Re: March 16, 2018 Green Valley Council Meeting with County Representatives

Dear Mr. Weaver:

Thank you for your briefing on a variety of issues in the Green Valley area. We share common interests in providing the best information and services to Green Valley residents. Green Valley Council's (GVC) efforts in communicating to both area residents as well as County staff is appreciated.

As you know, there are a number of ongoing activities involving the County and Green Valley, including the GVC's work to provide a report and recommendation regarding the possible acceptance of the Canoa Hills Golf Course as Green Valley's first natural resource park.

I appreciate the updates provided during our March 16, 2018 meeting. Your Annual Report is significant and demonstrates the monetary value of the GVC's efforts for the County. We continue to believe the County should be a financial partner with GVC in assisting with delivery of public services to the Green Valley community; hence, I have placed funding for GVC activities in next year's budget that will be considered for Board of Supervisor adoption in June 2018. I have reserved this funding without hesitation or concern as it has proven to be a sound financial investment by the County.

Sincerely,
