MEMORANDUM

Date: July 26, 2013

To: The Honorable Chairman and Members
Pima County Board of Supervisors

From: C.H. Huckelberry
County Administrator

Re: **Take-home Vehicle Information**

Attached is a memorandum containing take-home vehicle information recently compiled at my request by our Fleet Services Department. This information includes the number of take-home vehicles by department and the name of every employee who has a take-home vehicle.

As you will see, the County's on-road vehicle inventory totals 1,639 vehicles. Of these, 664 have take-home status, which means they are used by employees to travel to and from work or job assignment. Of the 664 take-home vehicles, 505 are related to the Sheriff's Department. If the County Attorney, Indigent Defense and Constable's are added, the criminal justice agencies of the County account for 557 of the take-home vehicles, or 84 percent of the total.

In addition, Internal Revenue Service regulations require that we submit 1099 information for the benefit to employees associated with take-home vehicles, except for specifically marked law enforcement vehicles or other specially equipped vehicles. Of the 664 take-home vehicles, 122 report to the Finance and Risk Management Department for 1099 income reporting purposes.

CHH/mjk

c: John Bernal, Deputy County Administrator for Public Works
Frank Samaniego, Director, Fleet Services
Tom Burke, Director, Finance and Risk Management
Lauren Eib, Risk Manager, Finance and Risk Management

MEMORANDUM

FLEET SERVICES DEPARTMENT

DATE: July 8, 2013

TO: Chuck H. Huckelberry
County Administrator

FROM: Frank Samaniego, Director
Fleet Services Department

THROUGH: John M. Bernal
Deputy County Administrator

RE: Take Home Vehicles

As requested I have compiled a report of the County personnel and vehicles that are used as a take home vehicle on a regular basis. In addition, I have attached a Take Home Vehicle Tracking and Reporting Administrative Procedure and addendum with a summary and comparison of data from Finance on those vehicles reported to the IRS. For this report I defined a take home vehicle as a vehicle that was driven more than five days home a month.

Please let me know if you require any other information.

ADMINISTRATIVE PROCEDURES

Procedure Number: 49-12

Effective Date: 07/05/2013
Revision Date:

County Administrator

SUBJECT: **TAKE HOME VEHICLE TRACKING AND REPORTING**

DEPARTMENT RESPONSIBLE: **ALL COUNTY DEPARTMENTS**

1. PURPOSE

The purpose of this procedure is to establish the guidelines that are to be followed by all County departments when reporting vehicles that are driven home by County employees. This procedure also sets guidelines for tracking and reporting take home vehicles.

2. DEFINITION

2.1 Take Home Vehicle – County vehicle that is assigned to a County employee on a permanent or temporary basis and is driven home a minimum of five days or more per month.

3. PROCEDURE

3.1 All County departments are required to provide a list of employees who take home County vehicles per the definition listed in paragraph 2.1.

3.2 In addition to providing the employee name; EIN, Job Classification, Vehicle Year/Make/Model, License Plate, Property Number (PN) and justification must be provided. A form titled "Take Home Vehicle Information" is available on the Fleet Services Intranet site to facilitate with the reporting of the required data.

3.3 Departments are required to submit this data to Fleet Services on a monthly basis. Fleet Services will send a reminder during the last week of the month requesting the data be provided no later than the 5th of the following month.

3.4 Fleet Services will maintain a Take Home Vehicle Database that will be used for analysis, tracking and reporting of take home vehicles.

4. REPORTING

4.1 Fleet Services will provide a fiscal year-end annual report to the County Administrator providing key information regarding take home vehicles.

4.2 Monthly/quarterly reporting will also be available at the request of County Administration.

5. RESPONSIBILITIES

5.1 County Departments are responsible for providing complete and accurate take home vehicle data to Fleet Services on a monthly frequency.

5.2 Fleet Services is responsible for maintaining a Take Home Vehicle Database; analysis of data; and fiscal year reporting to County Administrator.

Addendum A

Take Home Vehicle Report - June 30, 2013

Background

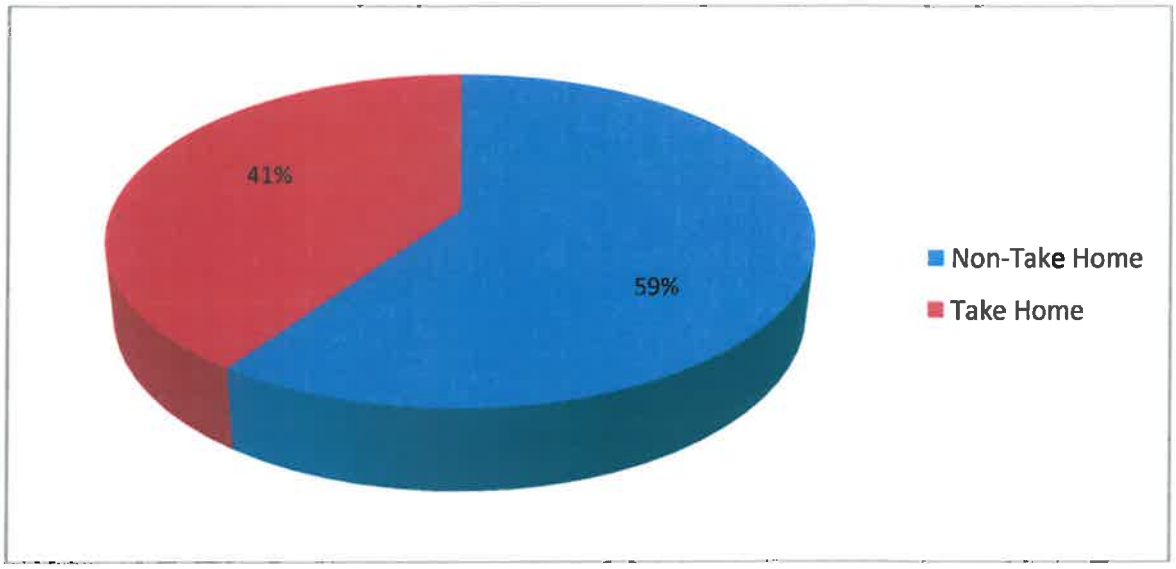
At the request of the County Administrator, effective June 2013 Fleet Services will track, compile data and report the use of take home vehicles by all Pima County Departments.

Administrative Procedure 49-12 documents this process.

Primary data sources for this report are: department inputs and Fleet Services Fleet Management System (Faster). Faster is Fleet Services system of record for vehicle asset management as well as the financial interface with AMS for monthly billing of asset utilization.

I. Faster equipment records indicate 47 departments have on-road vehicles assigned to them. Fleet Services received responses from all departments.

II. 1,639 on-road vehicles are currently assigned across all 47 departments; 664 vehicles were identified as take home vehicles by reporting departments. Graph below is representative of take home versus non-take home vehicles.



III. The Sheriff Department has the highest quantity of take home vehicles; currently, 727 on-road vehicles are assigned to the Sheriff of which 505 vehicles have been identified as take home vehicles, 69%. The Sheriff Department began assigning vehicles to commissioned personnel in 1979. The Assigned Vehicle Program provides many benefits that were outlined in an extensive study completed by the Sheriff Department in November, 2011. Some of the benefits noted:

- Increased police presence
- Improved patrol shift transitions
- Improved operational mobility and flexibility
- Improved emergency response and control
- Improved command and control
