Re: **Kino Sport Complex Documents for Your Information and Review**

The first enclosed document (Attachment 1) relates to appropriate signage over the pedestrian overpass that connects the north and south sides of the Kino Sports Complex (KSP). It is an identifier that brands the KSC. Staff has received a number of favorable comments regarding this identifier, particularly for those who are looking for the facility for the first time for sports, concerts or other community events.

Attachment 2 is a dynamic booking schedule, and it shows the intense use of the KSC for community and other uses related to professional and amateur sports; whether it be baseball, soccer, rugby or any number of community activities. As you can see, there are a number of events planned for the facility, extending into 2018.

Finally, Attachment 3 is attendance information from various events held at the KSC for the month of July. Between participants of sporting events and spectators, over 6,000 individuals attended. In addition, over 13,000 tickets were issued for sporting events at the stadium, which is an indicator of attendance at paid games.

Clearly, the KSC is used extensively by the community.
