I. BACKGROUND AND PURPOSE

This policy applies to services delivered through Workforce Innovation and Opportunity Act (WIOA) Title I-B to Adult, Youth and Dislocated Worker program participants by staff and contracted providers of ARIZONA@WORK in Pima County.

This policy provides guidance regarding Customized Training for eligible Adult and Dislocated Workers. Customized training opportunities provide structured training for participants to gain the knowledge and skills to be competent in the job for which they are hired and leads to economic self-sufficiency.

Customized training is designed to meet the specific needs of an employer or a group of employers committed to employing an individual upon the successful completion of the program, for which the employer pays a significant portion of the training. Customized training is generally designed so that participants are trained by a third party for the employer. Customized training participants are not employed by the employer at the start of participation in the customized training. Participants must be enrolled in the adult program in Arizona Job Connection (AJC) to participate in customized training.

A. Customized Training requirements:
   1. Used to meet the special requirements of an employer or group of employers;
   2. Conducted with a commitment by the employer(s) to employ all individuals upon successful completion of the training;
   3. Paid for, in part, by employers, who must pay a “significant cost” under WIOA sec. 3(14) of the training;
   4. Employers must apply for customized training funds from the Local Workforce Development Area (LWDA). Funds will be awarded based on the local availability of WIOA Title 1B funds at the time of the application;
   5. Once LWDA awards funds, the employer has up to one year to complete the approved training program. Employers are encouraged to conduct and complete training as soon as feasible;
   6. Will not supersede the individual’s rights for consumer choice;
   7. Participants may not be earning a self-sufficient wage under WIOA sec. 134(c)(3)(A) as determined by Pima County policy;
8. Meet the Fair Labor Standards Act requirements for an employer-employee relationship; and
9. Will incorporate new technologies, processes, or procedures; offer skills upgrades; provides workplace literacy; or serves other appropriate purposes under WIOA 680.710.

B. Customized Training may not be used for the following:
   1. New employee orientation;
   2. Job search skills, resume writing, or interviewing skills;
   3. Adult basic education such as high school equivalency preparation or remedial courses in reading, mathematics, or language arts;
   4. English for speakers of other languages; and
   5. Training that relates to human resources functions such as diversity, sexual harassment, and employment terminations.

C. Customized training is designed to provide Pima County with flexibility to ensure that training meets the unique needs of the job seekers and employers or groups of employers. There are several factors that must be considered when customized training is used:
   1. Groups of individuals that receive training would otherwise lack the necessary requirements of the industry to obtain employment in the industry to earn self-sufficient wages;
   2. Training will provide skills to new hire candidates, either through a process whereby the employer interviews, hires, and then trains the job seeker or through a pre-vocational process of screening or assessment, training, and interviewing successful completers;
   3. The training provides an industry-recognized credential or certificate. WIOA Title 1B encourages training that leads to a credential, but a credential is not a requirement of customized training;
   4. The number of participants provided training through the employer should be a minimum of five and substantiates the overall cost of the training program;
   5. Maximum allocation per individual participant shall not exceed $3,000;
   6. The occupation for which customized training is being provided must be in demand within Pima County region; and
   7. Priority will be given to those industries identified in the industry cluster study and aligns with current sector strategies.

II. DEFINITION OF CUSTOMIZED TRAINING
