To: The Honorable Chair and Members  
Pima County Board of Supervisors

Re: **City of Tucson's Service Line Warranty Program**

The City of Tucson has entered into an agreement with an affiliate of the League of Cities and Towns to provide a Service Line Warranty Program. The program is provided by a private contractor, and the City receives a fee for each individual who purchases the insurance. The County is not affiliated with this program.

You and your staff may receive inquiries from constituents who live in the City limits, particularly since the program was originally conceived as a water service line warranty program and is likely to be expanded for house sewer connections or sewer service lines.

If any inquiries are received, please indicate the County has no position on this matter, and the program is not in any way sponsored by the County.
