Re: **Pima County Historic Courthouse Renovation of Visitors Center and University of Arizona Mineral Museum**

As you know, we are more than halfway through renovation of the Pima County Historic Courthouse that will house a number of visitor center and tourism attractions. Among those are the Visitors Center operations and the University of Arizona (UA) Mineral Museum.

Tenant improvements are now under design for the Second and Third Floors, including office space for Visit Tucson, County Attractions and Tourism and Office of Sustainability and Conservation staff.

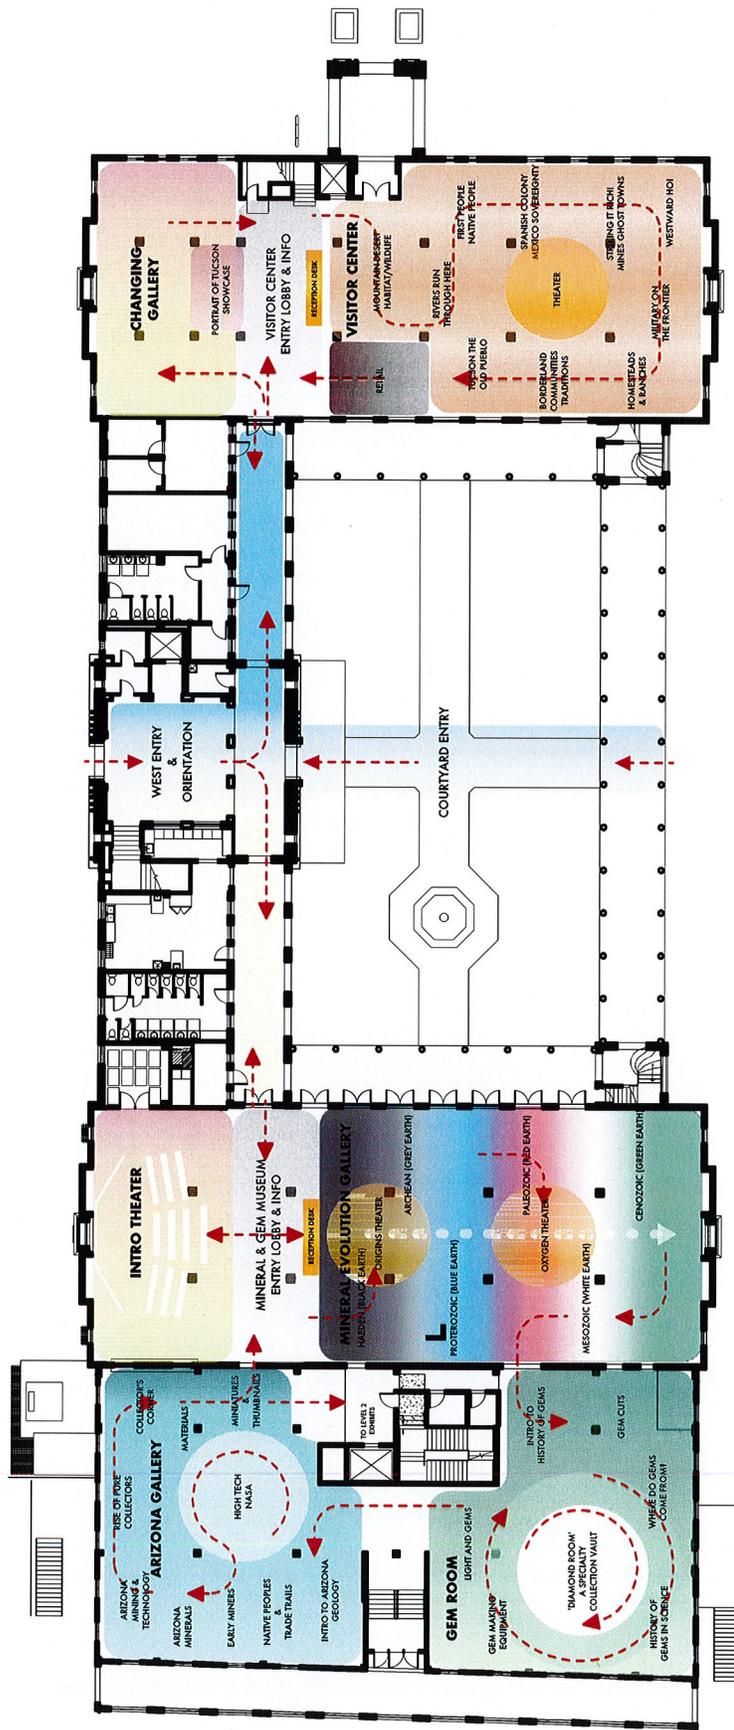

Conceptual design for the Visitor Center and the Mineral Museum is also underway. Attached is a copy of the visitor flow diagram and primary themes associated with the Visitor Center and UA Mineral Museum.
