# MEMORANDUM

---

Date: September 4, 2020

To: The Honorable Chairman and Members  
Pima County Board of Supervisors

From: C.H. Huckelberry  
County Administrator 

Re: **Monthly Felony Case Additions by Law Enforcement Agency and Leading Charge**

Director of Public Defense Services Dean Brault is compiling information that I have asked him to produce on a monthly basis to add increased information and transparency to the criminal justice system.

This information will be provided for all new felonies charged during a particular month and segregated by type. In addition, the referring law enforcement agency will also be highlighted. This information will be useful in evaluating workload inputs into the criminal justice system, the type and distribution of crimes that are occurring within the community as well as the referring law enforcement agency.

As you can see from the attached information, for the months of April, May and June, the typical number of felony referrals occurs most through the Tucson Police Department at approximately 300 per month, followed by the Pima County Sheriff's Department at approximately 125 per month. The predominant crime type is burglary/robbery followed closely by assault.

I believe this information will add to our knowledge of the operation, efficiency as well as equity of the criminal justice system.
