

MEMORANDUM

Date: March 11, 2019

To: The Honorable Steve Christy, Member
Pima County Board of Supervisors

From: C.H. Huckelberry
County Administrator 

Re: **County Property on the Mount Lemmon School Site and Adjacent to Pima County Wastewater Facilities**

In discussing whether the County had interest selling this property to the Mount Lemmon Water District, I asked Deputy County Administrator Carmine DeBonis to review our options with Regional Wastewater Reclamation Department Director Jackson Jenkins. Based on their consensus, the County is not in a position to sell or transfer this property to the Mount Lemmon Water District.

It is likely a significant portion of the property will be needed within the next several years for developing an equalization basin for the Mount Lemmon Wastewater Treatment Facility. Because of this, it is best to retain ownership of the property.

CHH/anc

c: Carmine DeBonis, Jr., Deputy County Administrator for Public Works
Jackson Jenkins, Director, Regional Wastewater Reclamation
