Pima County Board of Supervisors

From: Jan Leshner 
County Administrator

Re: **Revised Board of Supervisors District Boundaries**

On May 3, 2022, the Board of Supervisors adopted revised district boundaries as shown in the attached map. This action was required by State and Federal Law to balance the population of each district to within 10 percent. This map achieved a 1.7 percent maximum population deviation between the districts. These updated districts should be available on PimaMaps tomorrow. Staff will be replacing Board district maps that are posted on various Pima County webpages and updating search functions that allow voters to search for their districts. Departments should ensure reports that use Board district data are updated.

If any departments or offices are in need of the digital shape files associated with these new districts, please contact Erik Glenn, Senior GIS Analysis in IT, at Erik.Glenn@pima.gov or 724-6604.
