Grant Funding from the Arizona Department of Emergency and Military Affairs for the Open Space Acquisition Around Davis-Monthan Air Force Base

Background

In May 2004, then-Governor Janet Napolitano signed House Bill 2140 to establish the Military Installation Fund (MIF). The MIF provides State funding to acquire lands and properties that directly impact the function of Arizona military installations.

Davis-Monthan Air Force Base (DMAFB; Base) is important to the economic vitality of this community. Pima County continually supports efforts to secure the long-term survival of the Base. However, concerns with cost of operations and noise impacts could affect the future of the Base.

DMAFB currently leases approximately 100 acres of land adjacent to and at the end of its existing runways from private property owners and another 133 acres of land from the State of Arizona. If these existing property owners denied DMAFB future leases, the Base would no longer be able to complete its assigned mission without significant investment to relocate the roadway system that supports activities along the runway; potentially resulting in Base closure and a devastating economic impact to the community.

Staff would like to submit an application to the Arizona Department of Emergency and Military Affairs for MIF grant funding to acquire some of the leased parcels around DMAFB to protect Base operations in the community.

If Pima County's MIF application is awarded, Pima County will use the grant to cover costs associated with this open space acquisition. Pima County would own the acquired space and lease it back to the Base for a nominal annual fee to continue efforts in preserving Base operational viability and prevent urban encroachment around the Base. Pima County will not be required to match any funds received, nor will the County use its funds for costs associated with the acquisition.

If the Arizona Department of Military Affairs does not select the County's application, no property will be purchased with the MIF at this time.

Recommendation

I recommend the Board of Supervisors approve Resolution No. 2015-____ authorizing County staff to submit an application for Military Installation Funds to the Arizona Department of Emergency and Military Affairs.
