pub. L. 100-77) specifically calls for:

Sensitivity to the transition from temporary shelter to permanent homes and attention to the specialized needs of homeless individuals with mental and physical disabilities and illness and to facilitate access for homeless individuals to other sources of services and benefits.

Special emphasis shall be on the identification of and assistance to the elderly, families with children, Native Americans, veterans, and mentally and physically disabled persons. EFSP funds must be used only to supplement existing rent/mortgage, utility assistance and feeding and sheltering efforts.

Pima County's Community Development and Neighborhood Conservation Department (CDNC) has been charged with coordination of the process for distribution of funds to service providers in Pima County.

The FEMA National Board has announced an allocation of \$473,765 for this jurisdiction under the 2019-20 Program Year, known as Phase 37.

Following the due date the Local Board will convene, review the proposals, determine the allocations to be distributed, and submit its local plan to the EFSP National Board.

Eligible Program Activities

The intent of this program is to support the purchase of food and shelter and assistance in the payment of rent/mortgage and utilities, to supplement and expand current available resources. Eligible cost categories are limited to served meals, other foods, mass shelter, other shelter, rent/mortgage assistance, and utility assistance. FEMA EFSP funds are intended to be used to supplement or expand existing programs and services. Funds may not be used as a substitute for other program funds, nor to start a new program. Funds may not be used for emergency assistance for victims of natural disasters.

Who Can Apply

A local organization that meets the following qualifiers is eligible to apply for FEMA EFSP funding.

- Is a nonprofit or an agency of government
- Has a checking account (Cash payments are not allowed.)
- Has an accounting system or fiscal agent approved by the Local Board
- Is not debarred or suspended from receiving Federal funds
- Has a Federal Employer Identification Number (FEIN)
- Has a Data Universal Number System (DUNS) number
- Conducts an independent annual review if receiving \$50,000 to \$99,999 in funding; an independent audit if receiving \$100,000 or more in EFSP funds; and meets single audit requirements at 2 CFR 200 if receiving \$750,000 or more in Federal funding
- Has not received an adverse or no-opinion audit
- Provides services and uses other organization/agency resources in the area in which they are seeking funding
- Practices nondiscrimination
- Has a voluntary board if private not-for-profit
- Involves homeless individuals and families, through employment, volunteer programs, etc., in providing emergency food and shelter services

Proposal Application

Submit a complete application for each program for which your organization seeks FEMA EFSP funding. Include the organization's name, address, and each program name for which funding is sought.

Phase 37 funding is limited to the categories provided above in **Eligible Program Activities**. A complete proposal will consist of the following items.

- Attachment A. Proposal Cover Sheet
- Attachment B. Proposal Application Form with Narrative and Budget
- Attachment C. Local Recipient Organization (LRO) Certification Form
- Additional documentation as required by application instructions

Each document should be saved as a PDF file, clearly named and attached to the submission email.

Proposal Formatting

Type responses in 12-point font. Avoid expanding space sizes provided. If the proposal is written by hand, print legibly and use blue ink. Proposals must be signed and dated by the Respondent's authorized agent (the person who has the authority to bind the organization; for example, President, Chief Executive Officer).

FAILURE TO COMPLY WITH SOLICITATION REQUIREMENTS MAY CAUSE A PROPOSAL TO BE REJECTED AS NON-RESPONSIVE.

Selection Process

CDNC will convene an EFSP Local Board as required by the National Board. The Local Board is to include members of the following groups: Catholic Charities, United Jewish Communities, National Council of the Churches of Christ, The Salvation Army, American Red Cross, and United Way.

The Local Board will convene after the due date for a review session which will be open to respondents and the public. The review session details (date/time/location) will be provided to all applicants via email and will also be posted on County websites and social media pages.

The Local Board will select organizations for funding that:

- Demonstrate the ability to provide food and/or shelter assistance
- Consider needs, resources and gaps in services
- Have the staff and capacity to take on responsibility of the program
- Include homeless individuals and families in providing services
- Have the capacity to maintain records and submit records by their due dates required by the National Board
- Have a financial system appropriate to carry out duties.

Local funding award decisions are expected to be announced within 20 business days of the award notification.

Compliance

Award notification will be announced to the grant recipients and placed on the website listed above. The Respondents agree to establish, monitor, and manage an effective grant award administration process that assures compliance with all requirements of the Emergency Food and Shelter Program National Board and Local Board.

Attachment B Application Form

I. FEMA EFSP FUNDING HISTORY

Phase 37 Request	\$ 25,000
Phase 36 Received	\$ 6,000
Phase 35 Received	\$ 6,000

Note: FEMA funds are intended to be used to supplement or expand existing programs and services.

Describe how the organization intends to use these funds. Will the money requested in this proposal be used to support a service or program that was supported by FEMA funds in the past? If yes, describe below how services have been or will be expanded or supplemented.

Mobile Meals of Southern Arizona will provide 12,500 home-delivered meals to 80 unduplicated adults with disabilities in need of emergency food support. We will use the requested funds to supplement our existing meal delivery program by offering emergency relief to current or incoming clients experiencing acute financial hardship. This relief will be temporary, with a term of 3 months (but can be extended if warranted). Potential causes for emergency relief include loss/reduction of monthly pension/Social Security payment, death of a spouse/partner, or unexpected hospitalization. These clients are at high risk of losing their homes and should not have to choose between eating and making rent/mortgage payments.

II. ORGANIZATION ELIGIBILITY CRITERIA

1. Identify the status of the agency. (Select one)

- Government Agency (public entity)
- Private Nonprofit (501(c)(3) or 501(c)(4)
If your agency has not previously received FEMA funds, **attach** the Federal tax exempt letter to your submission.

2. Is the agency considered in good standing by the Arizona Corporation Commission?

Y	N
X	

3. A. Accounting System: Describe the accounting system used by the organization to track grant-funded expenditures and revenues.

Accrual basis accounting, annual audits performed by Addington & Associates PLLC.

B. Audit: Does the organization conduct an independent annual audit? (Check one)

- Yes.** Indicate below the CPA firm that conducted the organization's most recent financial audit and the time period covered by the audit.
- If the agency has not received FEMA funding in the last 5 years, **attach** a copy of the organization's most recent audit to your submission.

- No.** The organization does not conduct an independent annual audit.
- Please **attach** FY2019-20 internal agency budget and year-to-date financial statements to your submission.

4. Federal Employer Identification Number (FEIN)

23-7157579

5. How does your facility assure accessibility for people with physical disabilities?

Specially designated parking spaces, ramps, guard rails, and grab bars.

III. ORGANIZATION TARGET POPULATION

Please indicate the three primary target client populations served by your agency in the list below. Type "1," "2," and "3" to identify the top three client populations. If your agency targets no specific population, please select the "NT" code.

	People with substance use disorder		Native Americans		Unaccompanied minors
	Domestic violence victims		People with AIDS/HIV		Veterans
1	Elderly		Racial/Ethnic Minorities		NT (no target population)
	Families with children		Single men	2	Other targeted populations (specify below):
3	Mentally disabled		Single women		Adults w/physical disabilities

IV. NARRATIVE

Please answer the following questions. Limit answers to the space provided.

1. Give a brief explanation of your organization's ability to coordinate service delivery with other human service providers. Specifically identify the networks, coalitions and collaborative arrangements that your agency maintains.

Mobile Meals of Southern Arizona works closely with our 9 local food preparation facility partners to prepare meals and delivers more than 100,000 meals every year to the doorsteps of our neighbors who are homebound, isolated, indigent and/or unable to shop and prepare meals for themselves. In addition, we partner with the Diaper Bank of Southern Arizona and Cody's Friends to provide incontinence supplies and pet food that our clients also need. Interfaith Community Services, Pima Council on Aging, Catholic Community Services, Dependable Health, the Community Food Bank, and Lutheran Social Services, as well as social workers, physicians, case managers, dialysis centers, and other social service agencies serve as a part of our client referral network for transportation, caregiving, food security, housing and home care services. Meals are currently delivered along 33 routes in 22 zip codes every Monday through Friday by 300 community volunteers who are trained to check in on clients, providing a general "wellness check" during each delivery. Mobile Meals also partners with local churches, United Way, the media, and other civic organizations to recruit volunteers and promote the availability of client services. Services are provided in English or Spanish, and we are doubling down our efforts to expand to serve diverse communities throughout our service area. After expansion, we will serve 39 zip codes on 42 routes.

2. Describe any changes in the magnitude of the current need and/or funding sources experienced during the past year or expected in the next 12 months (for example, number of requests or types of clients).

Demand in rural areas of Pima County has increased significantly this year, and we are expanding our services to meet the need. Phase 37 funding would help MMSA onboard and serve more clients in our current delivery areas and also expand into areas of Pima County where clients are requesting our services but where we have previously lacked capacity to provide them. Since March 2020, we have increased the number of clients we serve by 30%, as low- and extremely low-income seniors have found their normal financial and food resources disrupted. We have wait-lists both in our normal delivery routes and outside of them: we believe it's possible that the number of clients we serve will double from approximately 500 in 2019 to around 1,000 by the end of 2020. We believe many new clients will remain indefinitely as a result of the pandemic: even as businesses reopen, our clients (elderly with underlying health conditions) have expressed reluctance to return to business as usual until a COVID-19 vaccine is available. Continuing to serve these new clients, in both existing and new delivery areas, is critical to the continuing health and well-being of these most vulnerable clients. This funding would significantly aid that service provision.

3. Give a brief explanation of how your service(s) will be addressing a gap in existing services available to the community.

Mobile Meals has often received referrals for potential new clients in the rural areas of Pima County to the south and west of Tucson and in the southwestern parts of the city, in zip codes 85706, 85713, 85735, 85736, 85743, 85745, 85746, 85756, 85757, and 85629. Requests for services in this area have increased dramatically during the pandemic. This request for Phase 37 funding will help us address a gap in community services: potential new clients in this area don't have the physical ability or financial resources to pick up food themselves from the Community Food Bank, and for-profit delivery companies and restaurants that deliver food are generally beyond our clients' budgets and don't provide the other community services that Mobile Meals does (consultation with doctors to provide medically tailored meals, community service referrals to partner agencies, daily check-ins by trained volunteers). In addition to medically tailored meals, we also prepare food in textures that some clients need, like soft, pureed, and fine-chopped, which differentiates us from similar for-profit and nonprofit services, and Meals on Wheels and similar services do not deliver hot meals, which we do five days a week. When food-insecure older adults and adults with disabilities have been relying on family members or neighbors to provide occasional meals and those family members or neighbors suddenly don't have the resources to help, new need for meal deliveries arises. Since so many people in the identified areas have lost jobs because of the pandemic, this new need has presented itself acutely. No other organization is currently meeting it.

4. Explain any anticipated funding cuts. Identify the funding source anticipated to be reduced and describe any alternative funding sources sought by the organization to make up for these cutbacks.

2020 is Mobile Meals of Southern Arizona's 50th anniversary, which we had planned to celebrate with a Golden Anniversary Gala fundraising event. This event has now been postponed until 2021 because of COVID-19, and we anticipate significant losses in sponsorships, corporate gifts, and individual donations as a result. To make up for this loss, we have applied for emergency funding opportunities from the Community Foundation for Southern Arizona, the Arizona Community Foundation, the Greater Green Valley Community Foundation, AZ Complete Health, Meals on Wheels America, and others. But we have also incurred significant additional unbudgeted expenses from our response to the pandemic. Equipping all of our volunteers with Personal Protective Equipment and hand sanitizer (before the Pima County Health Department began its supply program) and new plastic delivery bags cost more than \$20,000, and it cost almost \$10,000 to recruit, perform background checks on, and train the nearly 100 new volunteers required since the pandemic. Finally, the sudden spike in new clients has resulted in unbudgeted expenses for food, food preparation, and meal provision, and we expect these unbudgeted expenses to continue for the foreseeable future and grow as we add even more clients who need our services.

5. Define the geographical area to be served with requested FEMA funds.

Geographical boundaries for Mobile Meals of Southern Arizona extend north to Roger/River Roads (past Swan service extends to Sunrise), south to Valencia Rd., west to Mission Rd., and east to Houghton Road. Clients are served within the northeast area of Kolb and Sunrise Roads as well as along Catalina Highway. We also provide meal delivery in Green Valley and Sahuarita. The expansion described in this proposal will allow us to serve Vail, far Southeast Tucson, far West Tucson, Littleton, and the I-19 corridor between our current service area and Sahuarita, in zip codes 85706, 85713, 85735, 85736, 85743, 85745, 85746, 85756, 85757, and 85629.

6. Briefly describe the target population for each service for which you are requesting FEMA EFSP funds.

Mobile Meals delivers freshly-prepared, medically-tailored meals to seniors (80% are age 60+, and 10% are in their 90s) and adults with disabilities, who are unable to shop or cook meals for themselves. Over 90% of our clients are low- to extremely-low income adults, and over 95% of our clients live with diagnosed physical and mental health conditions such as diabetes, stroke, amputation, cardiac and respiratory distress, renal failure, cancer, blindness, and dementia. Most of the adults we serve who are not yet 60 years old live with multiple sclerosis, cerebral palsy, schizophrenia, severe depression, and/or PTSD (especially veterans), among other physical and mental health conditions that make it impossible for them to shop or cook. In addition to family members, we receive referrals for new clientele from medical professionals, the Pima Council on Aging, and other local social service agencies.

7. Please discuss how your program collaborates with other homeless assistance providers, including those organizations which are part of the Tucson Pima Collaboration to End Homelessness.

The low and extremely-low income clients served by Mobile Meals are at high risk of losing their housing. The heavily subsidized or totally free special-diet meals that our volunteers deliver help clients maintain their health and independence by providing food that supports their specific medical conditions at a fraction of the cost they would pay elsewhere, and the savings in food costs and medical care help them continue to afford rent or mortgage payments. Mobile Meals collaborates with other homeless assistance and prevention agencies, including Interfaith Community Services, Our Family Services, and La Frontera, to provide at-risk individuals with vital support and connections to the community resources for financial assistance, healthcare, and social services they need to continue to live with dignity in their own homes and not to become homeless. We are also working with local senior care facilities and assisted living homes and targeting areas of town where lower income seniors live, to get the word out about our services and onboard new clients, in order to reduce the chances that people in serious financial difficulties will losing their housing. Defraying costs associated with food—especially needed special-diet meals—makes a significant impact on our clients' ability to stay in their homes.
