Re: Procurement Appeals Regarding Janitorial Services and Emergency Glass Repair

The June 6, 2017 Board of Supervisors Agenda includes two Procurement items continued from a previous Board meeting. These items are as follows:

2. Item 31: Solicitation 241493 for As Needed and Emergency Glass Repair.

Regarding Solicitation 241493, the Procurement Director provided a May 25, 2017 memorandum clarifying the licensing status of Sierra Vista Glass, Inc. (the firm now protesting the award to Blue Moon Glass Services, LLC) (Attachment 1). The monetary difference in the award, which could be a consideration for potential rebidding, is relatively insignificant, approximately $5,000. Hence, I concur with the Procurement Director’s recommendation to deny the appeal and award the contract to Blue Moon Glass Services, LLC.

Regarding Solicitation 247199, the Board has the following three options:

1. Award the contract as recommended by the Procurement Director.

2. Based on the appeal of New Image Building Services, LLC, the Board could design, if desired, a remedy that awards a portion of outlying “B” facilities to New Image Building Services, LLC. This would consist of 11 buildings in the Ajo Corridor where New Image is the current service provider for the larger buildings such as the Abrams Health Center, Juvenile Court and Kino Sports Complex. (A list of the 11 buildings is Attachment 2.) Adding the smaller, almost immediately adjacent buildings would result in an efficient service delivery area. County clients receiving service from New Image have been extremely satisfied. Further, the service cost would be less than having the service provided by ISS Facility Services.

The appeal by New Image is largely based on cost savings and similarity in evaluation score – 94 points versus 90 points – possibly due to an evaluator scoring New Image significantly lower as compared to other evaluators.
Price was a factor in this award, but it was not the primary determining factor. Service evaluation played a key role. If the scores of the lower scoring evaluator were dropped, the results would be similar to the original recommendation of the Procurement Director. Hence, I would recommend denying the appeal; particularly, the remedy requested.

However, a specifically targeted award could be formulated as stated above by awarding New Image the 11 buildings in the Ajo Corridor, several of which they already service and have done so to the “high satisfaction of existing County customers.”

3. Direct staff to re-advertise for janitorial services and award a contract based solely on price.

MEMORANDUM

Date: May 25, 2017
To: Chuck Huckelberry, County Administrator
Through: Tom Burke, Deputy County Administrator
From: Mary Jo Furphy, Procurement Director
Re: May 16, 2017 Additional Information for Appeal Hearing of the Procurement Director’s decision regarding Solicitation No. 241493 for As Needed & Emergency Glass Repair

As requested in the May 16, 2017 Appeal Hearing, additional information is provided in regards to this solicitation. In addition to the information submitted by Procurement, much information has been presented by the two potential contractors.

Arizona Revised Statute (ARS) and Arizona Registrar of Contractors (AROC)

Arizona Revised Statute §32-1151, Engaging in contracting without license prohibited, states “It is unlawful for any person...to engage in the business of, submit a bid or respond to a request for qualification or a request for proposals for construction services... without having a contractor’s license in good standing in the name of the person.” License #169930 was suspended from 3/17/2017 to 04/03/2017, as disclosed on the AROC website (Attachment A). The bid was signed on 3/23/17 and received by Procurement on on 3/27/17 for a 3/29/17 opening date. This license was not valid at the time of the solicitation.

Both Procurement and the District 4 Office contacted AROC. Procurement also filed a Public Records request with AROC. AROC’s email communication and the Public Records Response are attached for your review (Attachment B).

Pima County Code and Board of Supervisors Policy
Pima County Code 11.20.010 states “A bid that does not meet specifications is not acceptable and shall be rejected as nonresponsive.” Procurement must rely only on the information provided at the time of the solicitation. In its bid, Sierra Vista Glass referred License Number 169930 (Attachment C). Although Sierra Vista Glass had the other license, and subsequently had this license reinstated, at the time of the solicitation, the license submitted had been suspended.

At the Hearing, there was a question regarding which contractor was the low bid. While the low bid is the determining factor in a bid process, it is not considered until the respondent meets the minimal requirements. In this bid, the respondent provided a suspended license and did not meet the qualifications. The question Procurement considered is “Did the bid meet the requirements?”

Attachment B
Good afternoon Beth/Mary Jo,

I'm connecting the three of us – hoping you two are okay with that – in order to reduce replication.

So far, I sent both of you the warning letter (attached again) for license ROC169930’s violation of contracting while the license was suspended or inactive. I have explained to both that Sierra Vista Glass Inc. possesses three licenses; 264537, 312015, and 169930.

I let you both know that 264537 (CR61) was not suspended in 2017, 312015 (CR65) was issued March 8, 2017 and had not been suspended, but that 169930 (CR65) was suspended for lack of bond - from March 17, 2017 to April 3, 2017.

The close letter, which was apparently presented during the BOS meeting, represented the closing of case 2017-2049. Reference to workmanship standards in the close letter, should not be construed to signify no violation was found. Workmanship standards refer to work performed. The violation found, however, relates to contracting while the license was suspended or inactive.

In speaking with the investigator, I understand he closed the case after issuing a warning letter for the violation, as the licensee – Sierra Vista Glass, Inc. – had no previous complaints and standard policy for the Agency is to issue a warning letter for a first time violation of contracting while a license was suspended or inactive.

I received a public records request for case #2017-2049 and will begin any necessary redactions on Monday.

Best,

Jim

Dear Respondent:

The Registrar received information indicating that you are contracting while your license is suspended or inactive. Contracting while your license is suspended or inactive violates A.R.S. § 32-1151:

Additionally, contracting or offering to contract while your license is suspended or inactive violates A.R.S. § 32-1154(A)(17) and constitutes grounds to suspend or revoke your license.

RE: Complaint No. 2017-2049

Sierra Vista Glass dba Vista Glass was not in violation and had a valid AZ ROC # with our dba Vista Glass, we also have a valid CR61 license. All of our AZ ROC licenses have the same qualifying party of Richard Main. SEE Exhibit A, AZ ROC Active Licenses ROC #312015, #169930 & #264537

Vista Glass, has always had the proper and valid Registrar of Contractor’s licenses. Sierra Vista Glass dba Vista Glass has been in the process of reorganizing itself based on the locations of its offices of Sierra Vista, Tucson, and Phoenix, Arizona. The second CR65 license for Sierra Vista Glass was temporarily suspended from March 17, 2017 to April 3, 2017 due to the renewal bond being sent to the wrong address. This error was clerical and temporary. Please reference the supporting documents of Registrar of Contract page showing the valid licenses for Sierra Vista Glass dba Vista Glass (Exhibit A)

If we can be of further assistant, please let us know.

INVESTIGATION
6. OFFER ACCEPTANCE AND ORDER RELEASES:
County will accept offers and execute this contract by issue of a MA (recurring requirements) to be effective on the document's date of issue without further action by either party. The MA will document the term of the agreement.

Pursuant to the executed MA, County departments requiring the goods or services defined herein will issue a DO or DOM to the Contractor. County will furnish the DO or DOM to Contractor via facsimile, e-mail or telephone. If County gives the order verbally, the County Department issuing the order will transmit a confirming order document to Contractor within five (5) workdays of the date it gives the verbal order.

The Contractor must not supply materials or services that are not specified on the MA and are not documented or authorized by a DO or DOM at the time of provision. County accepts no responsibility for control of or payment for materials or services not documented by a County DO or DOM.

Contractor will establish, monitor, and maintain an effective contract administration process that assures compliance with all requirements of this contract. In particular, Contractor will not provide goods or services in excess of the executed contract items, item quantity, item amount, or contract amount without prior written authorization by contract revision that County has properly executed and issued. Any items Contractor provides in excess of those stated in the contract are at Contractor's own risk. Contractor will decline verbal requests to deliver items in excess of the contract and will report all such requests in writing to the County Procurement Department within one (1) workday of the request. The report must include the name of the requesting individual and the nature of the request.

7. ACCEPTANCE OF GOODS AND SERVICES:
The County Department designated on the issue order (DO or DOM) will accept goods and services only in accordance with this contract. Such acceptance is a prerequisite to the commencement of payment terms.

8. COMPENSATION & PAYMENT:
Contractor will submit Request(s) for Payment or Invoices to the location and entity defined by County's PO, DO, or DOM document.

All invoice documents will reference the County's PO, DO or DOM number under which the services or products were ordered. All invoice line items will utilize the item description, precise unit price and unit of measure defined by the County's order document. County may return invoices that include line items or unit prices that do not match those documented by the County's order to Contractor unprocessed for correction. Contractor will not accept orders, or provide services or products that cumulatively exceed the contract amount.

Standard payment terms are not thirty (30) days from the date of valid invoice document and do not commence until the later of 1) the receiving County Department receives goods or services into County's payment system or 2) County Financial Operations receives and verifies Contractor's Invoice.

OPTIONAL EARLY PAYMENT DISCOUNT TERM: Pima County Administrative Procedure No. 22-35 section 2.2.4 defines County's practice regarding discounts for early payment. Contractor offers the following discounts to those prices to be used for all orders issued pursuant to this contract. County will utilize the existing payment code that best matches that offered and does not exceed the offered discount percentage. Payment days cannot be less than ten (10) calendar days. Contractor shall submit valid invoice documents consistent with the associated PO, DO or DOM to County Finance Department at least seven (7) calendar days prior to the date on which the discounted payment is due. If desired, for any order issued pursuant to this contract, Contractor may offer early payment discounts that exceed this Standard Early Payment Discount.

Standard Early Payment Discount Percent: 

The MA or PO issued to accept Contractor's offer will define the not-to-exceed amount of the contract.

The parties may negotiate and establish unit pricing in writing under the contract for items included in the scope of the contract that has not previously defined unit pricing.

Unless the parties otherwise agree in writing, all pricing will be F.O.B. Destination & Freight Prepaid Not Billed (F.O.B. Destination). Contractor will deliver and unload products or services at the destination(s) that the delivery article of the contract or accepted Order indicates. The offered Unit Price must include all freight costs.
Although an order may not fully define State and City sales tax, County will pay such taxes as are DIRECTLY applicable to Pima County and Contractor invoices such taxes as a separate line item. Contractor must not include such taxes in the item unit price.

Price Warranty. Contractor will give Pima County the benefit of any price reduction before actual time of shipment.

Price Escalation. All unit prices include compensation for Contractor to implement and actively conduct cost and price control activities. Pricing will remain firm during the initial year of the contract term after which the parties may consider price increases no more frequently than once per year. Contractor will submit a written request to County that includes supporting documents justifying requested increases at least ninety (90) days prior to the renewal date. Contractor will provide evidence, cite sources, demonstrate specific conditions and document how those conditions affect the cost of its performance, and identify specific efforts Contractor has taken to control and reduce those and other costs to avoid the need to increase prices. County will review proposed pricing and determine if it is allowable, fair and reasonable, and in the best interest of County to accept the proposal. County reserves the right to continue, accept or reject the price proposal, or terminate and re-solicit the contract.

All pricing will conform to Pima County’s Living Wage ordinance if applicable, including required annual adjustments of the wage.

Quantities in this solicitation are estimates only. County reserves the right to increase or decrease quantities and amounts. County makes no guarantee regarding actual orders for items or quantities during the term of the agreement. County is not responsible for Contractor’s inventory or order commitment.

Contractor’s unit prices must include all incidental and associated costs required to comply with and satisfy all requirements of this solicitation, which includes the Instructions to Offerors, Standard Terms and Conditions, and Offer Agreement. County will make no payments for items not in the contract.

Contractor will provide detailed documentation in support of payment requests, which should be consistent with and not exceed County’s PO, DO, or DOM document. Contractor will bill County within one (1) month after the date on which Contractor’s right to payment accrues (“Payment Accrual Date”), which, unless this contract specifically provides otherwise, is the date Contractor delivers goods, performs services or incurs costs. Invoices must assign each billed amount to an appropriate line item of County’s order and document each Payment Accrual Date. County may refuse to pay any amount that Contractor bills in which does not conform to County’s PO, DO, or DOM document. County will refuse to pay any amount that Contractor bills more than six (6) months after the Payment Accrual Date, pursuant to A.R.S. § 11-622(C).
