# MEMORANDUM

---

Date: June 29, 2020

To: The Honorable Chairman and Members  
Pima County Board of Supervisors

From: C.H. Huckelberry  
County Administrator

A handwritten signature in black ink, appearing to read "CHH", is written over the printed name "C.H. Huckelberry".

Re: **Demographics of COVID-19 Cases**

Attached is demographic information related to 6,836 COVID-19 cases in Pima County. This is out of a total of 7,568 reported cases as of Monday, June 29, 2020.

As you can see, the largest number of cases by age group is in the 20 to 44 year old category. Information is also shown for COVID-19 cases by race/ethnicity, gender; COVID-19 cases hospitalized by gender, age group and race/ethnicity; and, deaths due to COVID-19 by gender, age group and race/ethnicity.

COVID-19 cases continue to accelerate in Pima County, particularly in the age group of 22 to 44 years of age due to disregard of mask and physical distancing standards in social gatherings. This growth in cases is not occurring to any great extent in employment settings.
