

MEMORANDUM

Date: May 18, 2022

To: The Honorable Chair and Members
Pima County Board of Supervisors

From: Jan Leshner 
County Administrator

Re: **Pavement Preservation and Road Repair Program Update**

Please find attached a memorandum from Transportation Director Ana Olivares providing the list of roads selected for repair and preservation next fiscal year. This \$66.8 million investment in County roadways is included in the approved tentative budget. Also included in Ms. Olivares' memorandum are the two packages totaling \$4.5 million that did not receive bids from contractors as described in my [May 4](#) communication to you.

Please let me know if you have any questions.

SUBJECT: Fiscal Year 2022/2023 Pavement Repair and Preservation Program

Department of Transportation has prepared the road lists for the road repair (mill and fill) and road preservation (surface treatments) for the fiscal year 2022/2023 Pavement Repair and Preservation Program based on the \$66.8 million program submitted with tentative budget. The road repair portion of the program totals approximately \$64 million. The preservation portion totals approximately \$2.75 million and is only on Arterial/Collector roads.

Before proceeding with the fiscal year 2022/2023 road lists, we are providing the status of our network at the end of this year’s program:

Note: The large jump in PCI in 2019 is due to the change in pavement surface evaluation, from PASER review to measured PCI and the work completed in that year.

The table below summarizes the road repair totals for fiscal year 2022/2023 per Board of Supervisors (BOS) District. The cost per mile varies by BOS District for a couple of reasons. One, the width of Arterial/Collector roads varies throughout unincorporated Pima County. Second, the number of subdivisions with curb ramps varies throughout the County.

FY23 Road Repair Totals Summary

Functional Classification	District 1		District 2		District 3		District 4		District 5		Total Sum of Miles	Total Sum of Cost

Page 2

The roads selected incorporated the Pima County Transportation Advisory Committee (PCTAC) adopted criteria. For Local Roads, the criteria was to select roads with the worst Pavement Condition Index (PCI) rating and adjacent roads. The highlighted roads are the worst “trigger” roads in each subdivision and are the reason the subdivision was selected for the 2022/2023 program. The Arterial/Collector Roads were selected using the Street Saver Pavement Management Program for highest Return on Investment (ROI).

These lists will be published on Transportation’s website, Roadway Maintenance, Roadways & Pavement, Road Repair Program tab. The published Local Road list will be organized by subdivision and sorted by PCI rating. The published Arterial/Collector Road is sorted alphabetically.

The following are attached:

- Local Road Repair List
- Arterial/Collector Repair List
- Surface Treatment Preservation List
- Carryover Projects FY 2021/2022

There are two carryover projects from the fiscal year 2021/2022 program. These projects are currently out to bid and will be paid for with funding carried over from the fiscal year 2021/2022 program. The Countryside Subdivision milling and paving project has an estimated completion date of September 1, 2022 and the Summerhaven milling and paving project has an estimated completion of October 1, 2022. Bids for both projects are due back next week.

Please let us know if you have any questions.
