Sheriff’s Department staff prepared the Board of Supervisors Agenda Item Report (BOS - AIR). Copies of the reports are attached for your information. They are signed by Ms. Julia Gates, a Sheriff’s employee. The reports were not reviewed or amended by any other County staff; hence, the program and project descriptions were prepared by your office. When comparing the BOS - AIR for Grants 170405-02 to 170405-03, they are essentially identical.
While the Board has rejected these grants as submitted, there may be an opportunity to provide clarifying information that would be supplemental to that already provided. If this new information is made available, the Board may reconsider the acceptance. I understand Supervisor Ramon Valadez will propose a recommendation.

I suggest the descriptions of the grants and purpose be more explicit. For example, the necessity of the equipment and how the equipment does not duplicate any other data systems and/or communication systems available such as the Pima County Wireless Integrated Network (PCWIN) communication system. I also suggest the report include why the specific information is necessary for your law enforcement needs in the areas where law enforcement activities are applied, i.e., remote rural areas versus urban areas.

During the Board’s discussion, the issues of overtime payment, benefits and retirement costs arose. In the past, I know most of our grants have not paid full benefits and full mileage reimbursement. Please confirm how the overtime allocation is paid and whether it pays for full benefits. If I misspoke about this at the Board meeting, I will be happy to correct my statement to the Board.

Finally, it would be appropriate to identify the law enforcement services that are being provided with the grant and how they are exclusively related to law enforcement for individuals who break State laws and are not for the purpose of border immigration enforcement. I believe this has been the case in the past, and perhaps the words “administering immigration laws” used in the BOS - AIR is a simplified statement leading to an incorrect conclusion regarding the use of these grant funds.

When you have additional information, it would be appropriate to discuss this matter further.
