County Administrator

Re: **Community Food Bank Access and Use of the Kino Sports Complex**

Since the beginning of the COVID-19 pandemic, the Community Food Bank of Southern Arizona has been using the parking lots and other facilities at the Kino Sports Complex to distribute food to the community. These distributions occur on a regular basis and they have recently seen some of the longest lines for food pickup, stretching out into public streets surrounding the Kino Sports Complex.

It has been our pleasure to assist the Community Food Bank in this effort.

In appreciation of Kino staff, the Community Food Bank developed a video and presented to our staff. It can be viewed at the following link:
