

MEMORANDUM

Date: October 9, 2020

To: The Honorable Kristen Randall
Presiding Constable, JP8

Re: **Constables Firearm Training – Clarification to my Previous Communication on this Subject**

My recent directive should reflect a requirement that constables provide proof of "firearm training" as opposed to "firearm certification."

New constables are required to complete firearms training within 6 months of assuming the position and then do other training annually.

The County can require proof of the completion of the initial training, including firearm training, and annual trainings thereafter as a condition of receiving and using a County firearm while on duty.

Constables are not to carry personal firearms while on duty unless they have first provided proof that they have completed firearm training.
