The Honorable Supervisors Elect
Pima County Board of Supervisors

Re: **New COVID-19 Cases and Additional Analysis on Voluntary Curfew Observations**

The number of daily new COVID-19 infections continues to rise significantly. The count today showed there were 1,449 new cases reported by the state and 22 new deaths. The ongoing rapid spread further emphasizes the importance of the enactment of a mandatory County-wide curfew.

In my December 15, 2020 Board of Supervisors Memorandum related to curfew and vaccinations, I communicated that approximately 400 observations of business that the Health Department permits or licenses were performed on December 11, 2020 and December 12, 2020, and that approximately 15 percent were noncompliant with either the County voluntary or City mandatory curfew. Further analysis of the data has revealed that a much higher percentage of business with normal operating hours after 10:00 PM were non-compliant than originally estimated.

Of the original list of 815 establishments with Series 6, 7, and 12 liquor licenses selected for observation, 620 have been confirmed to have a closing time at or before 10:00 PM or were facilities determined to not be subject to the curfew (attractions, hotels, etc.). These establishments would not have been open past the curfew time and can be removed from the count for determining percentage of noncompliance. Additionally, 4 were gaming establishments on tribal lands that have a liquor license but not a food permit from the county, and where the County does not have regulatory authority. Finally, 15 establishments were not observed due to their remote distance.

Accordingly, there were only 176 establishments that could potentially be open past a 10:00 PM curfew. Of this group, 64 were observed to be operating and allowing patrons inside, which is a 36.4 percent non-compliance rate with the voluntary and mandatory curfew. The breakdown by jurisdiction is as follows:

The Honorable Chairman & Members, and The Honorable Supervisors-Elect, Pima County Board of Supervisors
