For the week ending September 24, 2021, last Friday, 4,694 employees have been vaccinated, that is 75 percent of those eligible, a slight increase from the last report. Attached is a list of those departments that report COVID-19 vaccinations in descending order from least to most vaccinated. The department with least number of employees vaccinated is also the department with the most number of employees, the Sheriff.

Coincidentally, the COVID-19 infections from last week totaled 13, 8 of which were Corrections Officers or Sheriff employees of those 13 infections, 5 were from vaccinated employees 8 were from non-vaccinated. Total number of infections for employees to date is 966 out of an active employee list of approximately 6,700 which is a 14 percent positivity rate.
