# MEMORANDUM

---

Date: November 10, 2020

To: The Honorable Chairman and Members  
Pima County Board of Supervisors

From: C.H. Huckelberry  
County Administrator 

Re: **Election Vote Tabulation – Hand Count Audit**

Election laws and procedures of the Arizona Secretary of State (AZSOS) require a hand count audit at the end of each election. This hand count audit is conducted by individuals assigned to conduct such and supervised by the parties and the Elections Director, Brad Nelson.

The hand count audit is another in a series of checks and balances that ensure the election results are accurate and complete. A formal report reflecting the outcome of that audit is required to be forwarded to the AZSOS for posting on their webpage.

Attached is a November 9, 2020 memorandum on this subject and a synopsis prepared by Mr. Nelson summarizing the hand count audit that occurred on Saturday, November 7, 2020 for the November 3, 2020 General Election.

Also enclosed is detailed information regarding the number of ballots sampled as well as a number of races and polling places. Representatives of the Democratic, Republican and Libertarian parties met to select the precincts and early ballot audit batches to be used in the hand count audit.

Please note, in some cases there is a difference between the machine count and the hand count. This difference is accounted for in how the machine may interpret a vote versus a human. For example, examining Batch 8 of the hand count report for Presidential Elector, it shows the hand count and machine count being the same but with an absolute difference of 2. That difference arises from a difference of interpretation as to who the vote was intended for. For example, both ovals could have been filled, which would have the machine report an over vote or one of the ovals may have had an x through it, which then requires an Audit Board to interpret who the vote was actually cast for. These minor differences are typical of hand count audits. In almost all cases in attempting to reconcile machine counts versus human hand counts, it is often the human hand count has to be conducted several times with the error usually in the human tabulation process.

In summary, the results of the hand count audit were within the variance standard provided by the AZSOS Election Manual and law requirements.

# MEMORANDUM

## ELECTIONS DEPARTMENT

---

TO: Chuck Huckelberry, County Administrator

FROM: Brad R. Nelson, Election Director 

DATE: November 9, 2020

SUBJECT: Hand Count Audit of the November 2020 General Election

---

On November 7, 2020 Pima County conducted a hand count audit of the November 3, 2020 General Election. Per law, a formal report reflecting the outcome of that audit is to be forwarded to the Arizona Secretary of State for posting on the Secretary's web page. That report is provided with this memo for your review and possible comment.

In an attempt to briefly describe the hand count audit process, the following excerpt from the Arizona Election Procedures Manual (December 19 edition, page 213) is provided:

A limited precinct hand count and early ballot hand count audit must be conducted after each countywide primary, special, general, and PPE election and compared against the results from the electronic tabulation system, unless applicable exceptions apply. The purpose of the hand count audit is to compare the results of the machine count to the hand count to assure that the machines are working properly and accurately counting votes. Those conducting the hand count shall not be provided the machine count results of the batches of ballots they are hand counting prior to completion of the hand count of that batch. If the results from the hand count audit are within the "designated margin" of the electronic results for selected ballots, the hand count is deemed to have confirmed the accuracy of the electronic tabulation equipment, the hand count may cease, and the countywide electronic results are deemed the official results of the election. If the results from the hand count audit are outside of the designated margin, a second hand count of the same ballots is required, potentially followed by an expanded hand count and one or more jurisdiction-wide hand counts depending on the results.

As is reflected in the attached report, the hand count audit of November 3 General Election has assessed the electronic tabulation of ballots as accurate.

PIMA COUNTY  
Hand Count / Early Ballot Audit Report

**Synopsis:**

Pursuant to A.R.S. § 16-602 (B), Pima County conducted the hand count/early ballot audit for the November 3, 2020 General Election. Four percent of polling places were counted as required by the Pima County Board of Supervisors, which amounted to ten polling places out of 249 polling places.

The hand count began on November 4, 2020 when representatives from the Pima County Republican and Democratic Parties met to discuss the number of precincts and early ballot batches to be audited. On November 7, 2020 at 7:30 AM representatives of the Democratic, Republican, and Libertarian Parties met to select the precincts and early ballot audit batches to be counted. All ballots were accounted for in the central counting location before the selection process started. The selection order was chosen by lot, and the Republican Party was chosen to go first.

With the order established, the specific precincts to be counted were selected with the representatives from each party alternating the selection. Once the precincts were chosen, the early ballot batches to be audited were selected.

The master precinct and early ballot batch selection lists are attached for review. The physical hand count started at 9:00 AM on November 7, 2020 and was concluded at 3:00 PM on November 7, 2020. The tabulation method used was the stacking method. The hand count was conducted by 13 boards consisting of 3 to 4 members, of which not more than 2 members were from the same political party.

**Early Ballot Audit:**

One percent of early ballots were audited as per Arizona State Law. The early ballot audit consisted of 17 batches, each containing 250 early ballots. There were a total of 413,234 early ballots cast in Pima County on Election Day.

**Comments:**

The results of the early ballot audit and the precinct hand count were within the variance as defined by the Arizona Secretary of State.

A handwritten signature in black ink that reads "Brad R. Nelson". The signature is written in a cursive style with a horizontal line underneath the name.
