

MEMORANDUM

Date: August 26, 2020

To: The Honorable Chairman and Members
Pima County Board of Supervisors

From: C.H. Huckelberry
County Administrator *CHH*

Re: **Mobile COVID-19 Testing by the Arizona Department of Emergency Management and Military Affairs as well as Federal Emergency Management Agency**

I am attaching a list of the locations, dates, number of individuals tested, number of staffing required at each testing site and the agency providing the staffing; and the average time lapse from arriving at the testing site to receiving the test, based on either preregistration or onsite registration.

As you can see from the attachment, each site requires considerable staffing and most of the staffing is provided by Pima County or contracted medical staff. A total number of individuals tested for nine specific mobile testing sites was 2,115, which required a total staff of 328. Most staffing was provided by Pima County.

We understand that in some of the more high-volume locations the Arizona Department of Emergency Management and Military Affairs as well as FEMA may wish to sponsor another mobile testing blitz during the third week of September. We will keep the Board apprised if such arises.

CHH/lab
