

Partner Comments/Highlights

TANF	<i>2021 TANF remained under a TANF waiver due to Arizona's State of Emergency related to COVID-19. During that time, we remained committed to engaging our clients even though they were no longer required to participate in the Jobs Program. We maintained levels of engagement that allowed us to help families find employment 43.33%. In addition, we provided support services to many families.</i>
Title IV Vocational Rehabilitation	<i>VR resumed in person services 4/5/2022. Meetings can take place at a local VR office, partner agency or an agreed upon public location. Virtual meetings, phone calls and email will continue to be an option for many interactions.</i>
National Farmworkers	<i>There were no seasonal migrant farmworkers enrolled in Pima County for PY 2021</i>
Job Corps	<i>50% enrollment due to health pandemic guidelines</i>

Please note that the numbers reported here are not the official Performance Measures. Where Performance Measures are percentages based on historical activity, these numbers are actual, real-time reflections of activity. In some cases, these numbers are estimates for Pima County, since the partner's database may generate numbers for a larger area. Finally, some numbers are subsets of a larger number and are shown in shade in order to show what each partner does.
