Re: **City of Tucson Differential Water Rate Lawsuit Update**

As I communicated to you on April 4, the hearing on the motion to compel arbitration was held today in Maricopa Superior Court. I attended remotely.

Judge Randall Warner posed a few questions to both parties related to how the 1979 and 2000 IGA provisions are relevant to compel arbitration and the historical relationship between sewer and water. Judge Warner concluded that he would take the information under advisement and provide a ruling, not indicating when that might occur.

Please let me know if you have any questions.
